

Posterior Distribution, niter = 135
Low number of iterations, use with caution

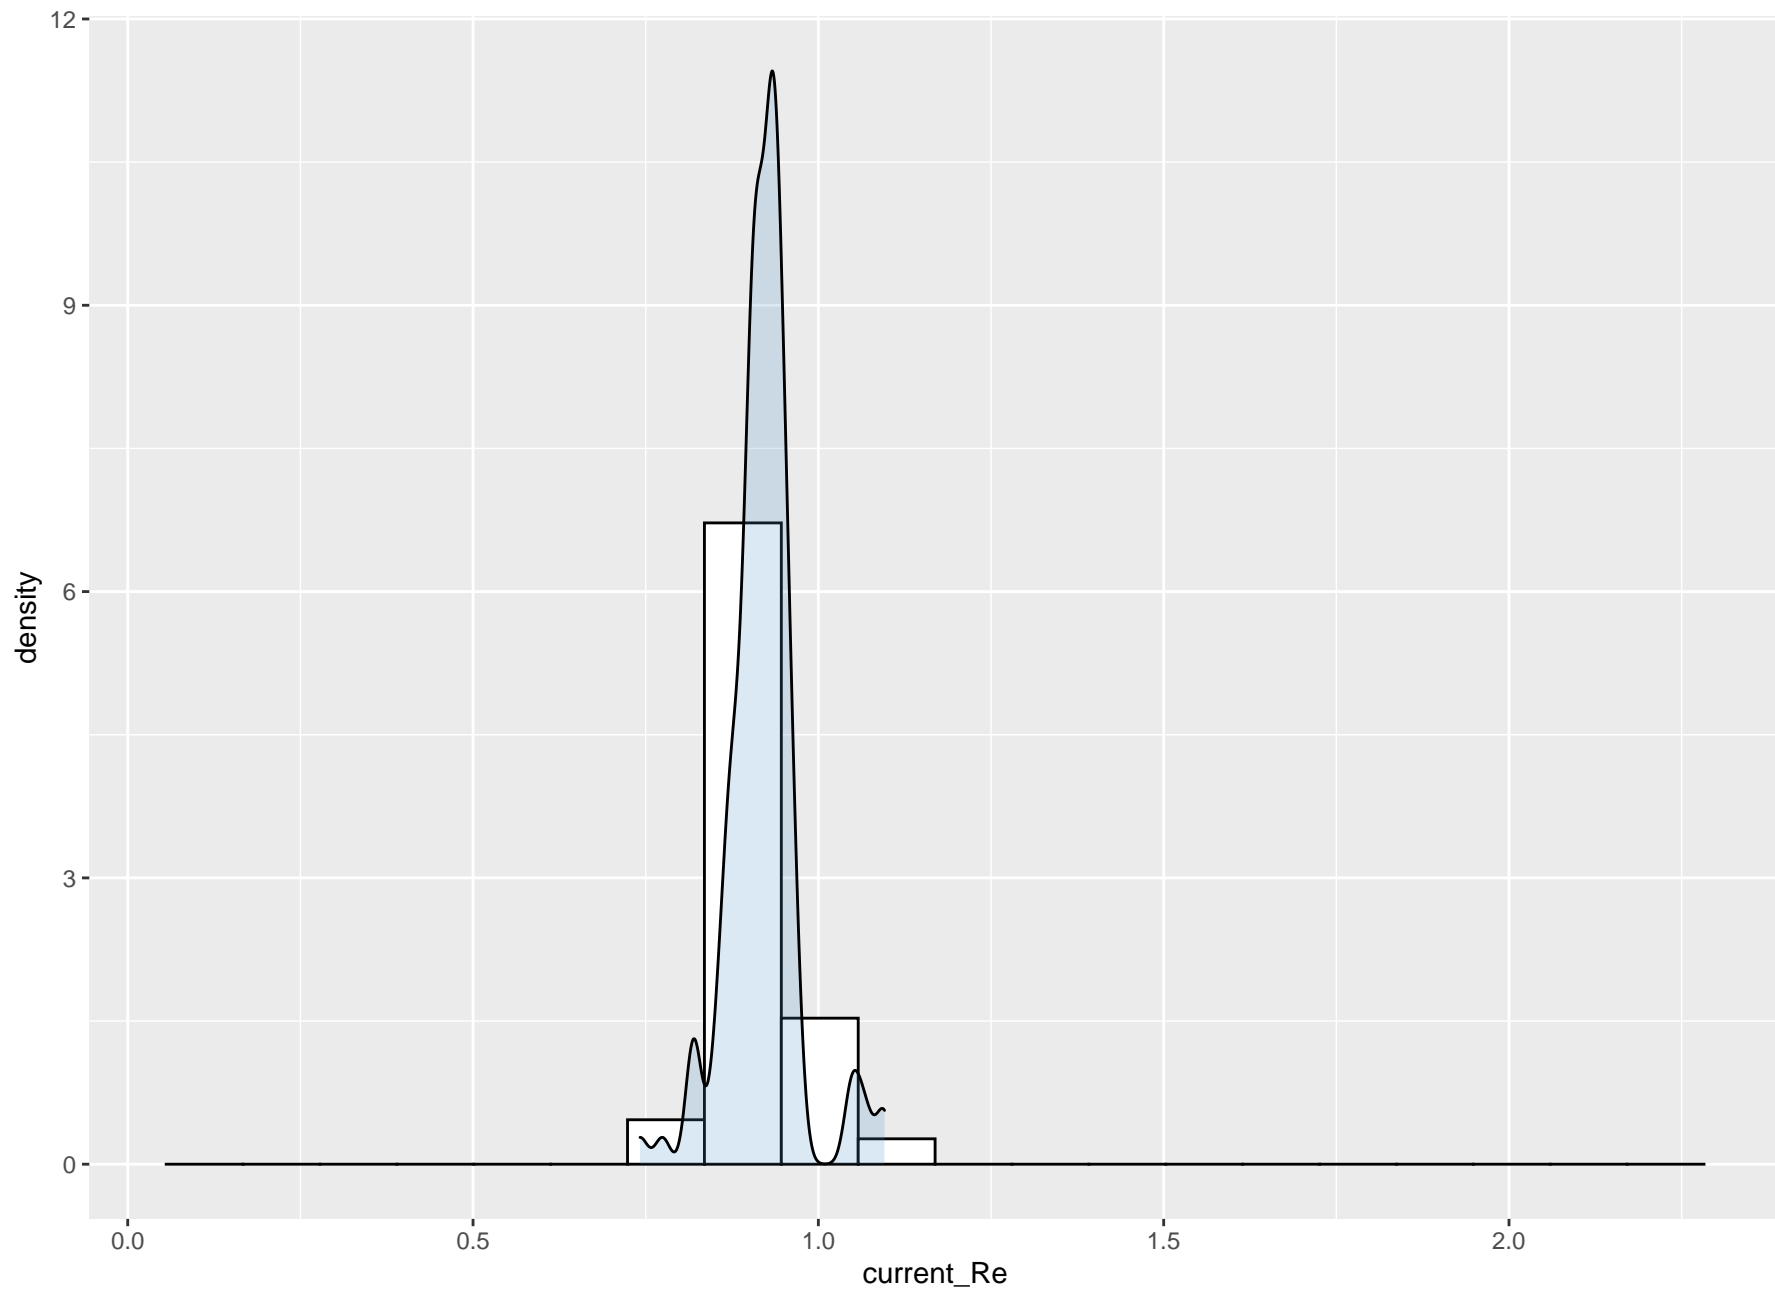

Upper Bound and Lower Bound are from "Hospitalization Data" sheet in Excel input

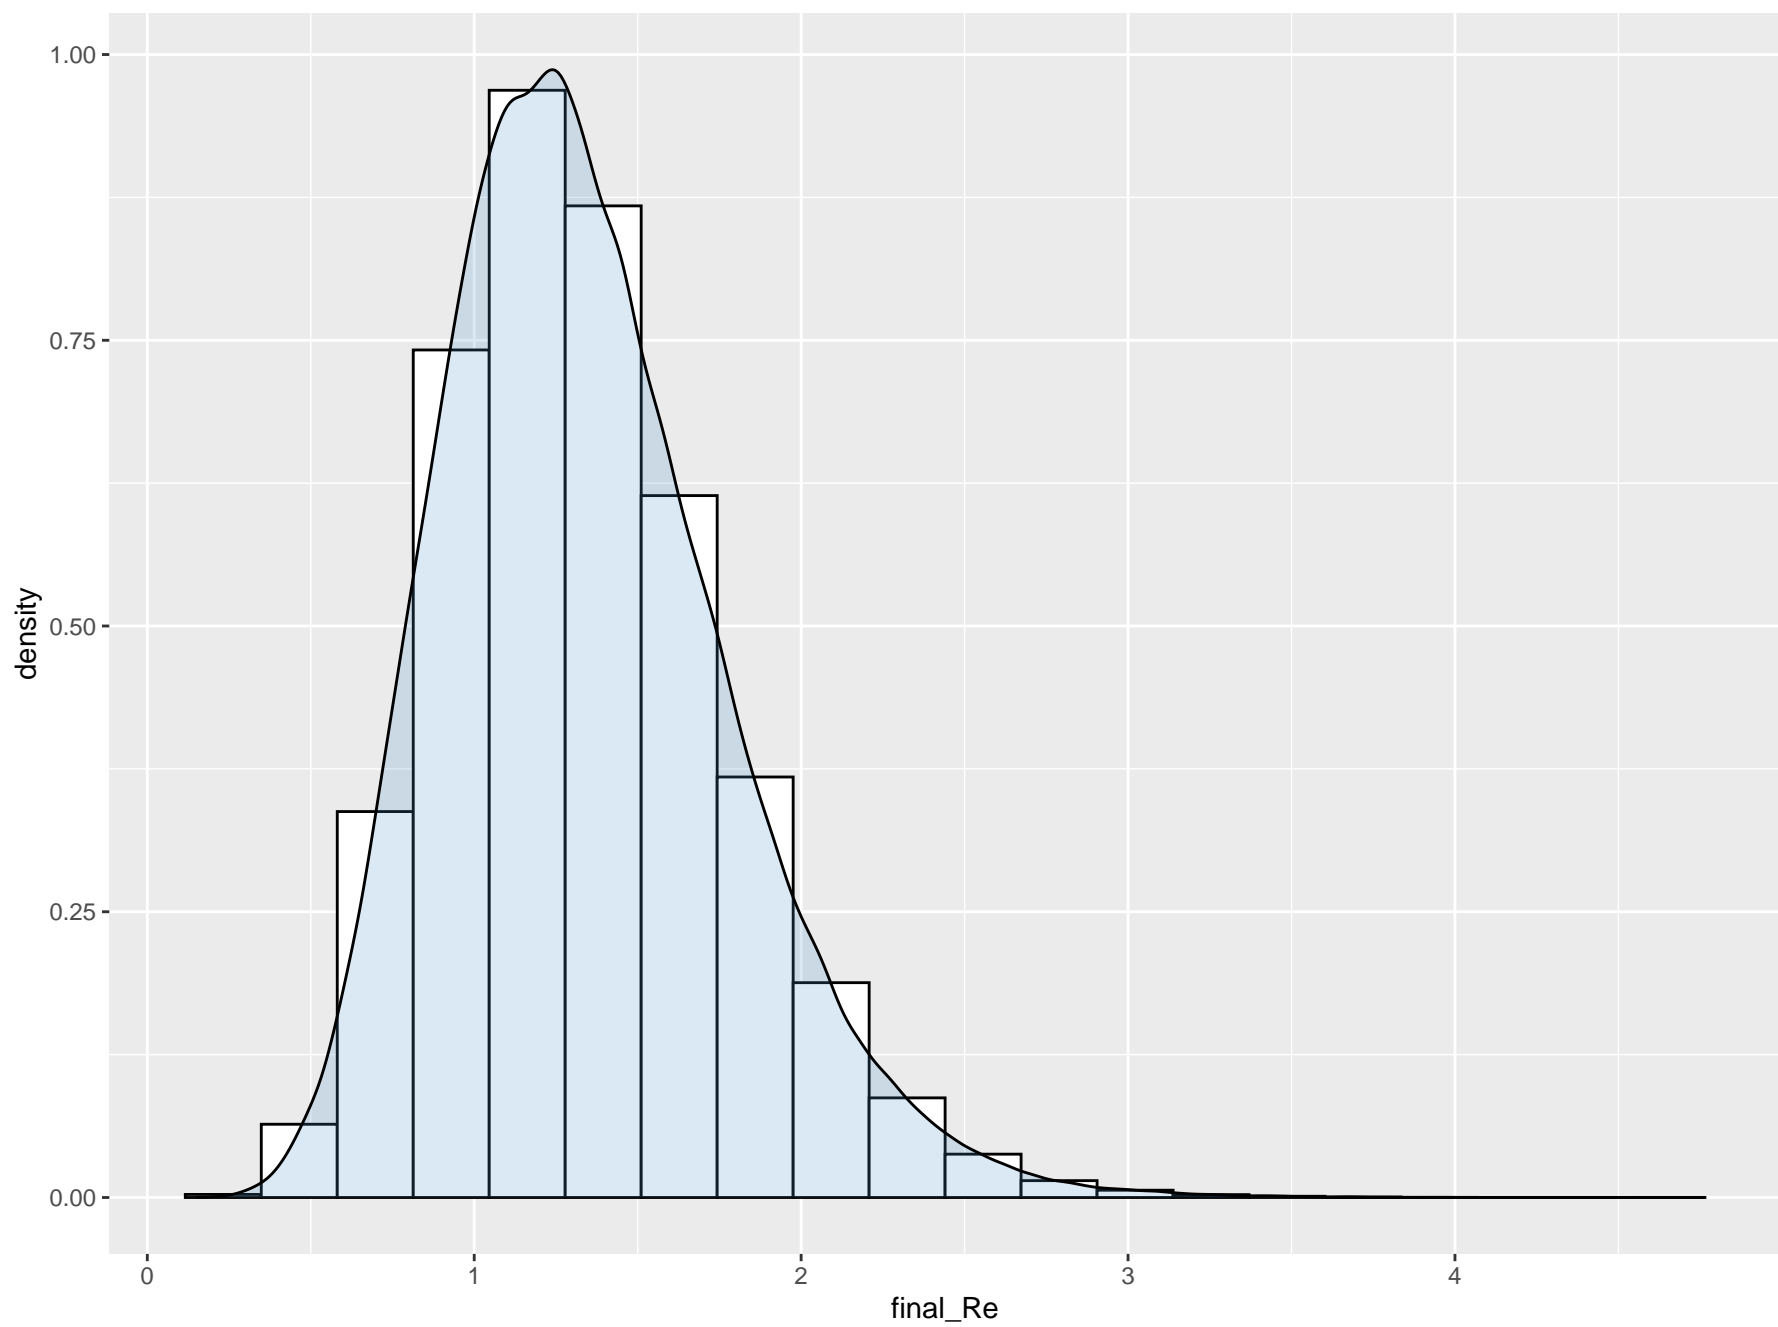

Prior Distribution, niter = 200000

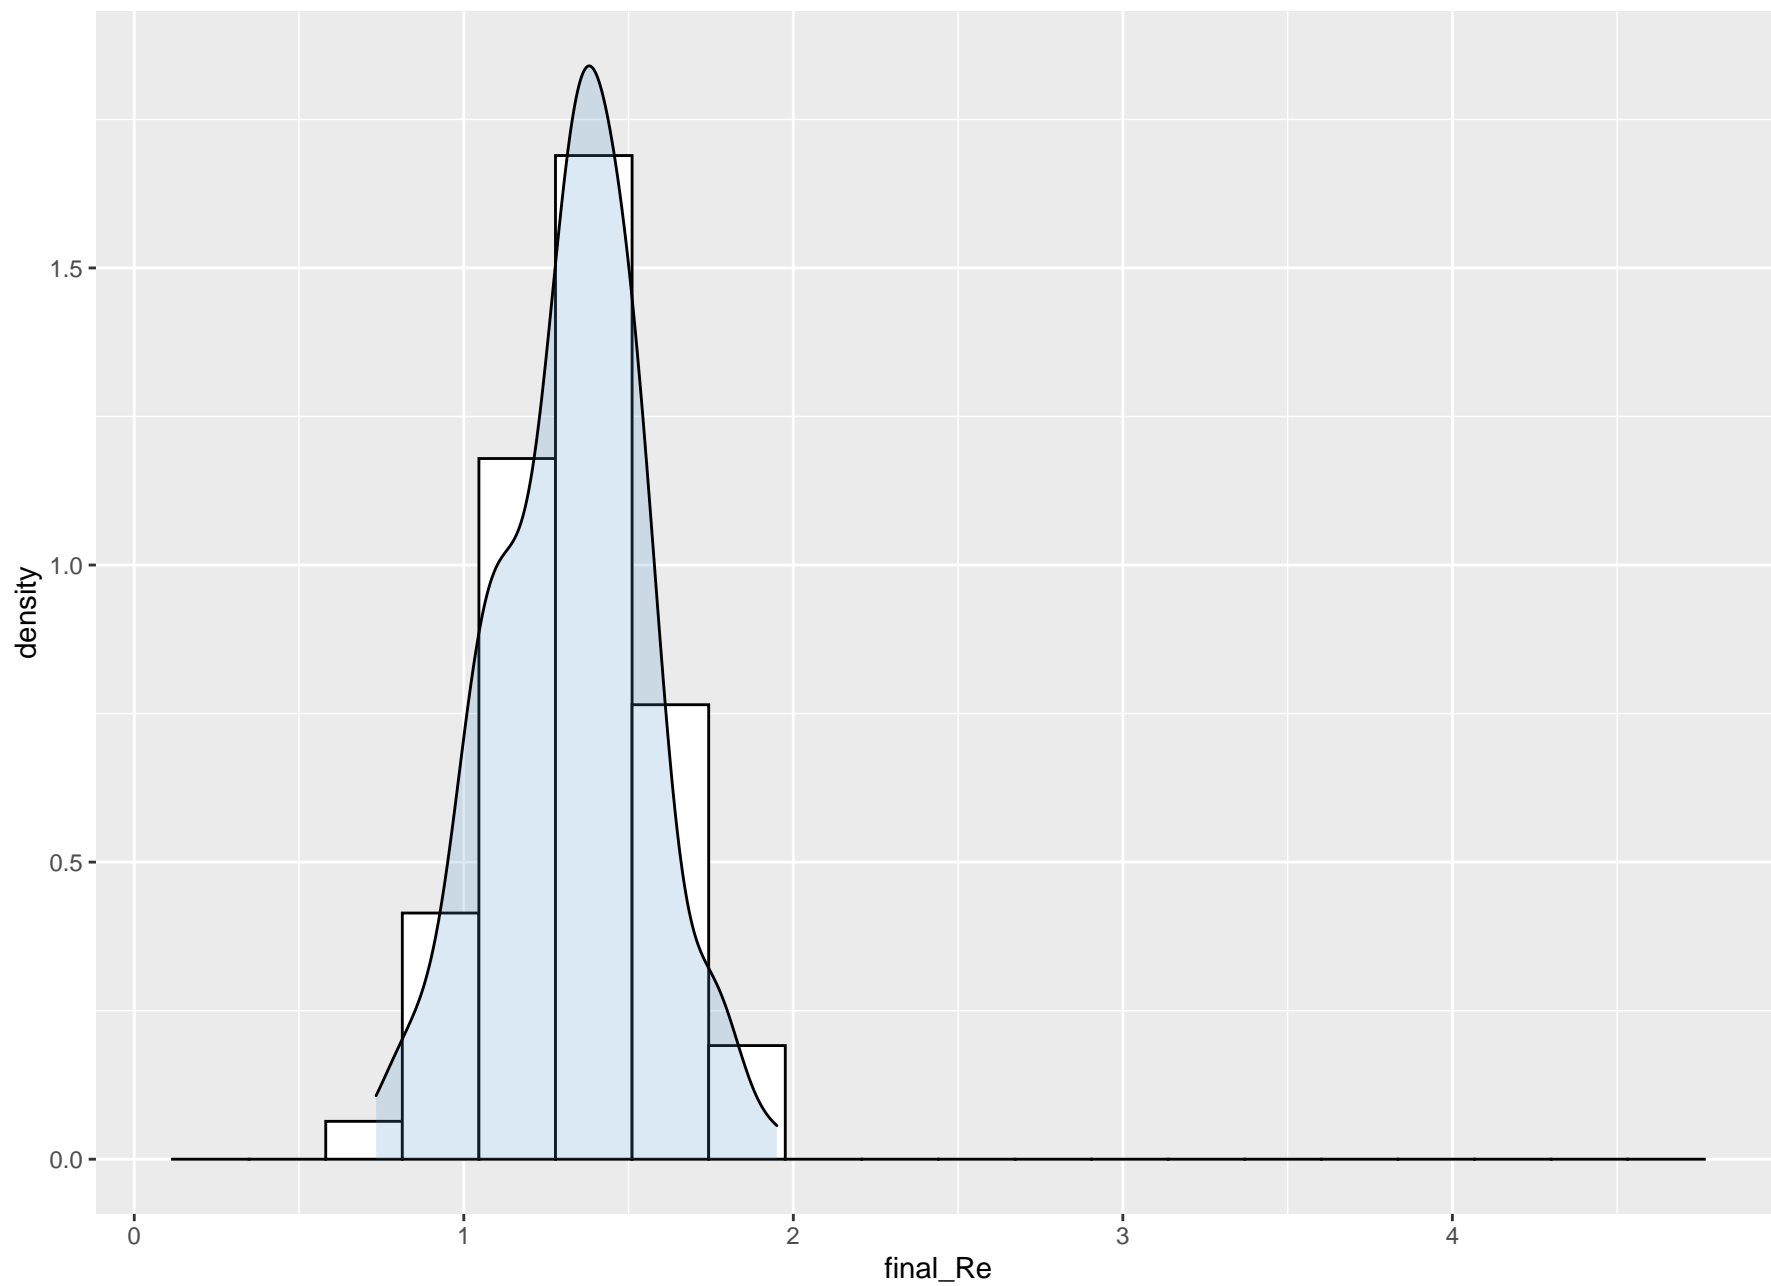

Posterior Distribution, niter = 135
Low number of iterations, use with caution

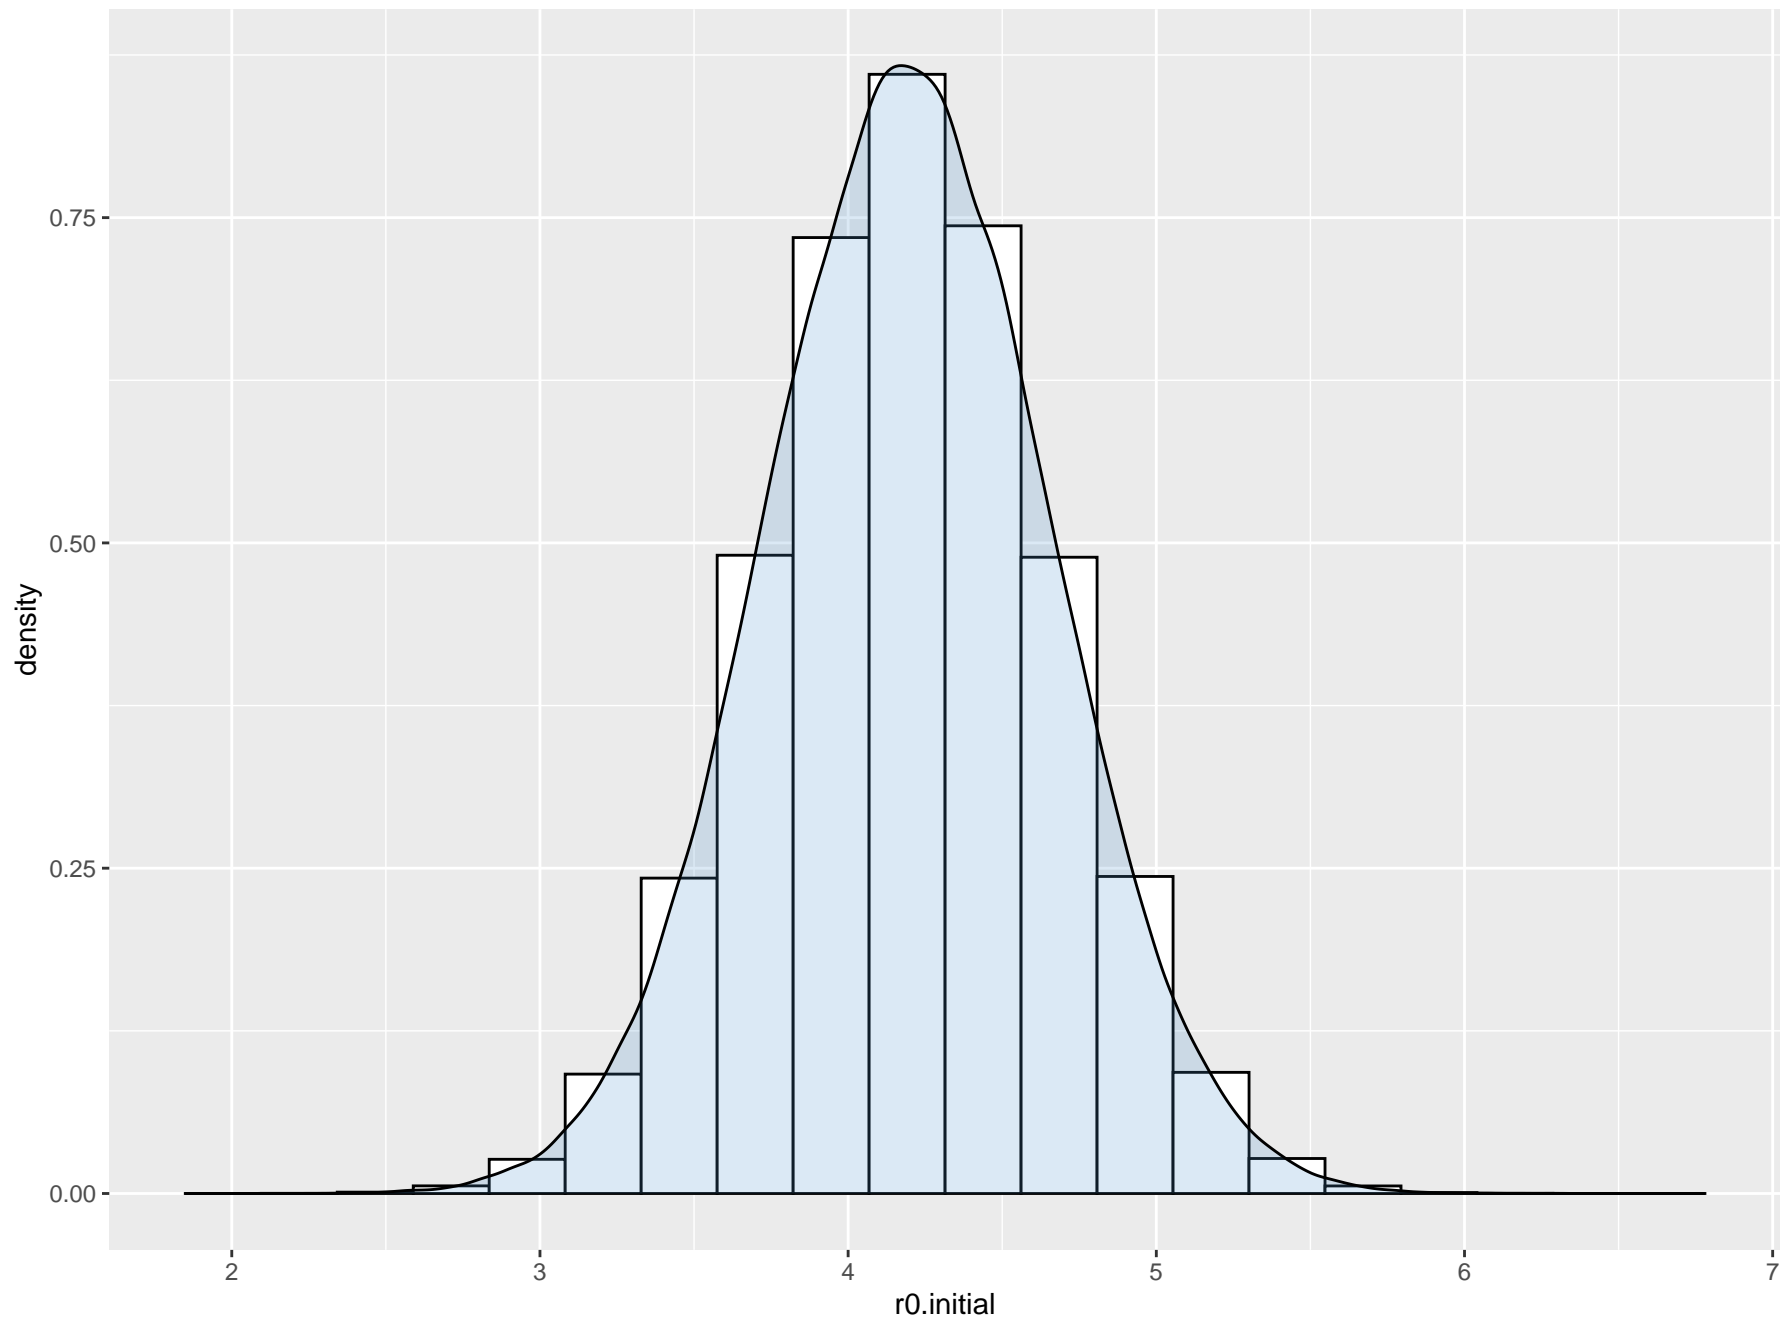

Prior Distribution, niter = 200000

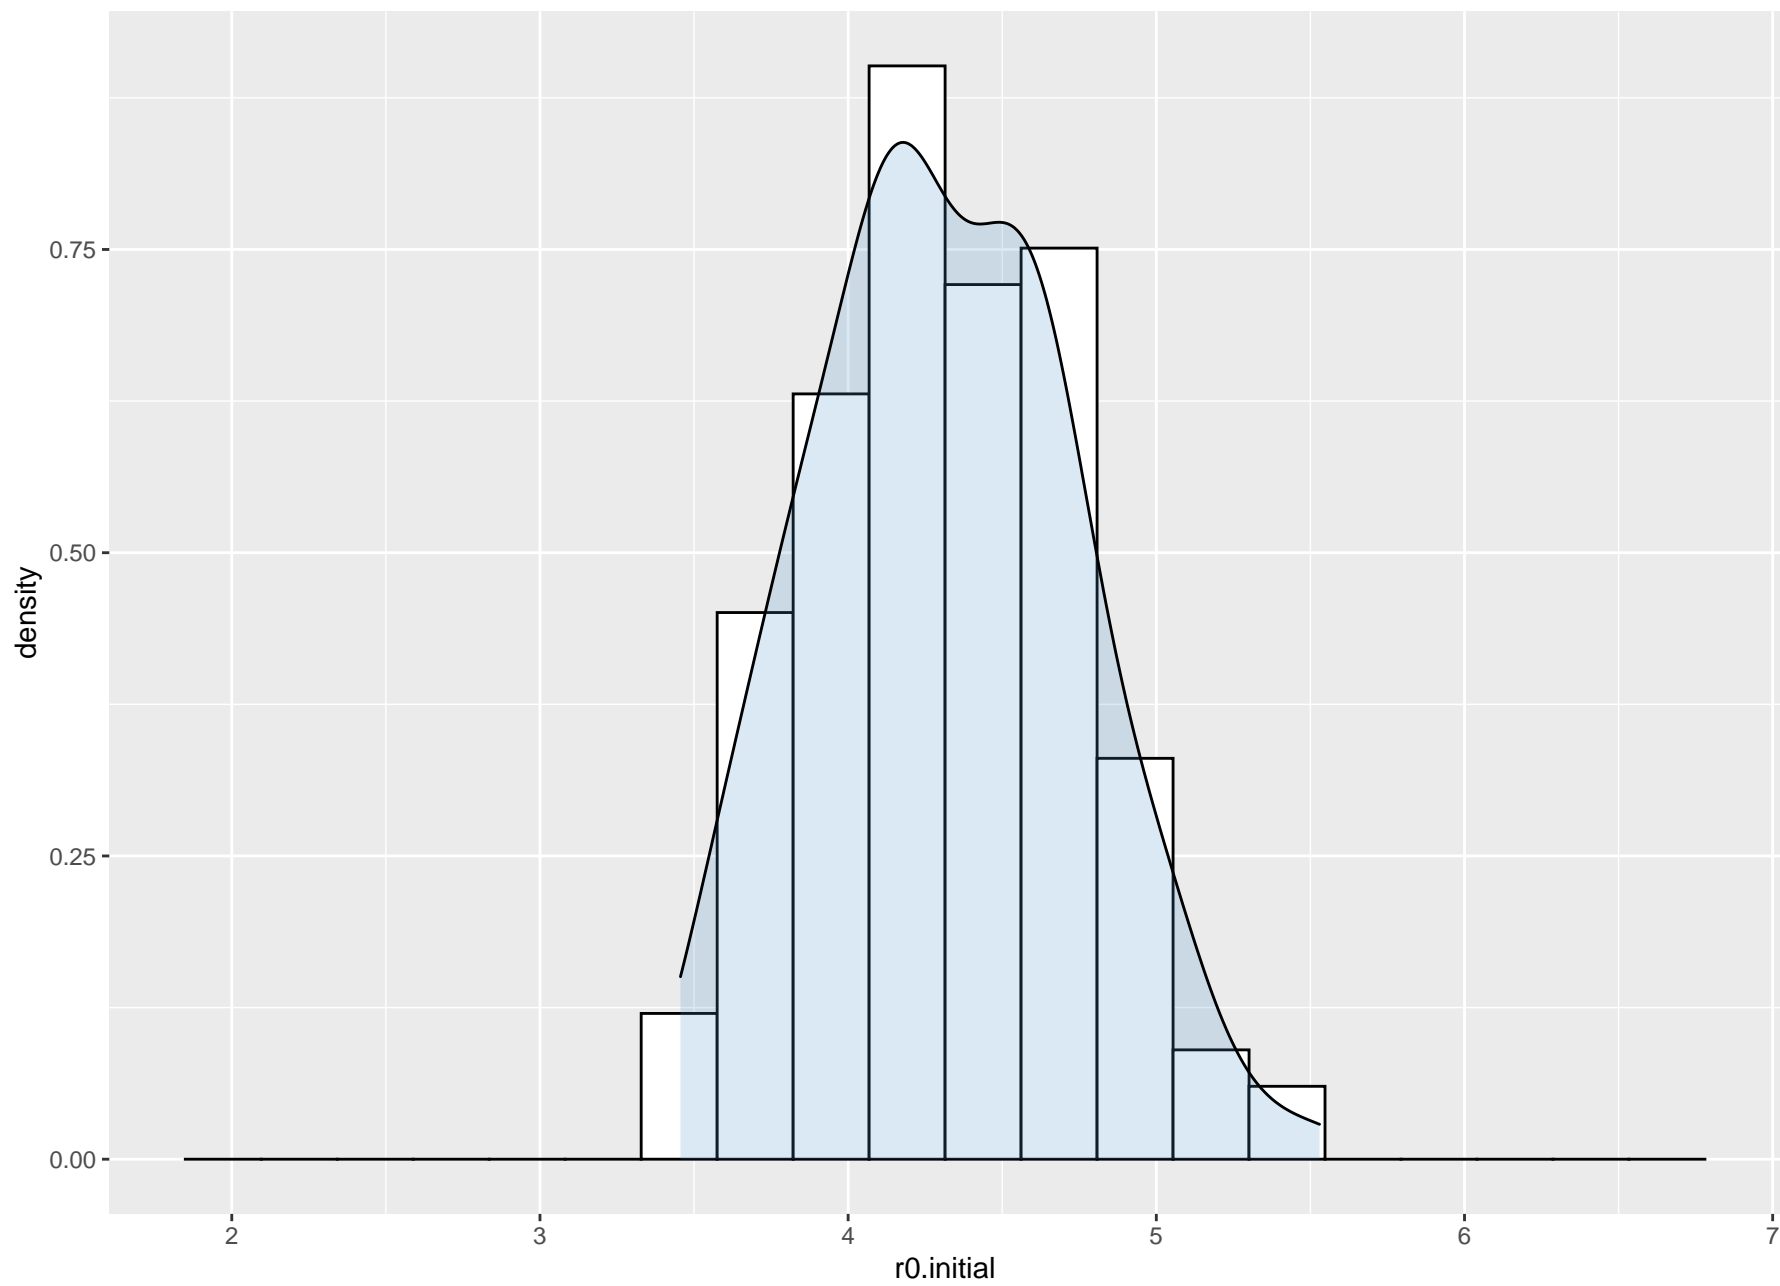

Posterior Distribution, niter = 135
Low number of iterations, use with caution

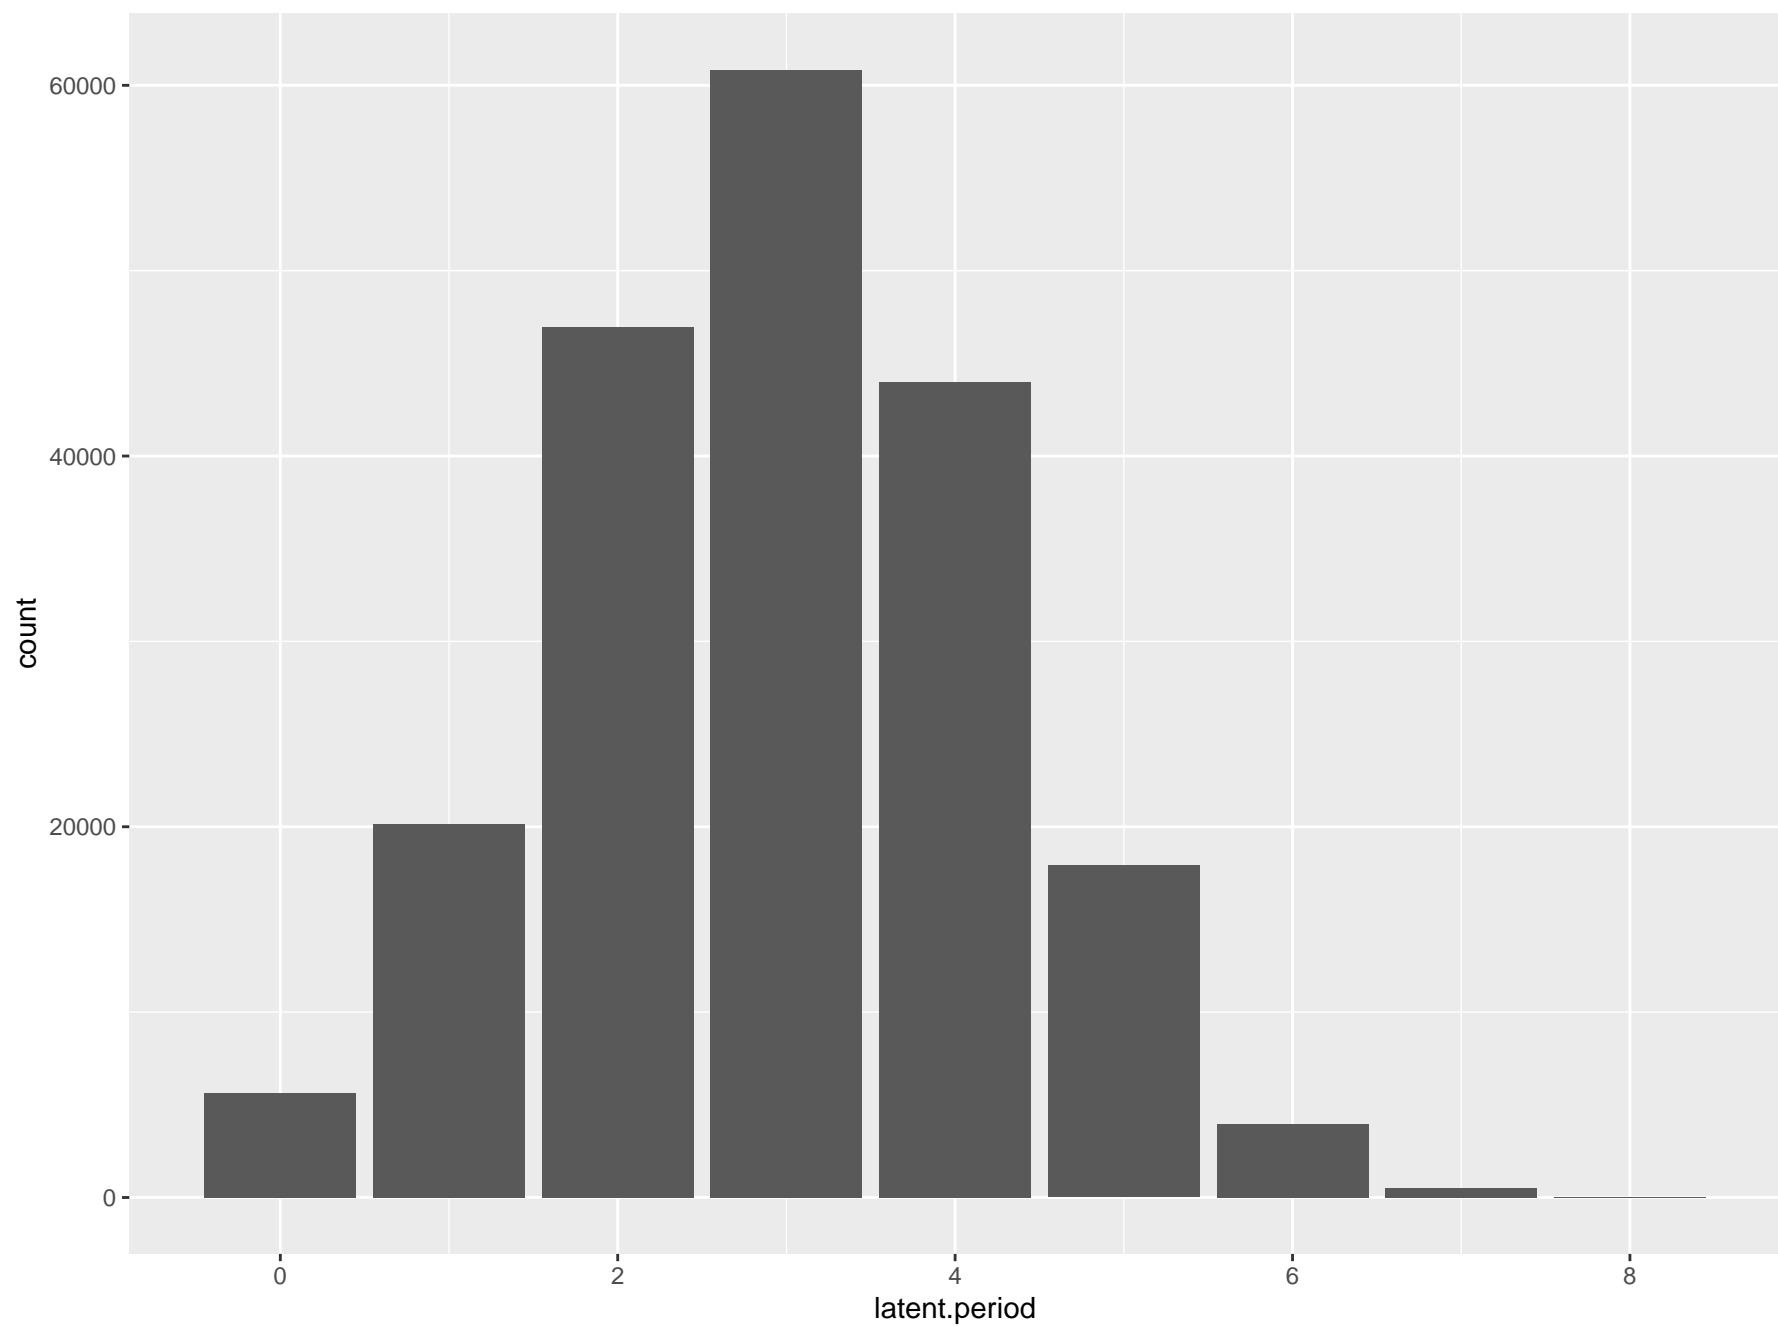

Prior Distribution, niter = 200000

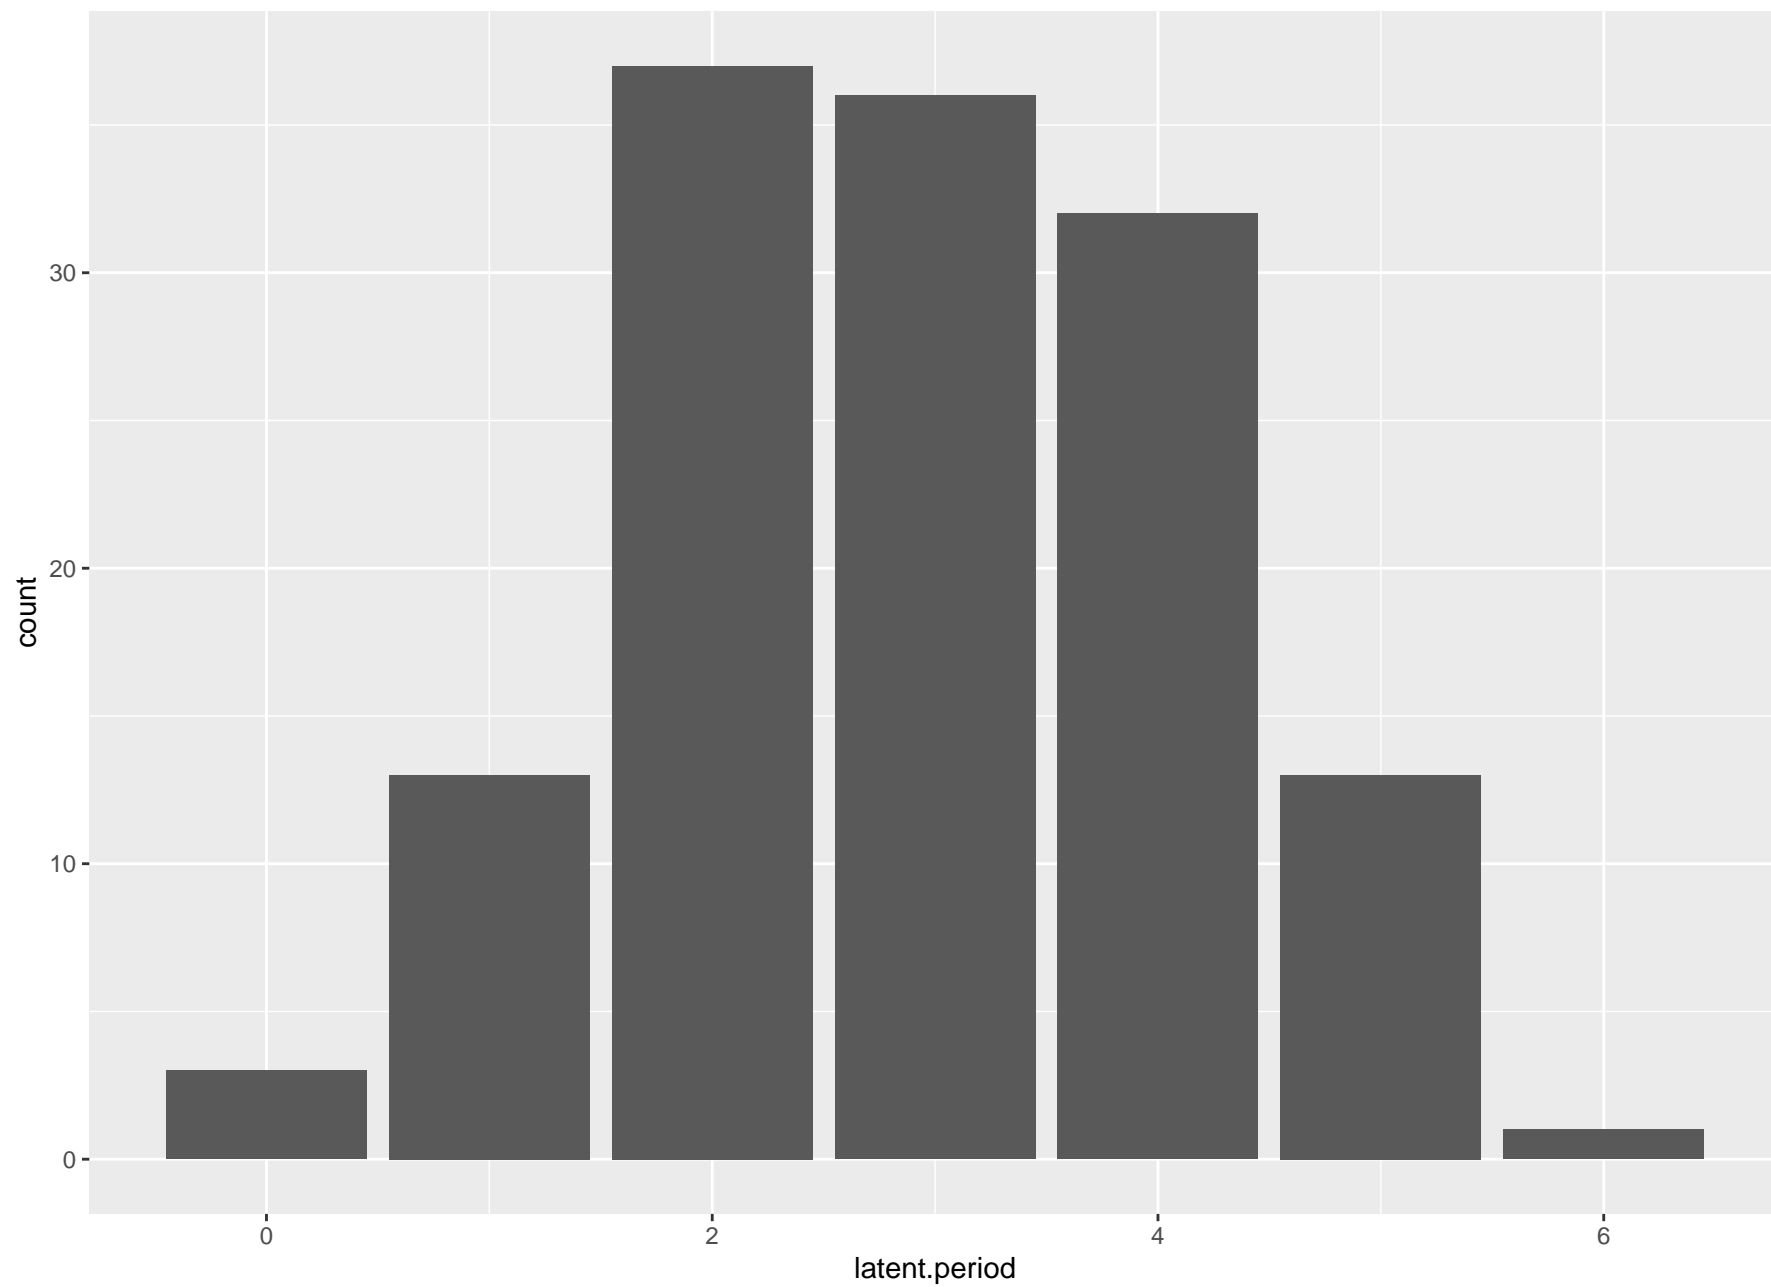

Posterior Distribution, niter = 135
Low number of iterations, use with caution

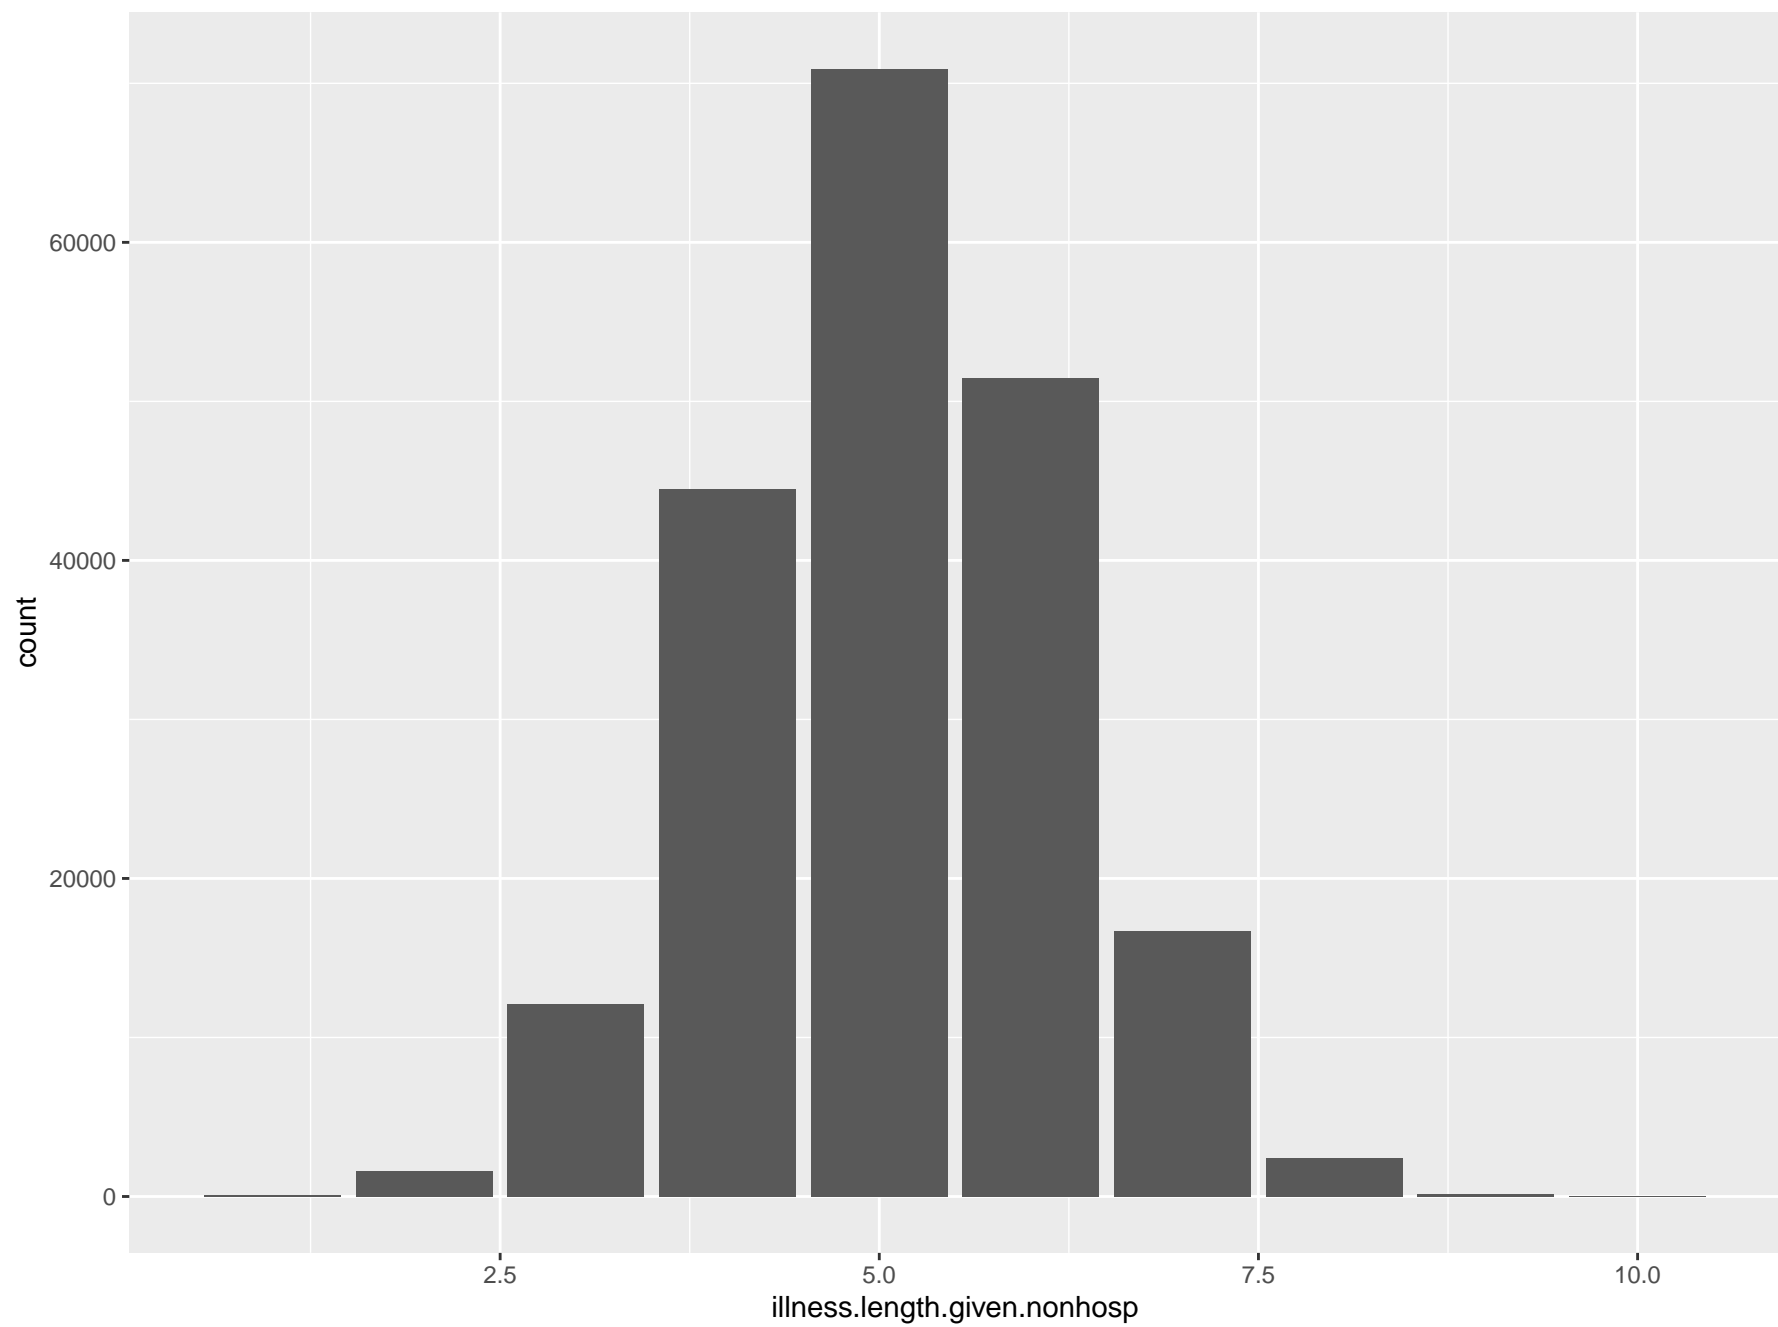

Prior Distribution, niter = 200000

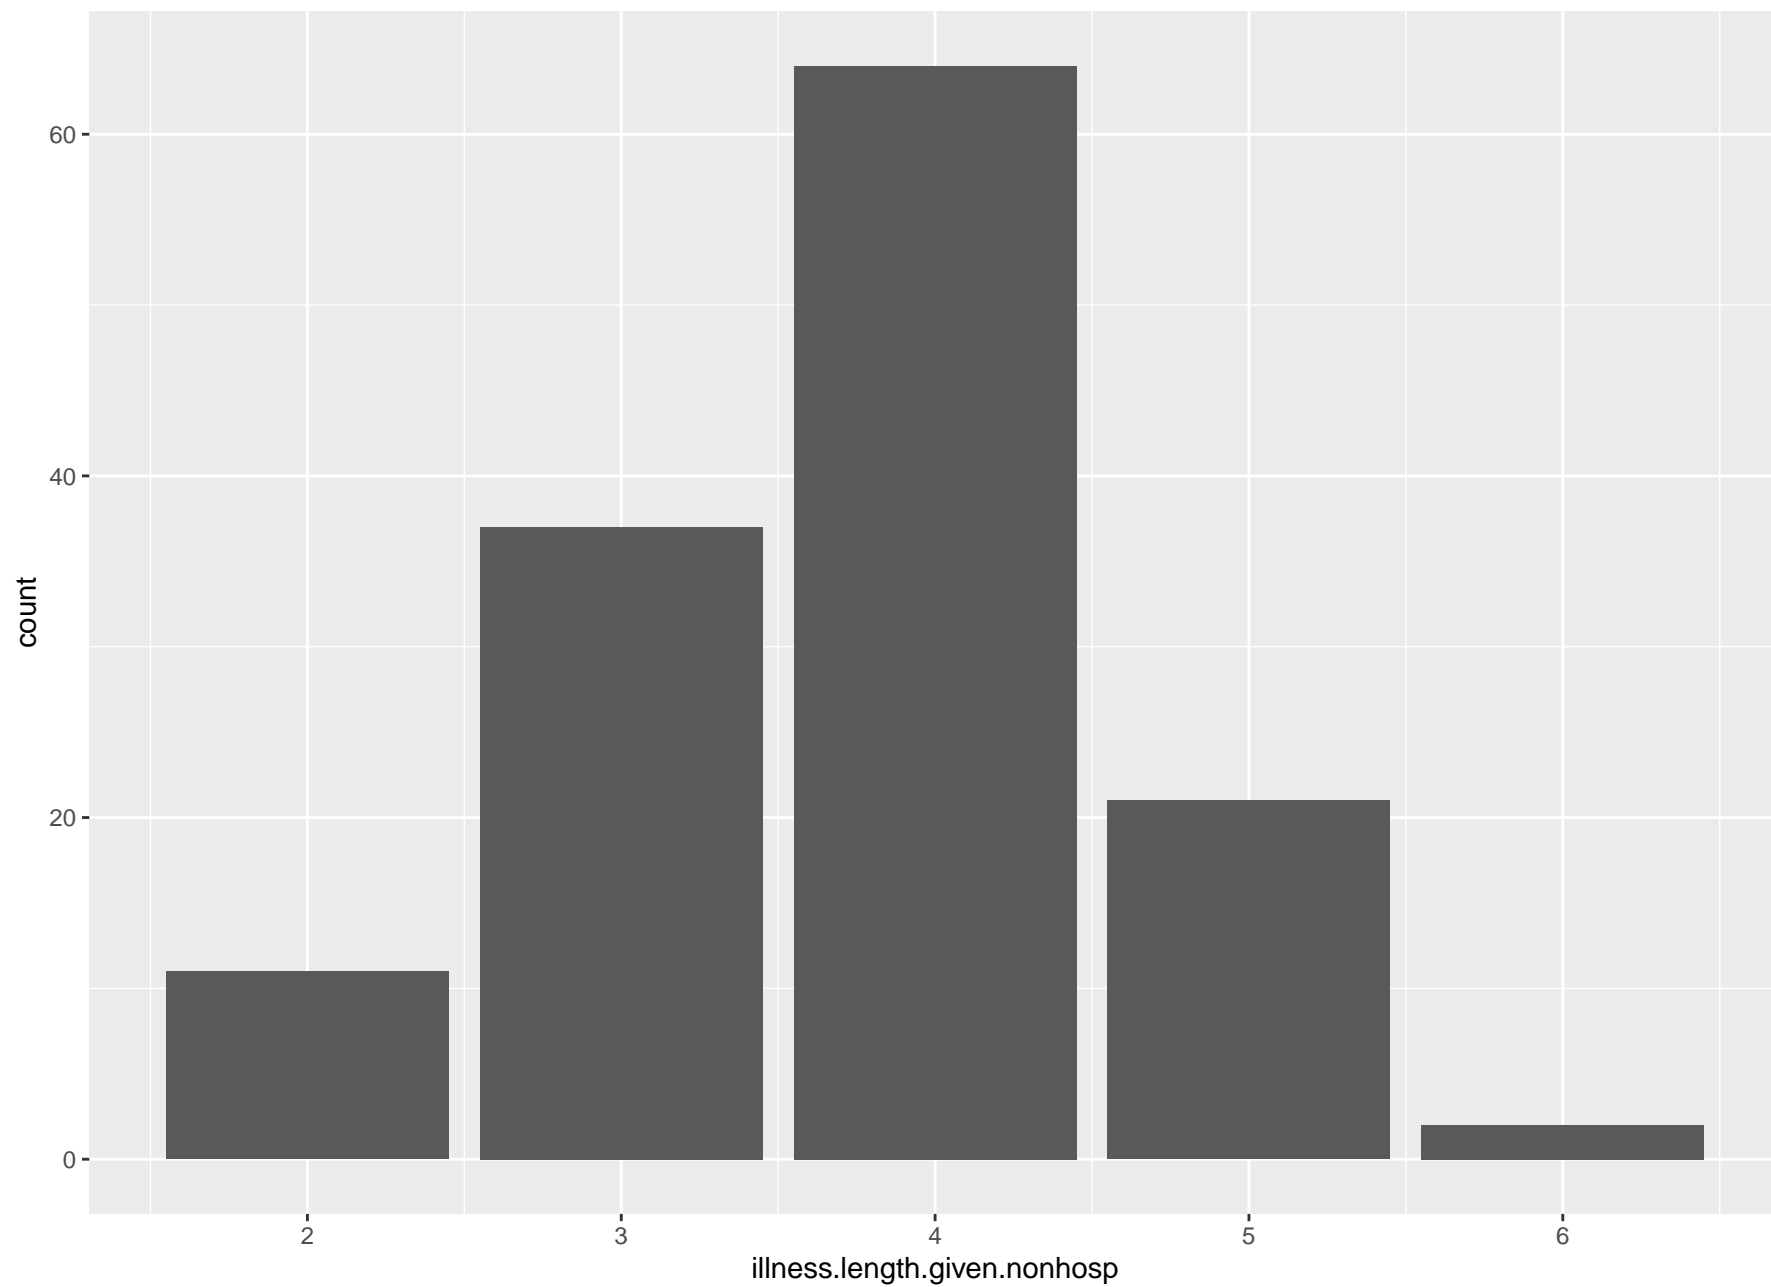

Posterior Distribution, niter = 135
Low number of iterations, use with caution

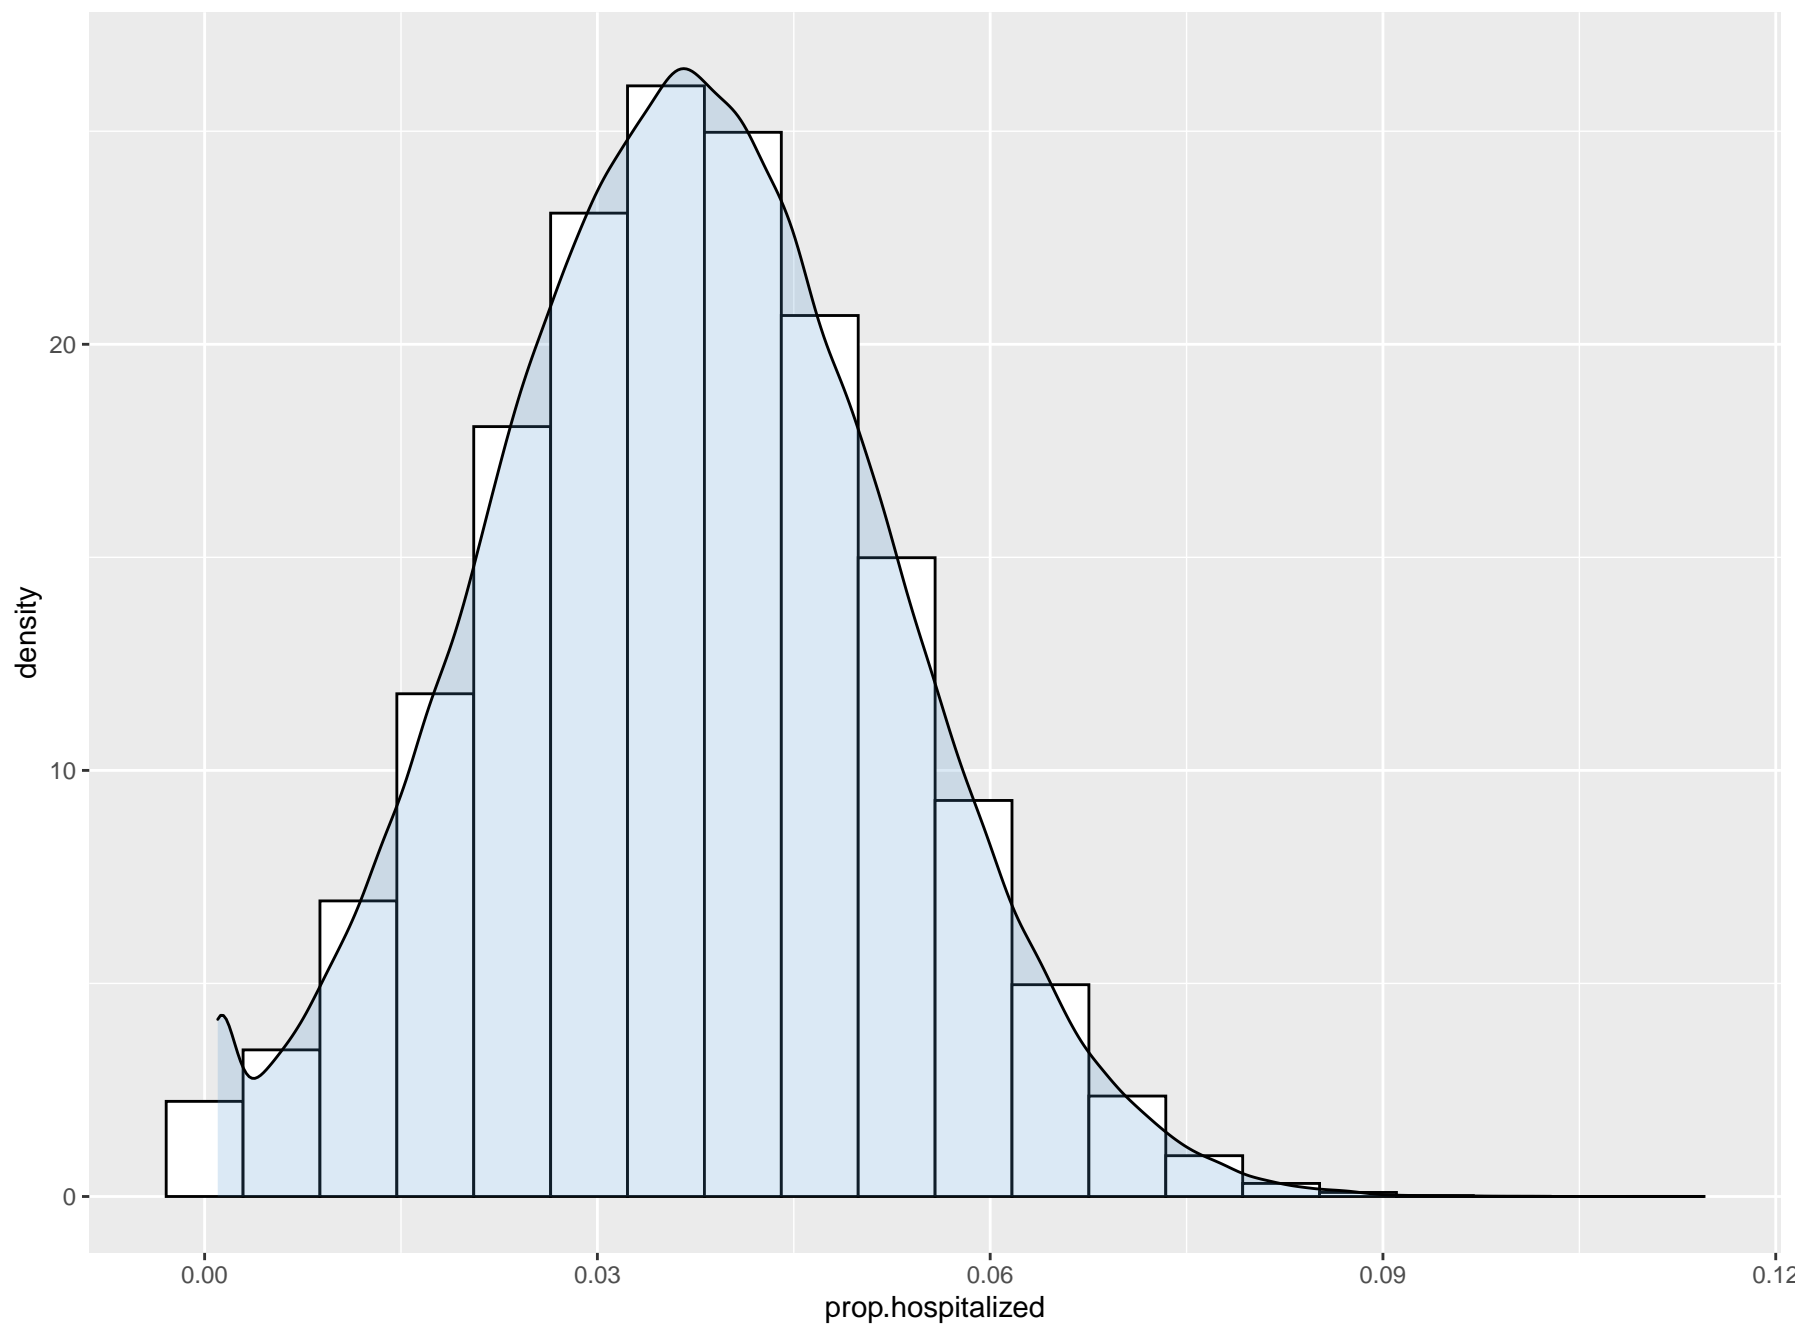

Prior Distribution, niter = 200000

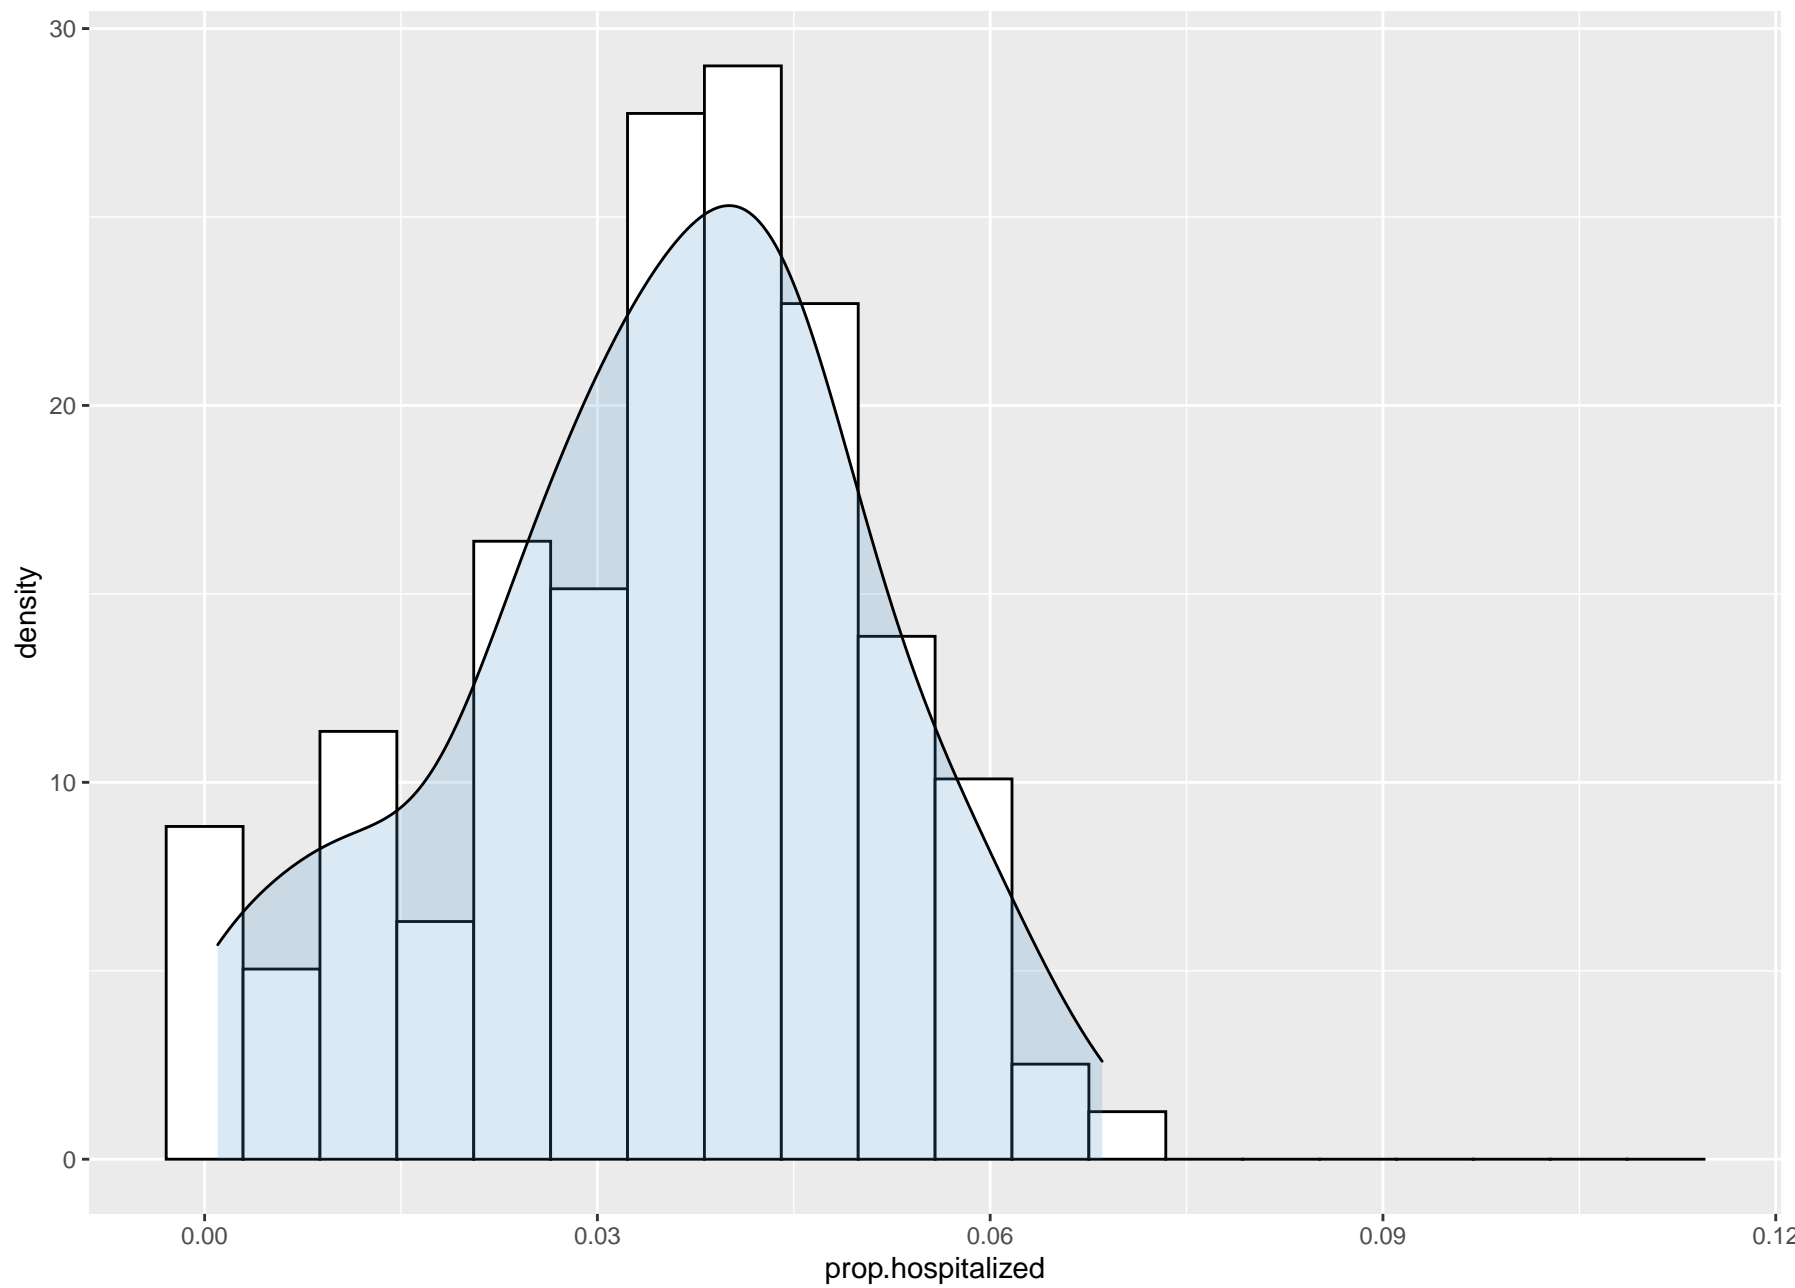

Posterior Distribution, niter = 135
Low number of iterations, use with caution

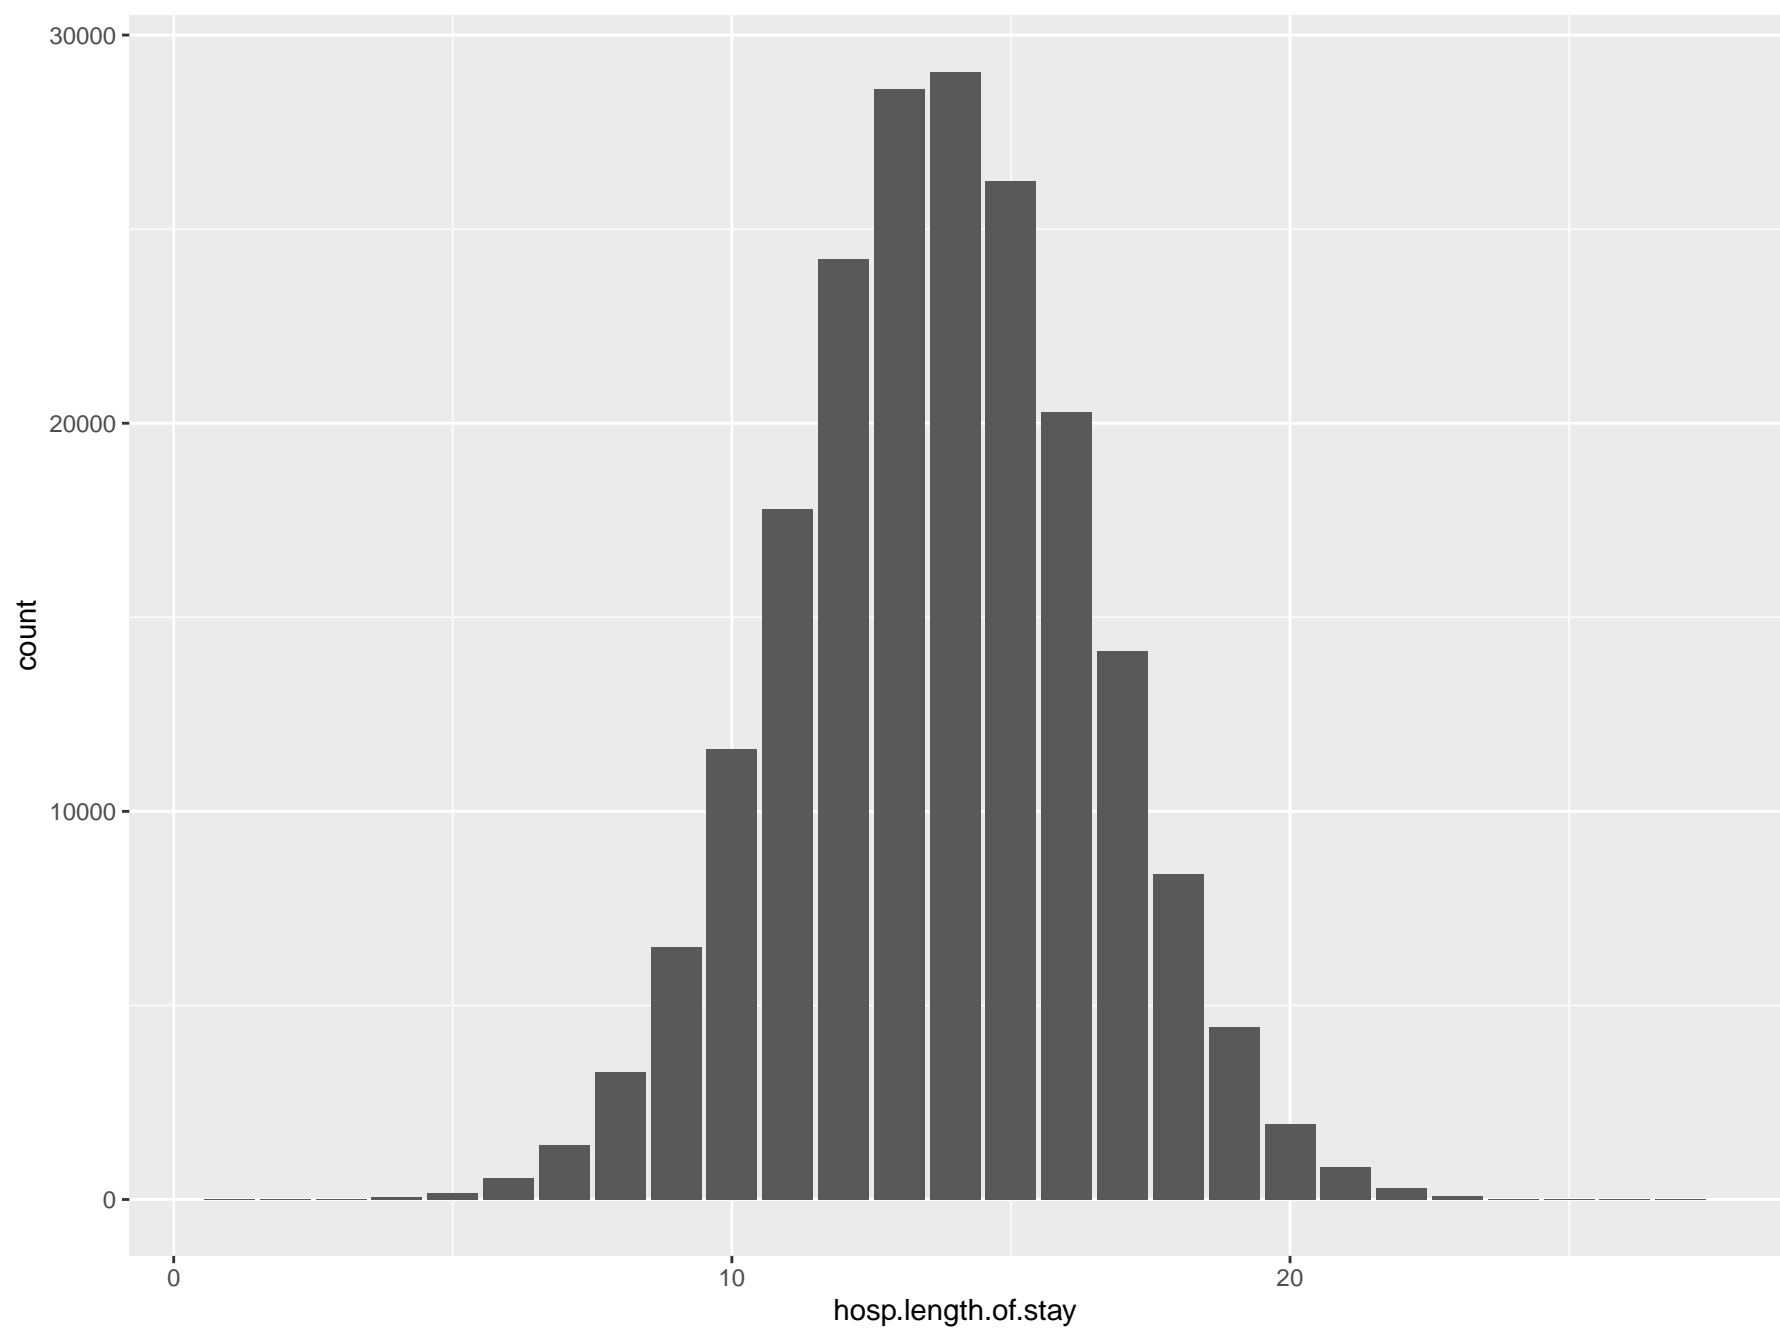

Prior Distribution, niter = 200000

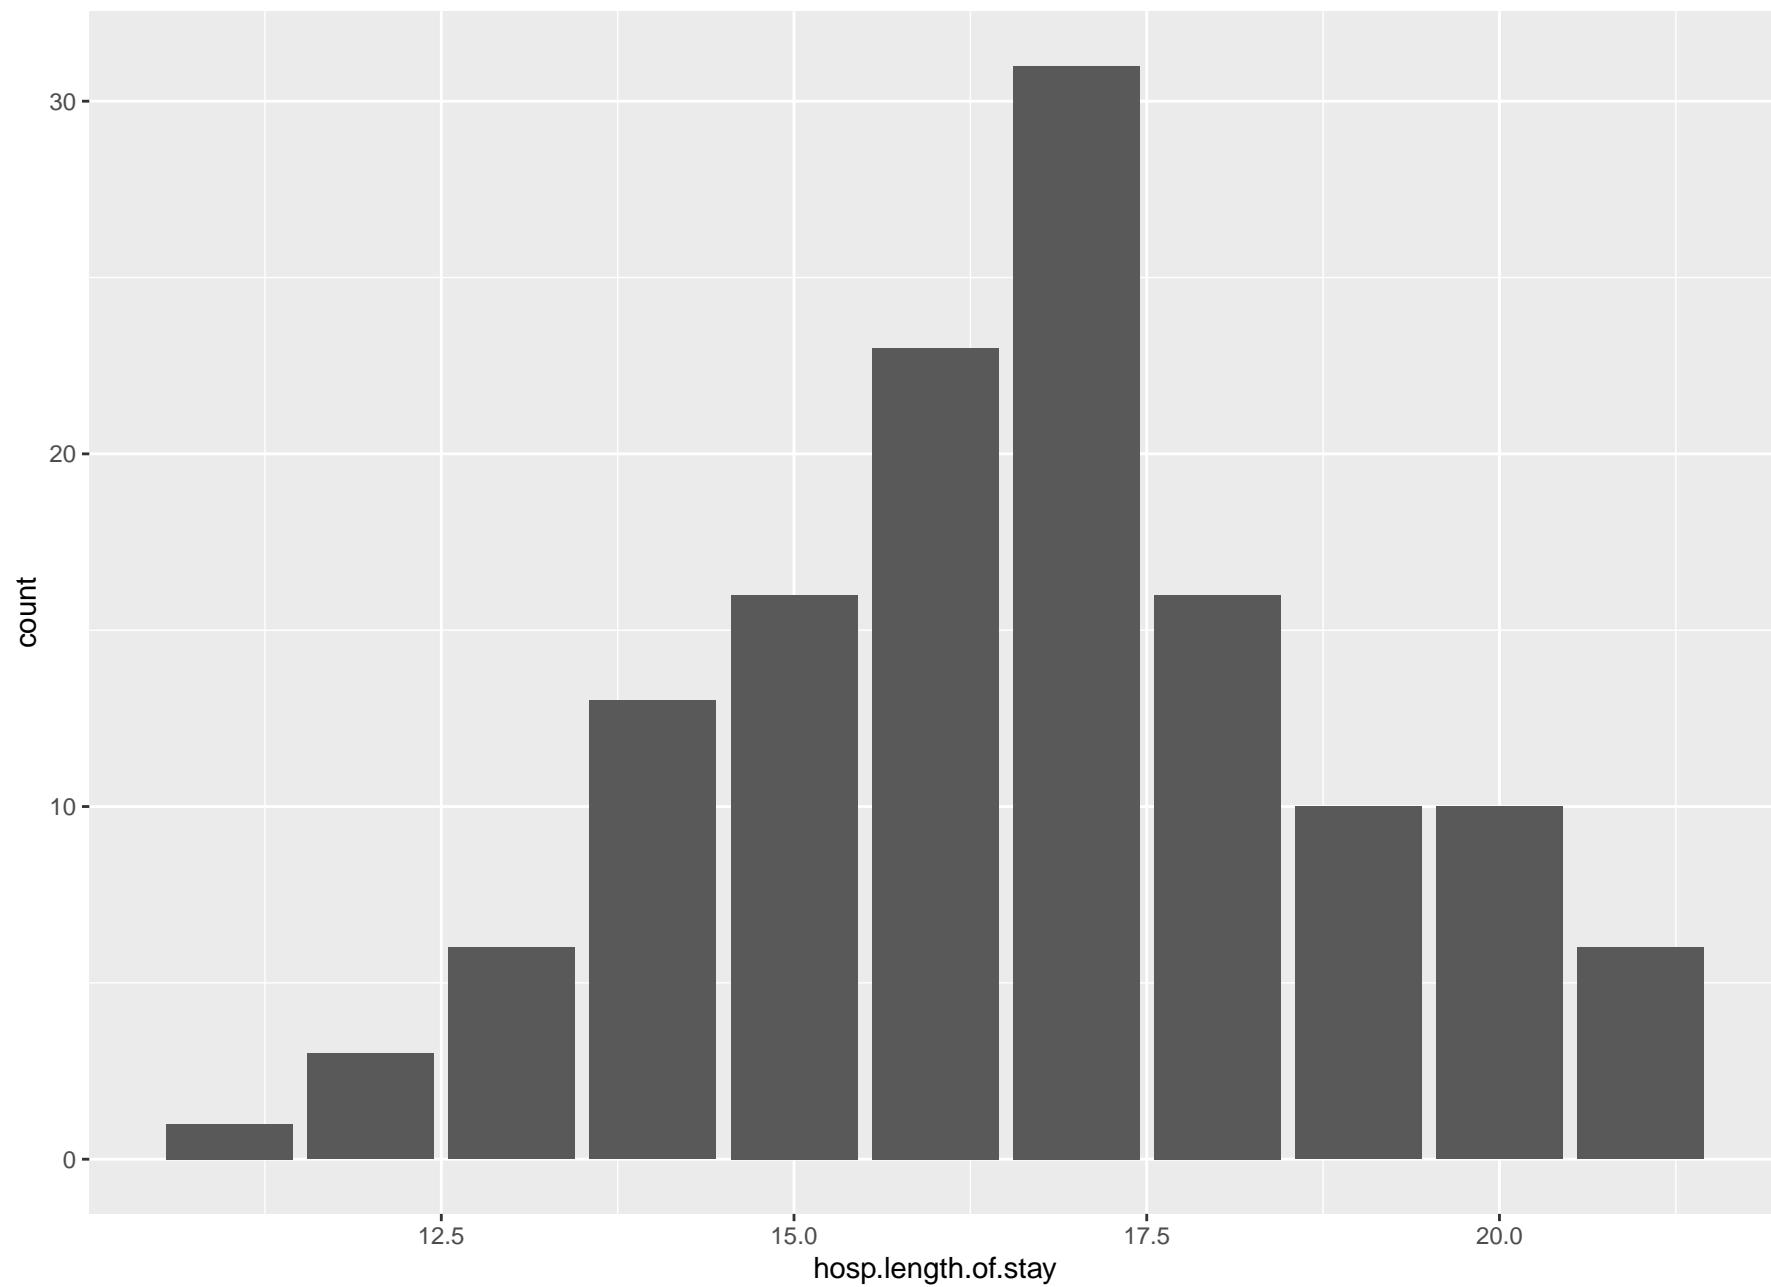

Posterior Distribution, niter = 135
Low number of iterations, use with caution

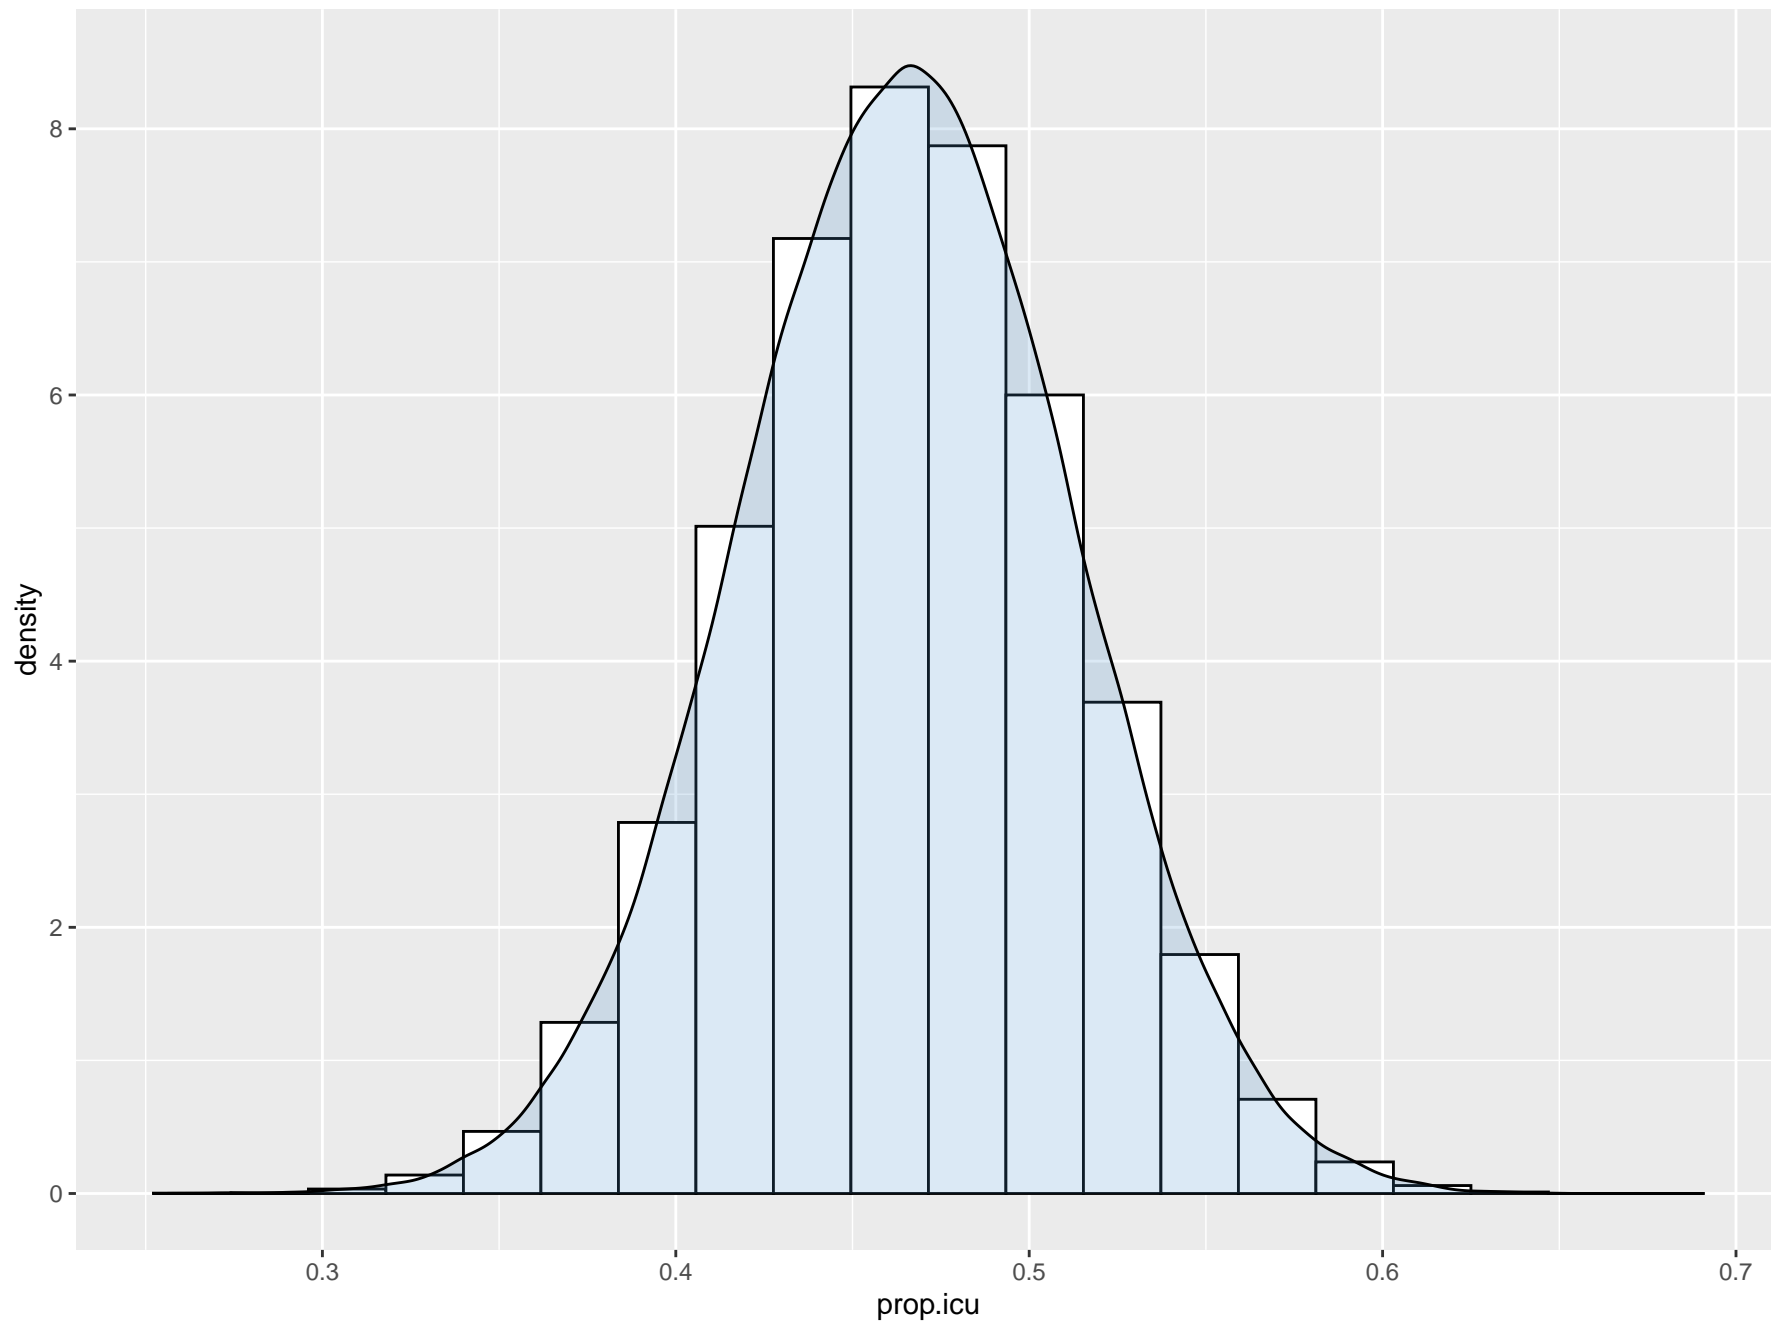

Prior Distribution, niter = 200000

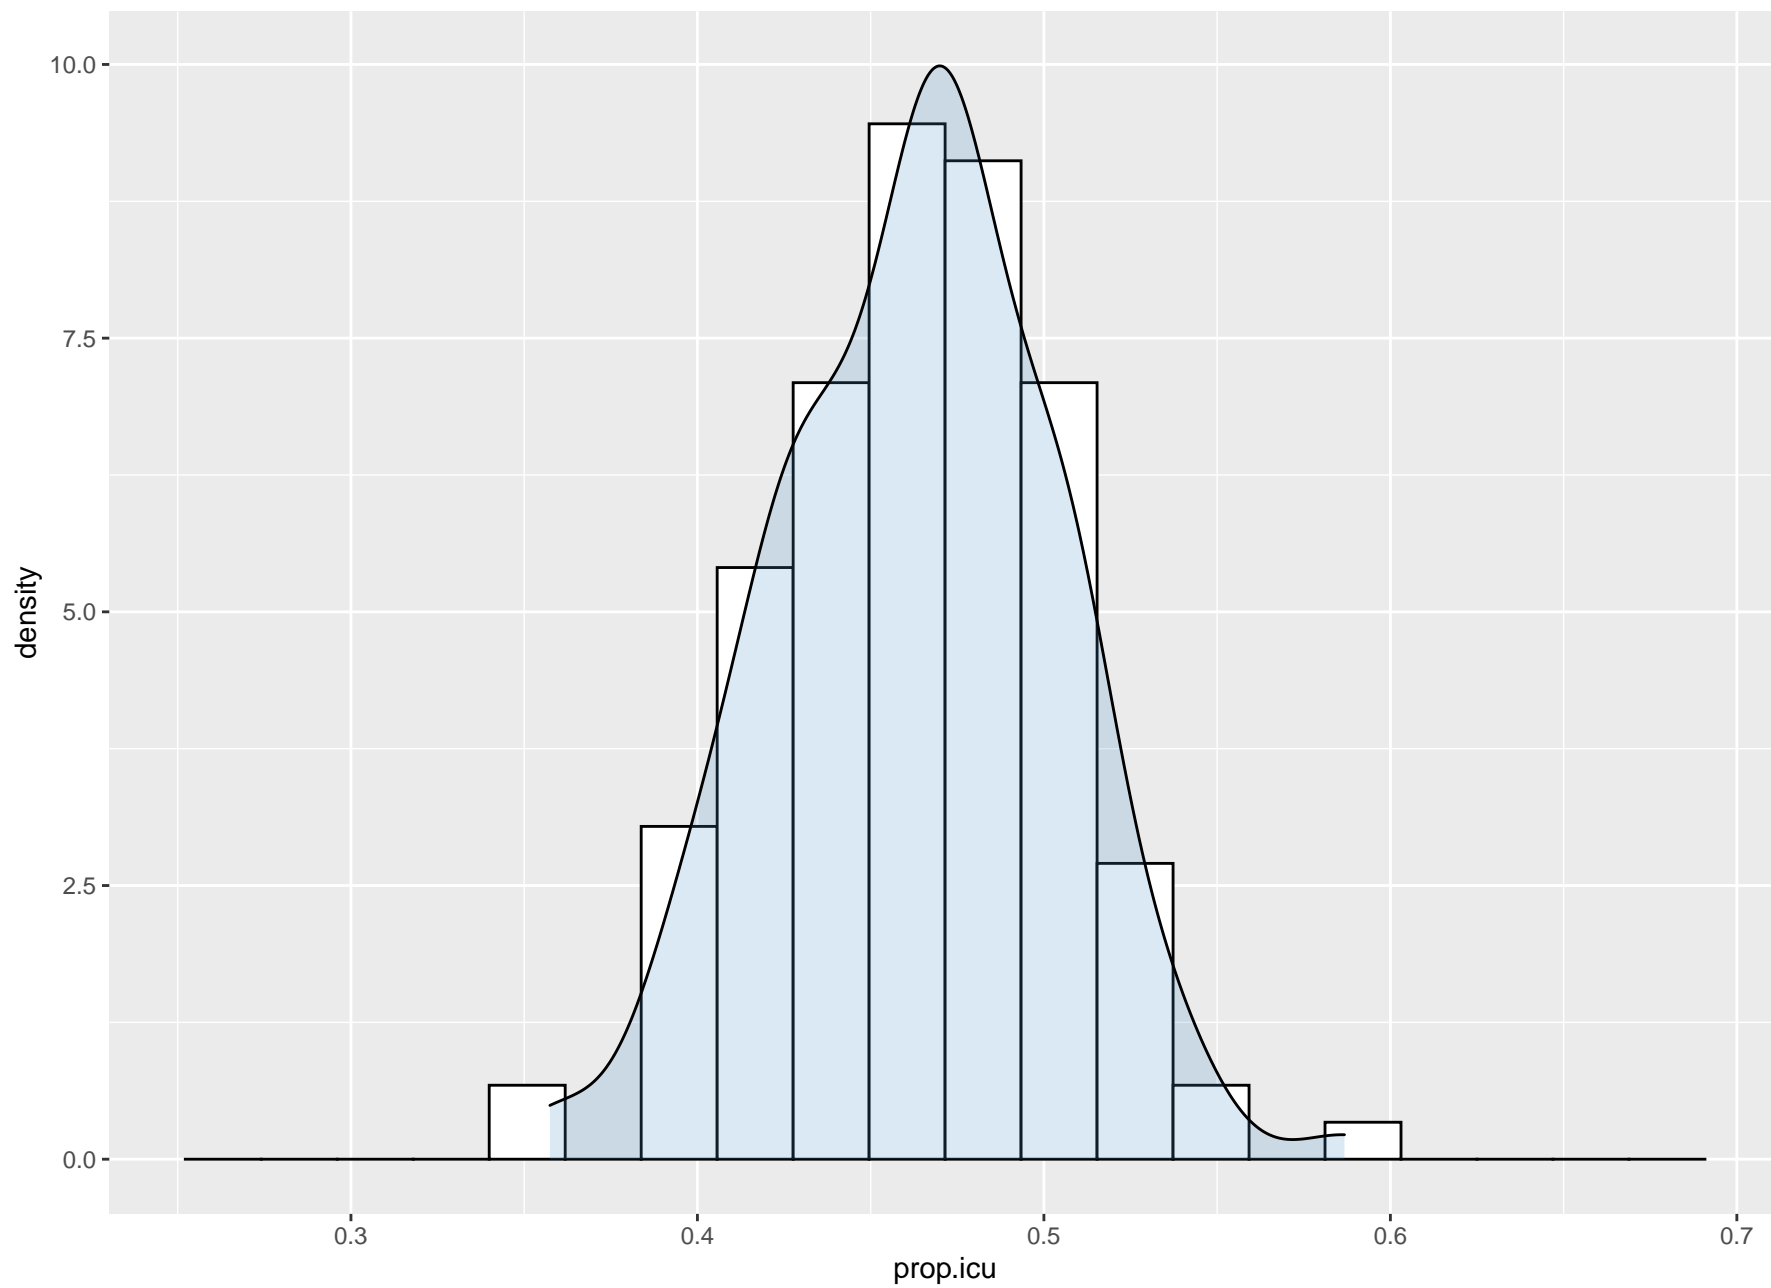

Posterior Distribution, niter = 135
Low number of iterations, use with caution

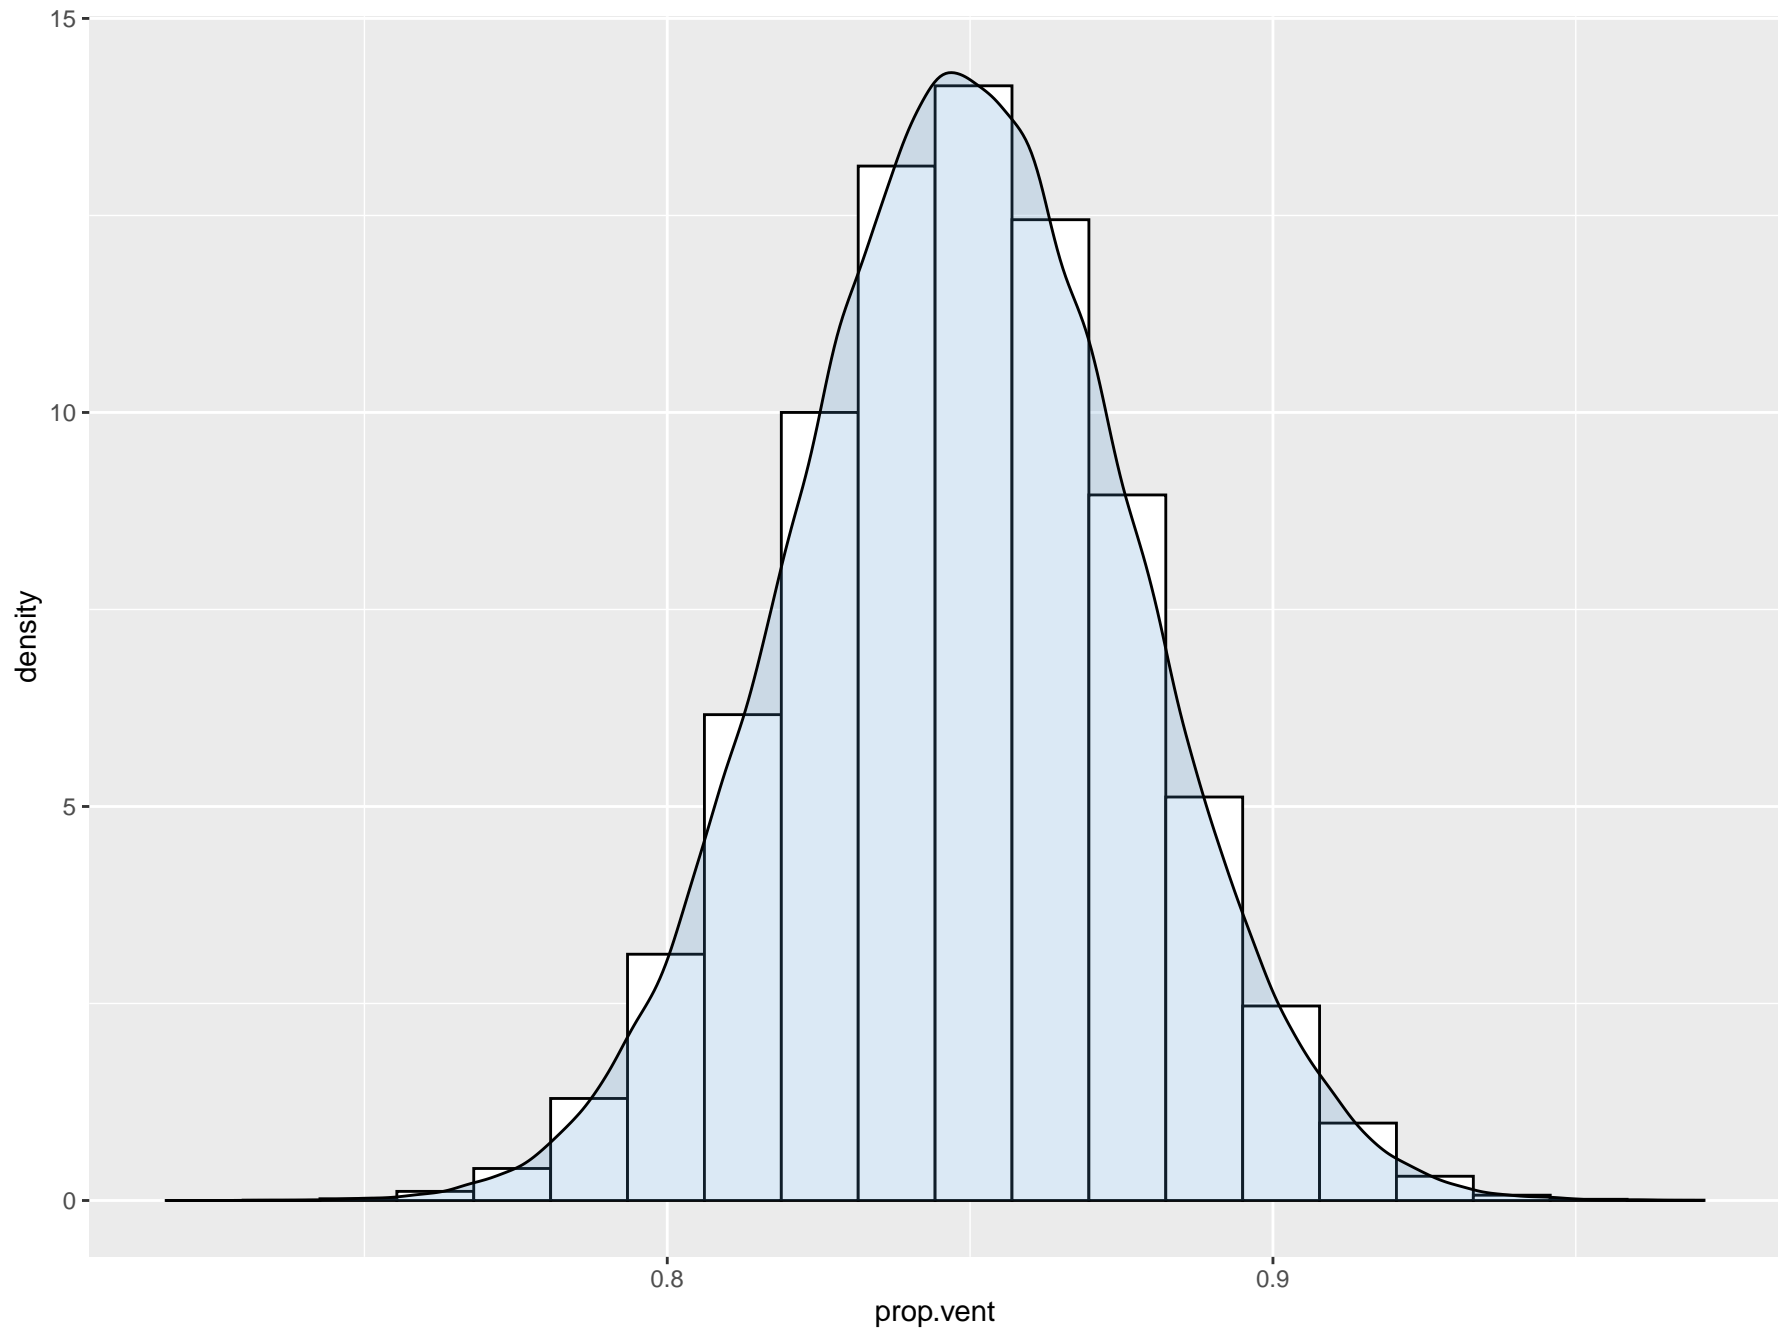

Prior Distribution, niter = 200000

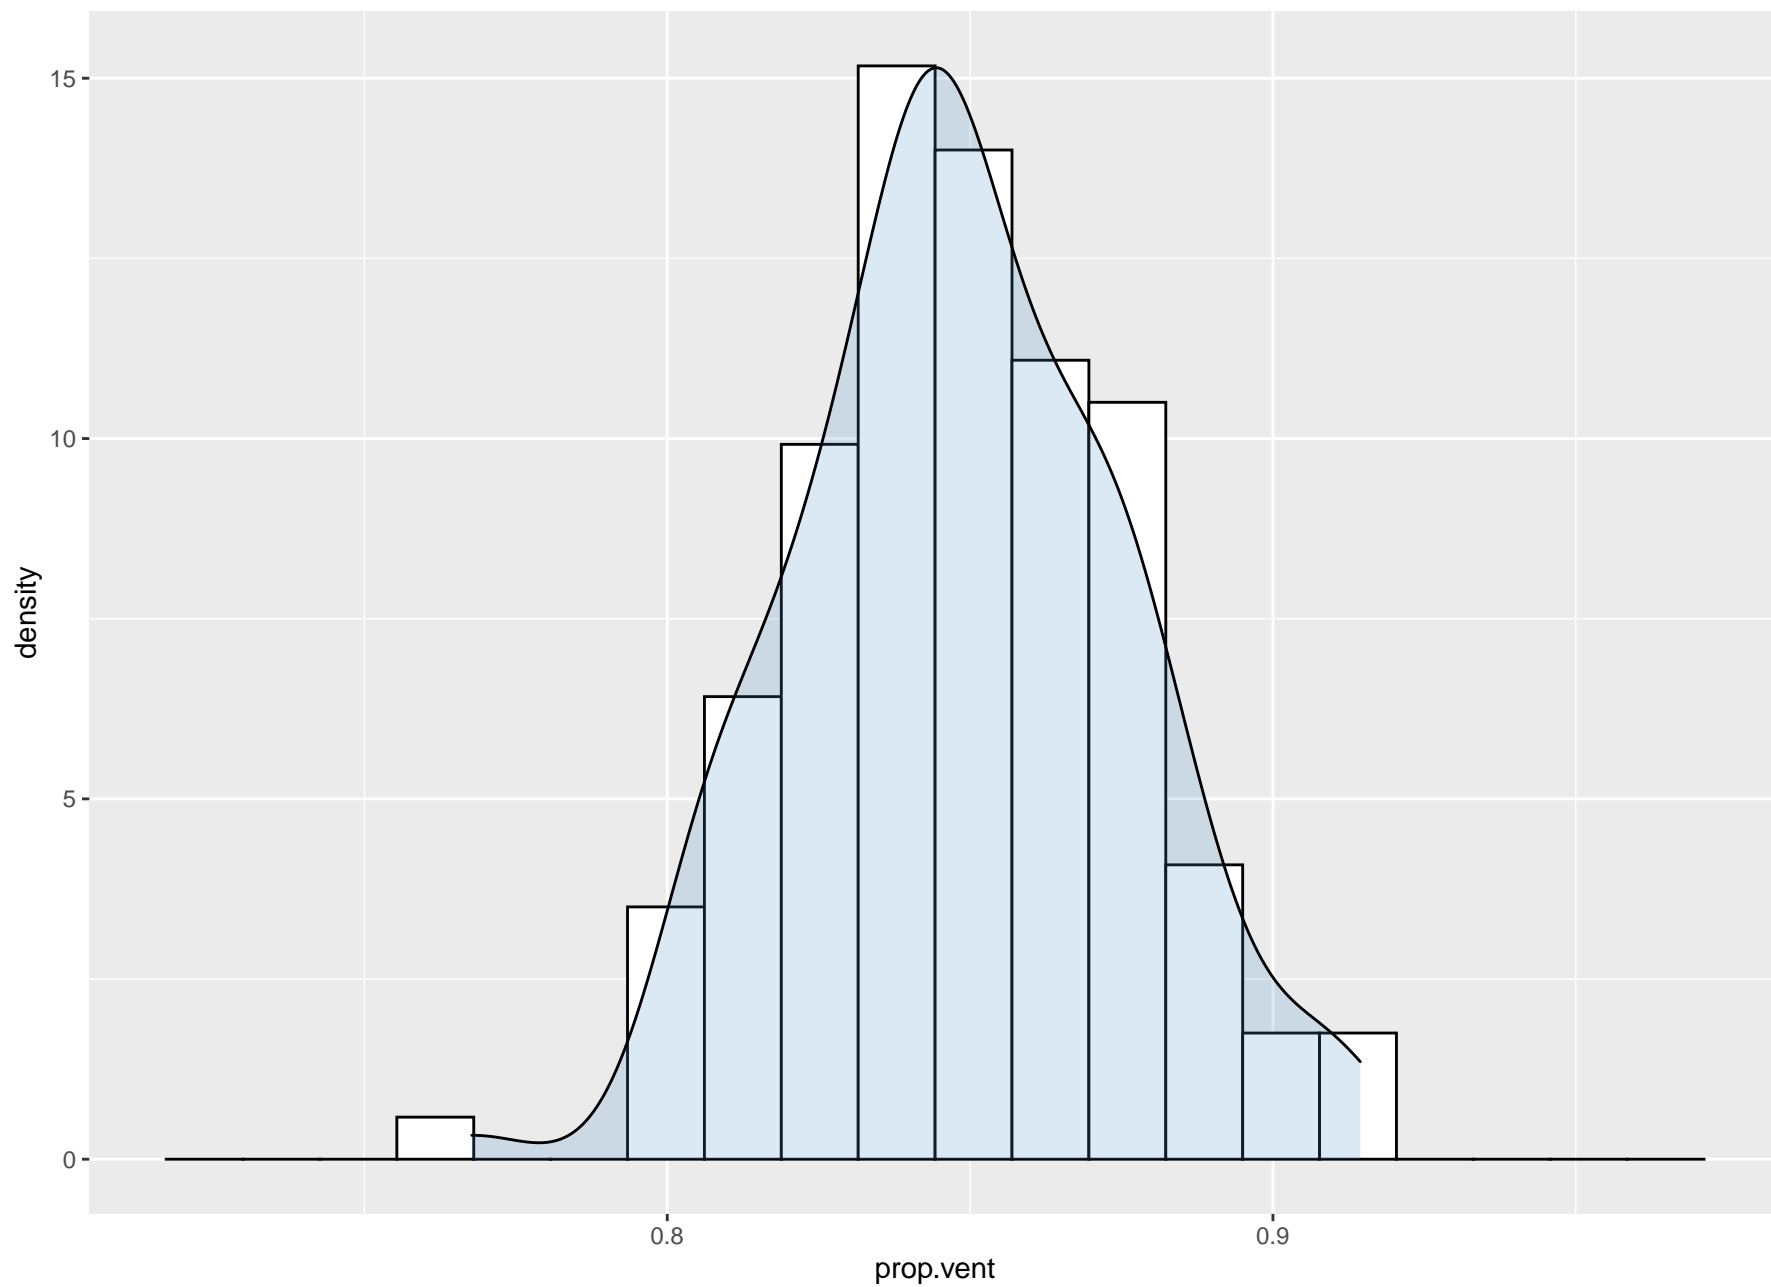

Posterior Distribution, niter = 135
Low number of iterations, use with caution

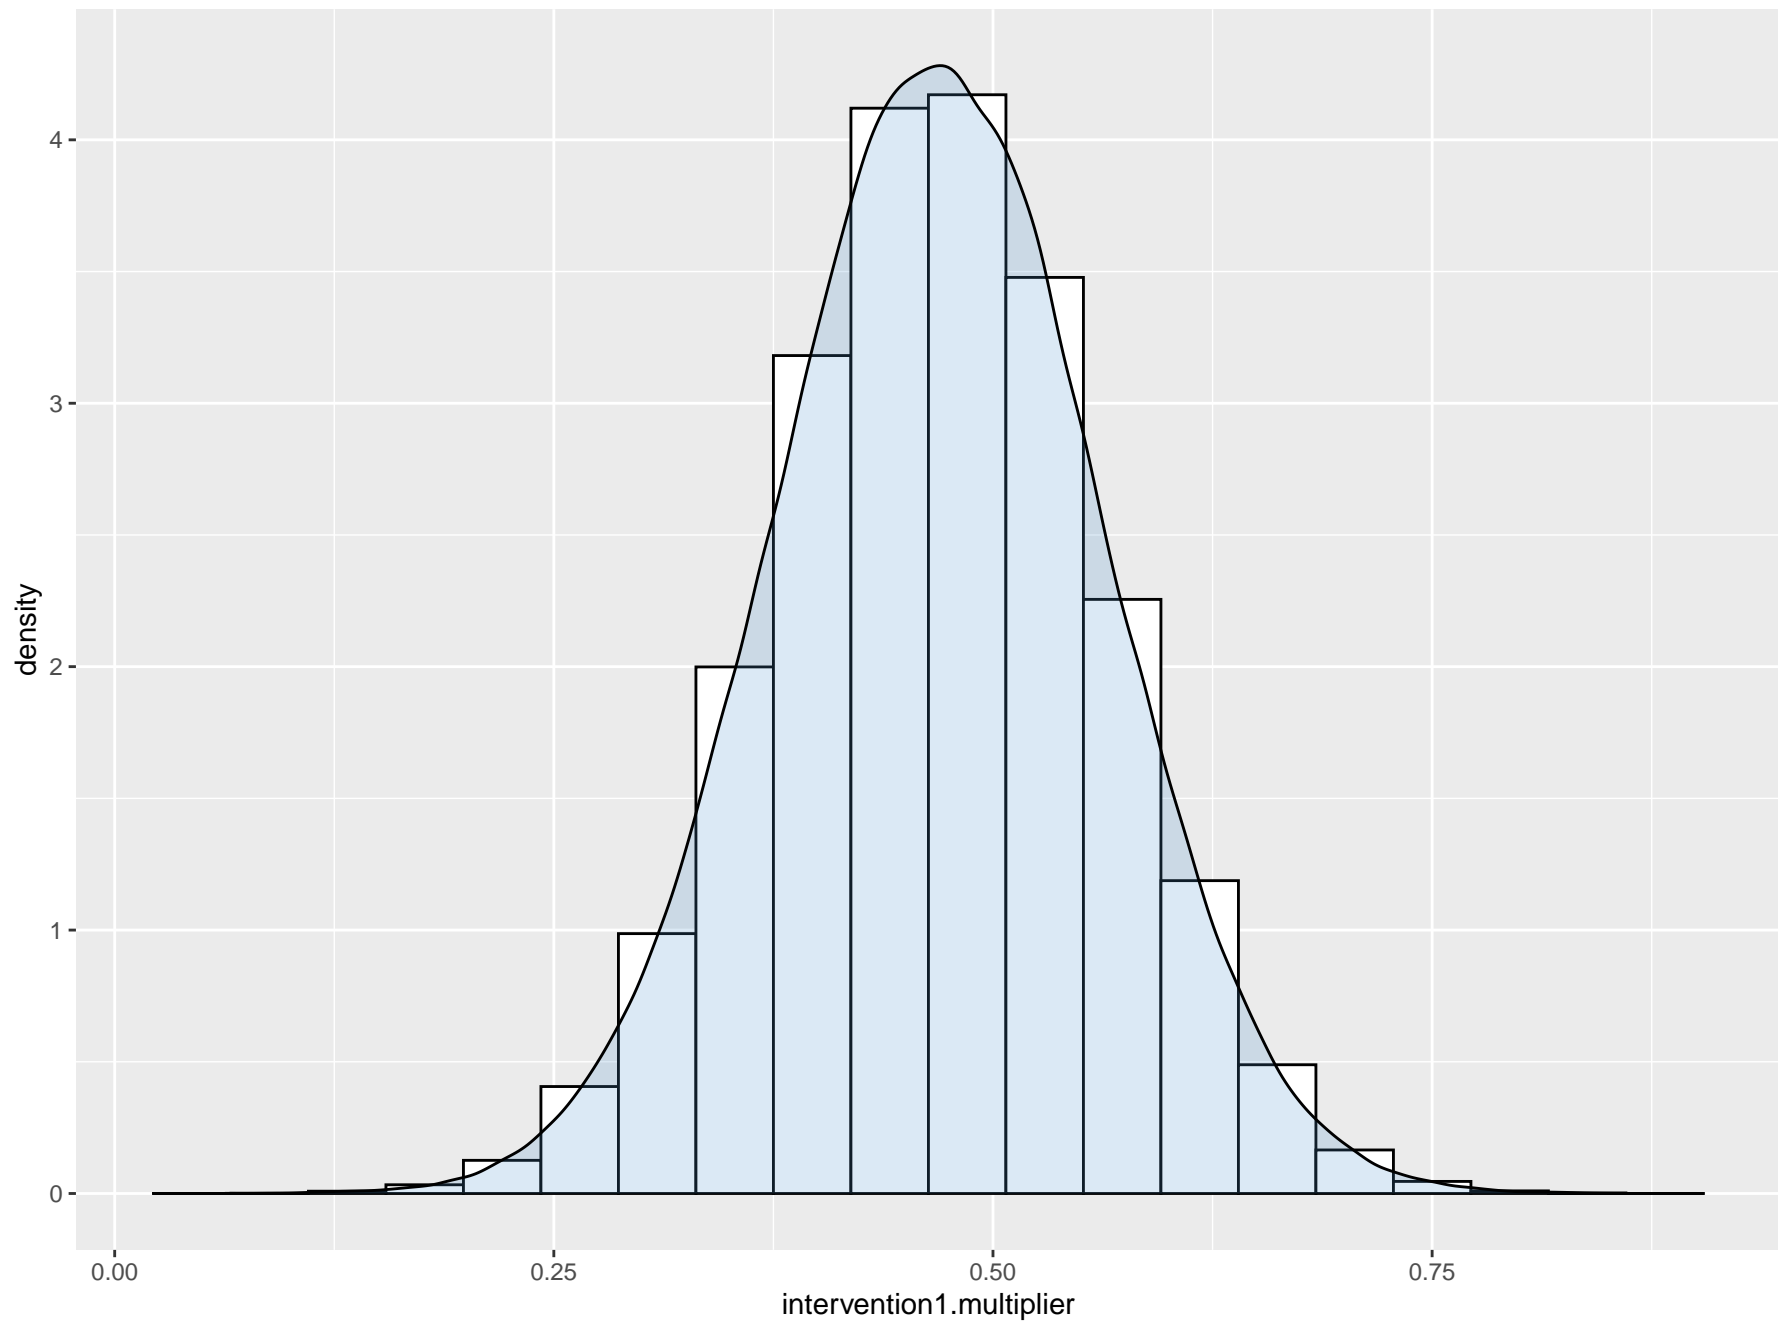

Prior Distribution, niter = 200000

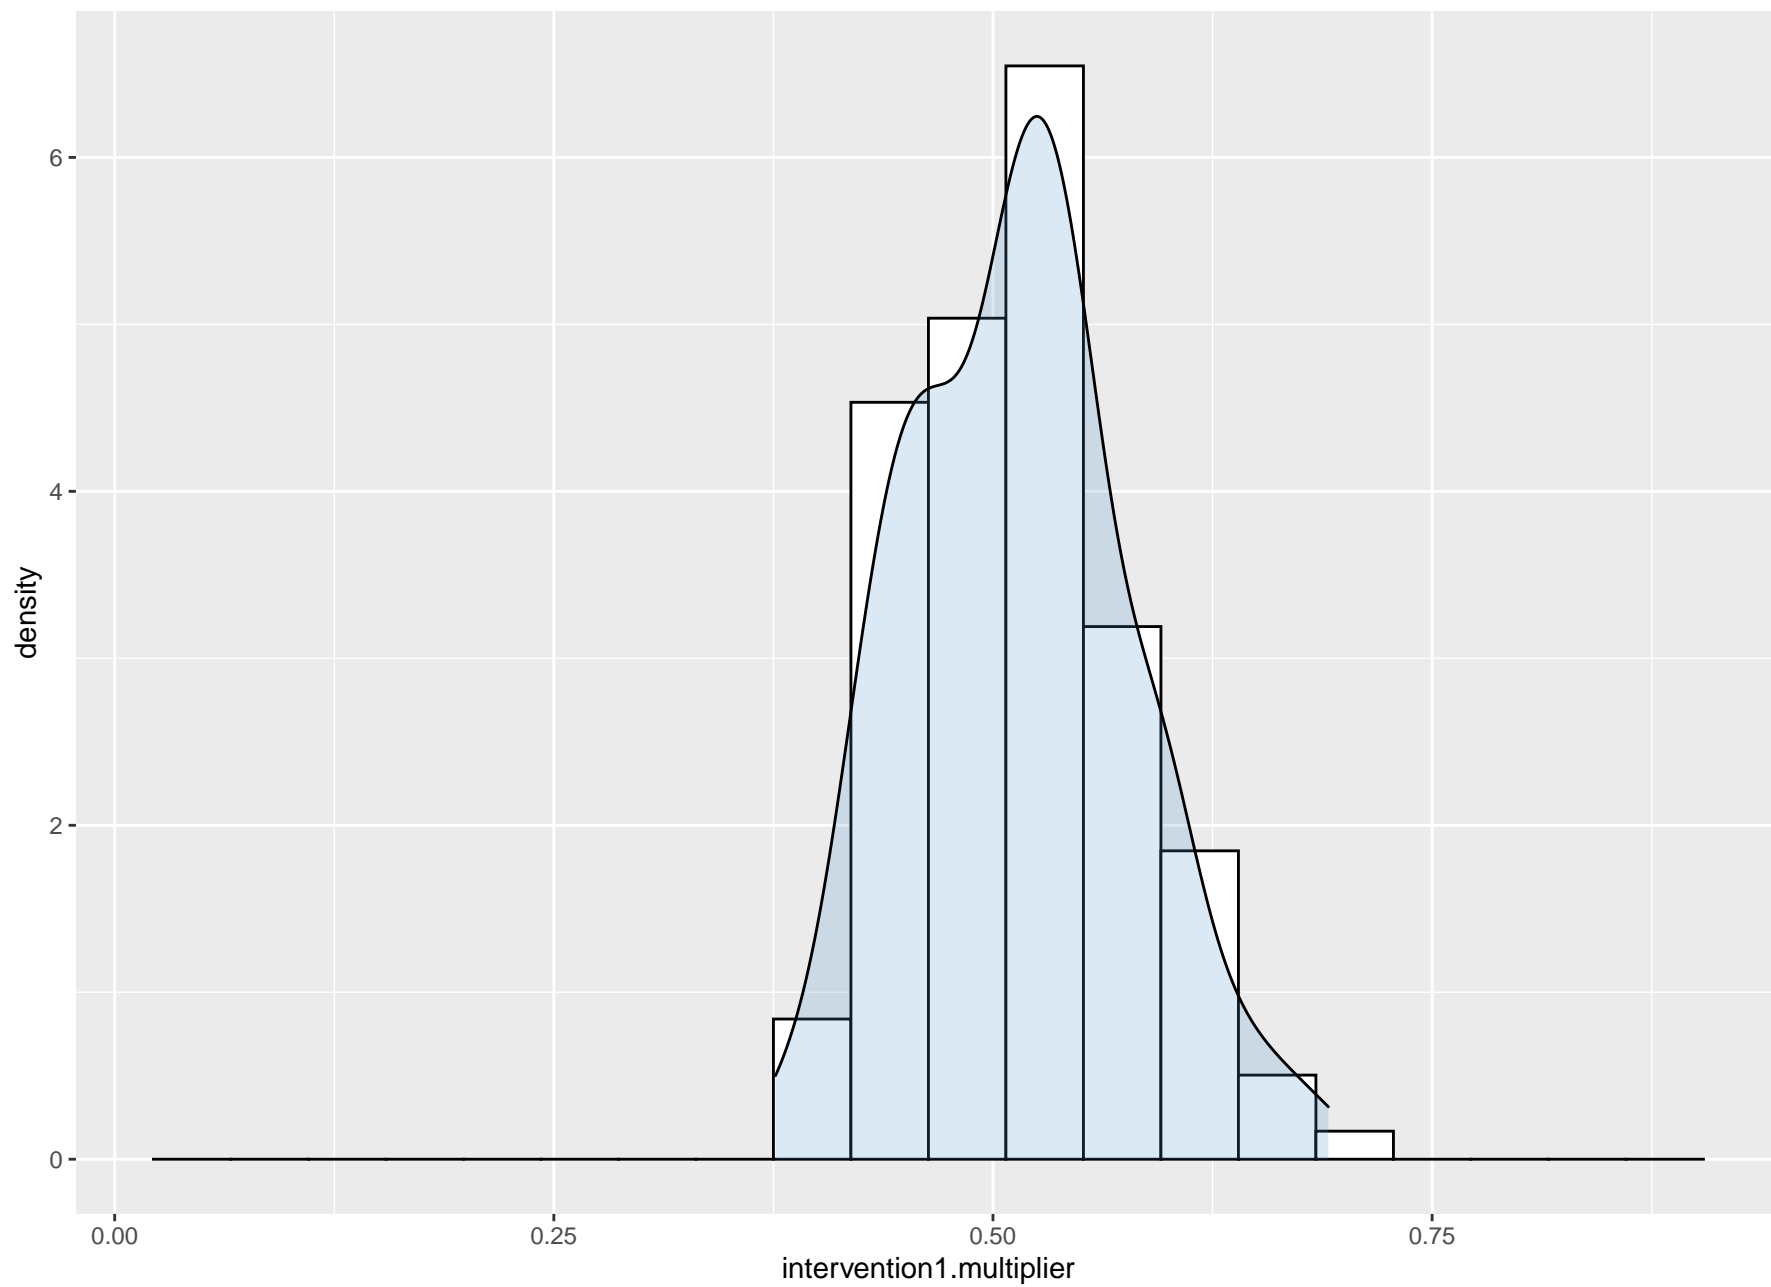

Posterior Distribution, niter = 135
Low number of iterations, use with caution

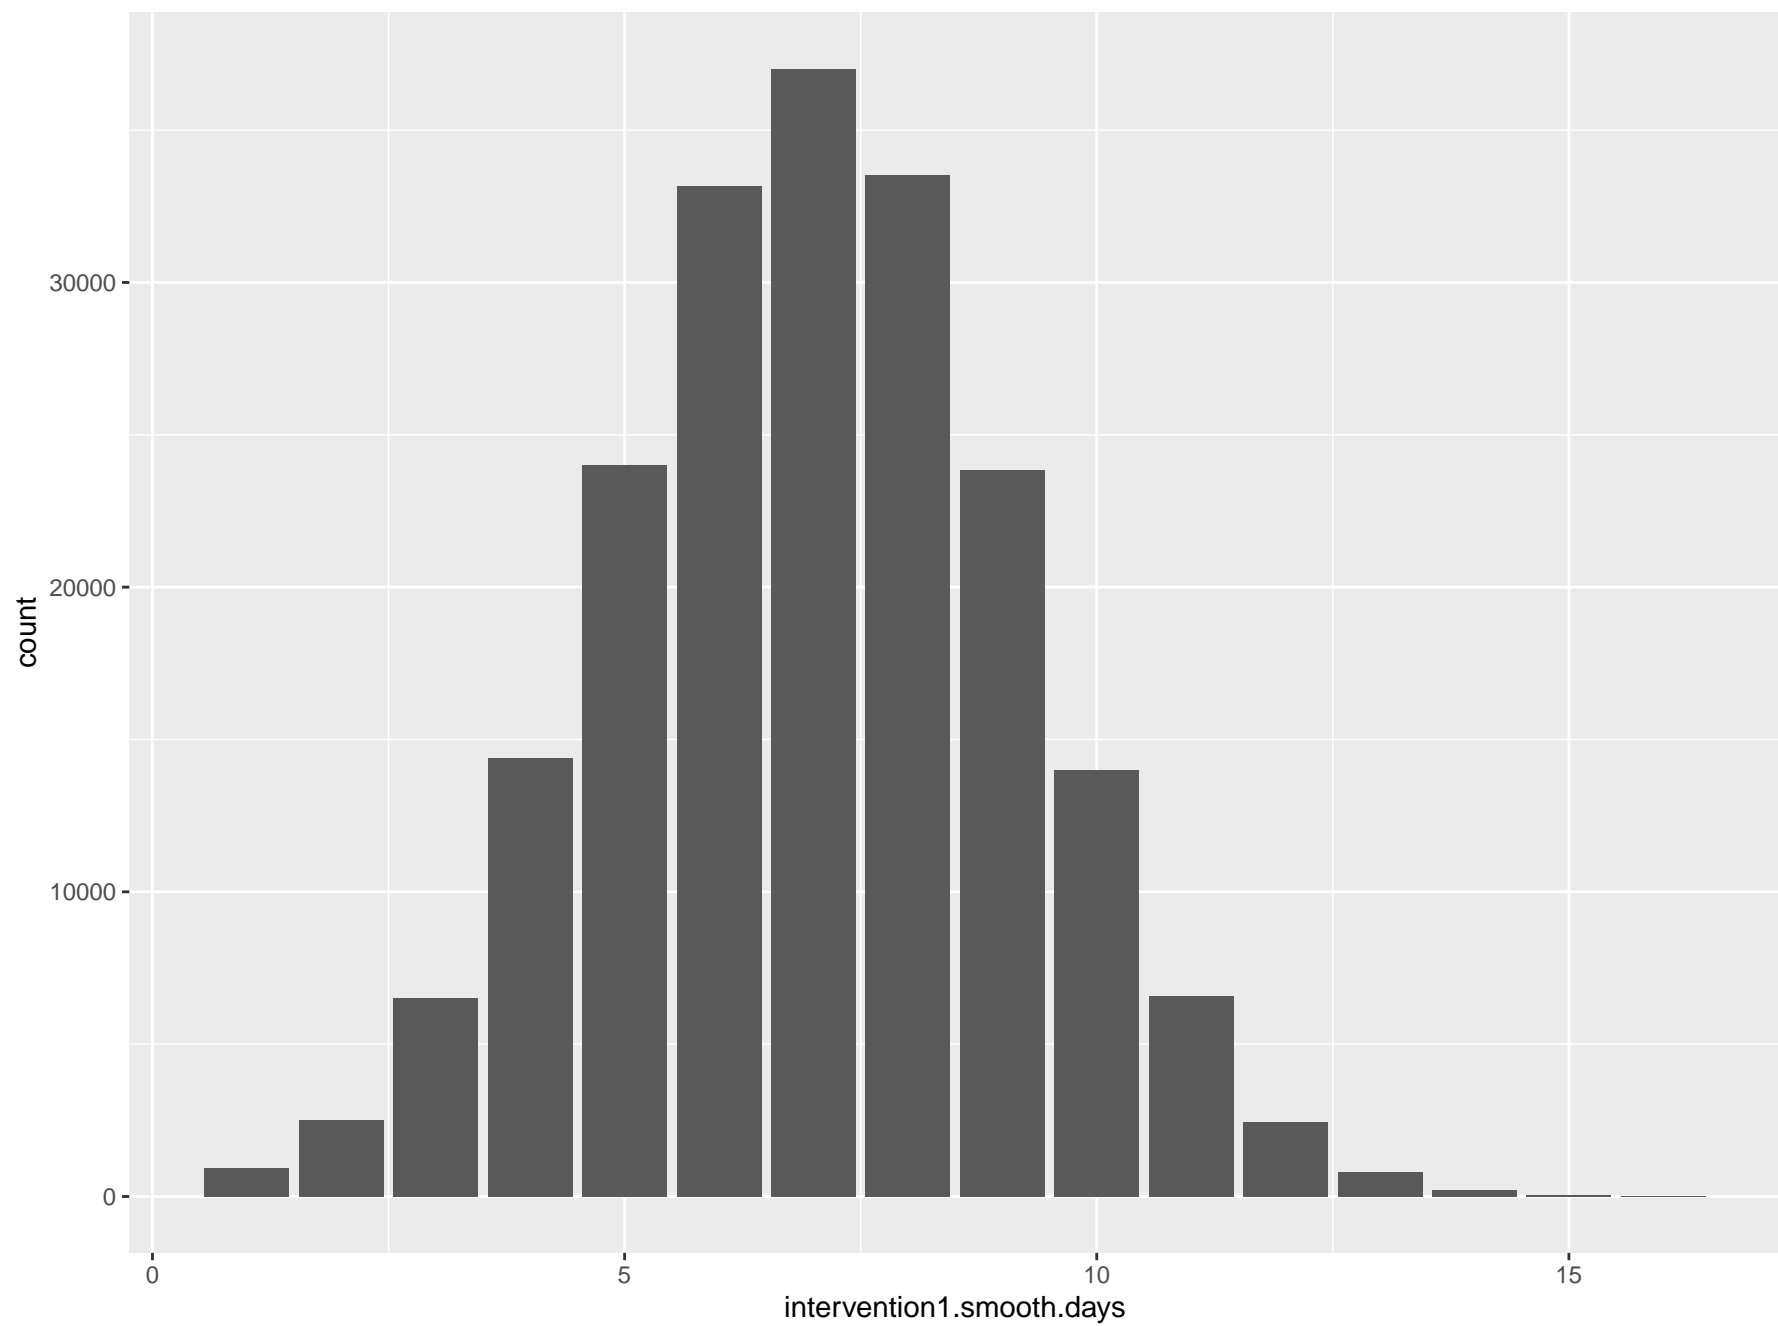

Prior Distribution, niter = 200000

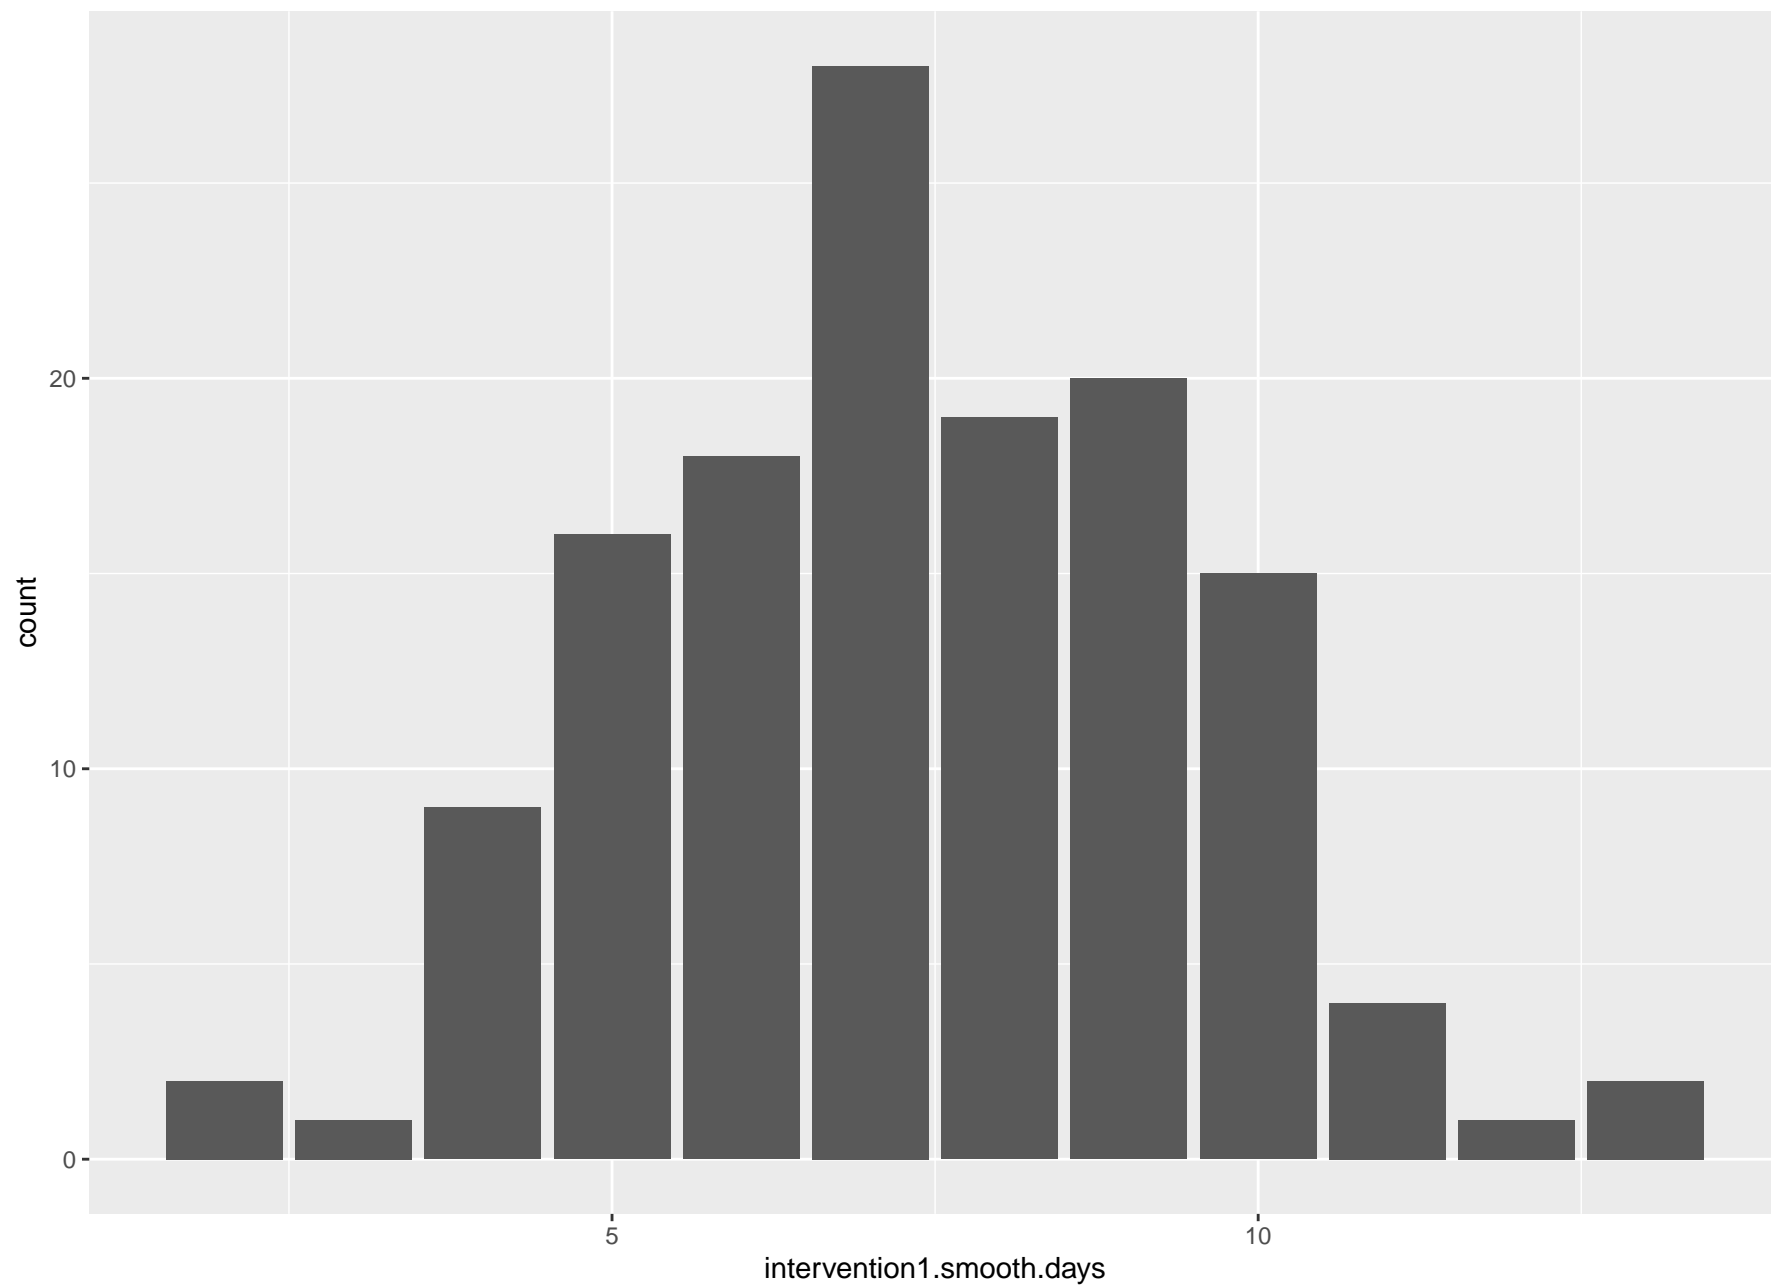

Posterior Distribution, niter = 135
Low number of iterations, use with caution

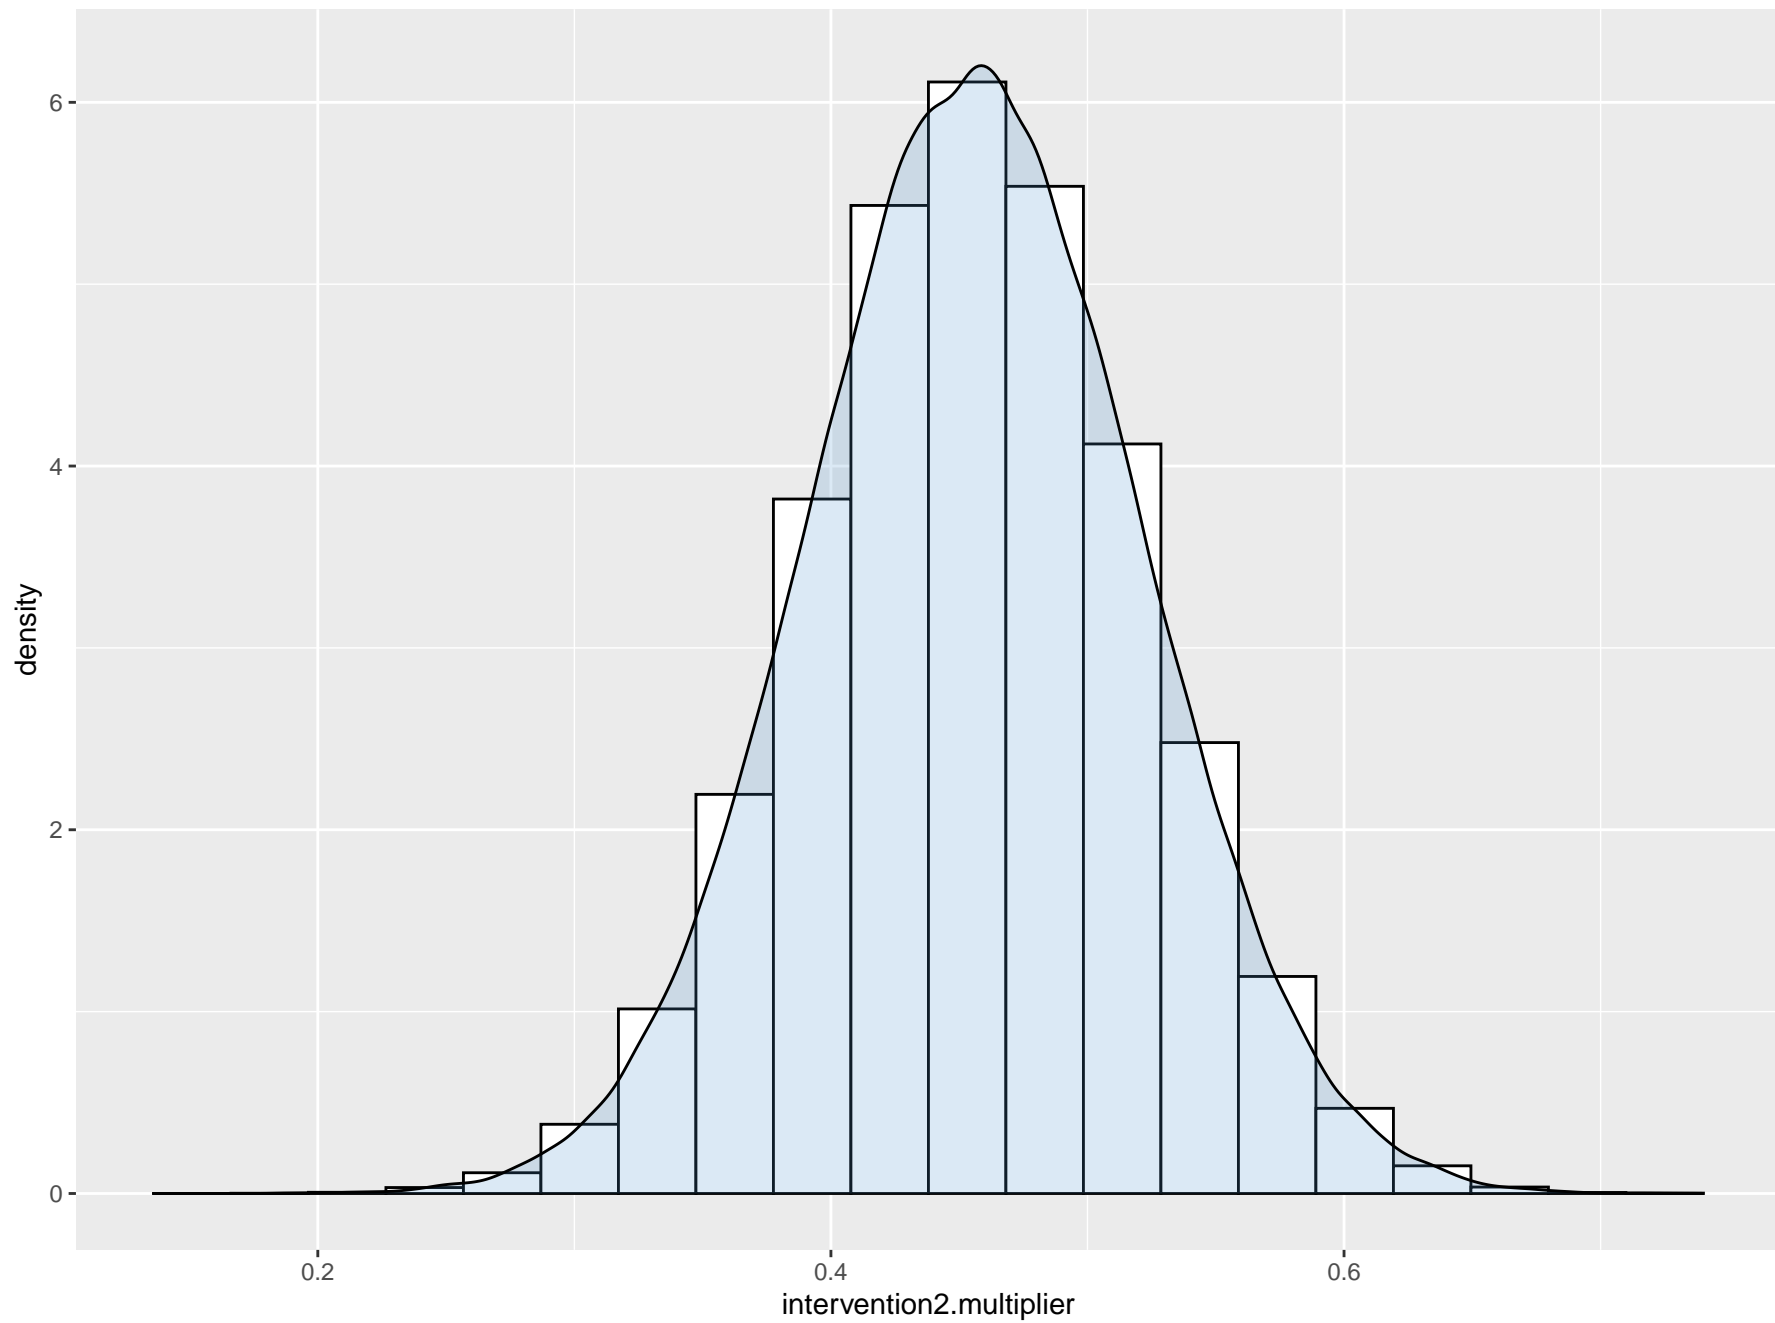

Prior Distribution, niter = 200000

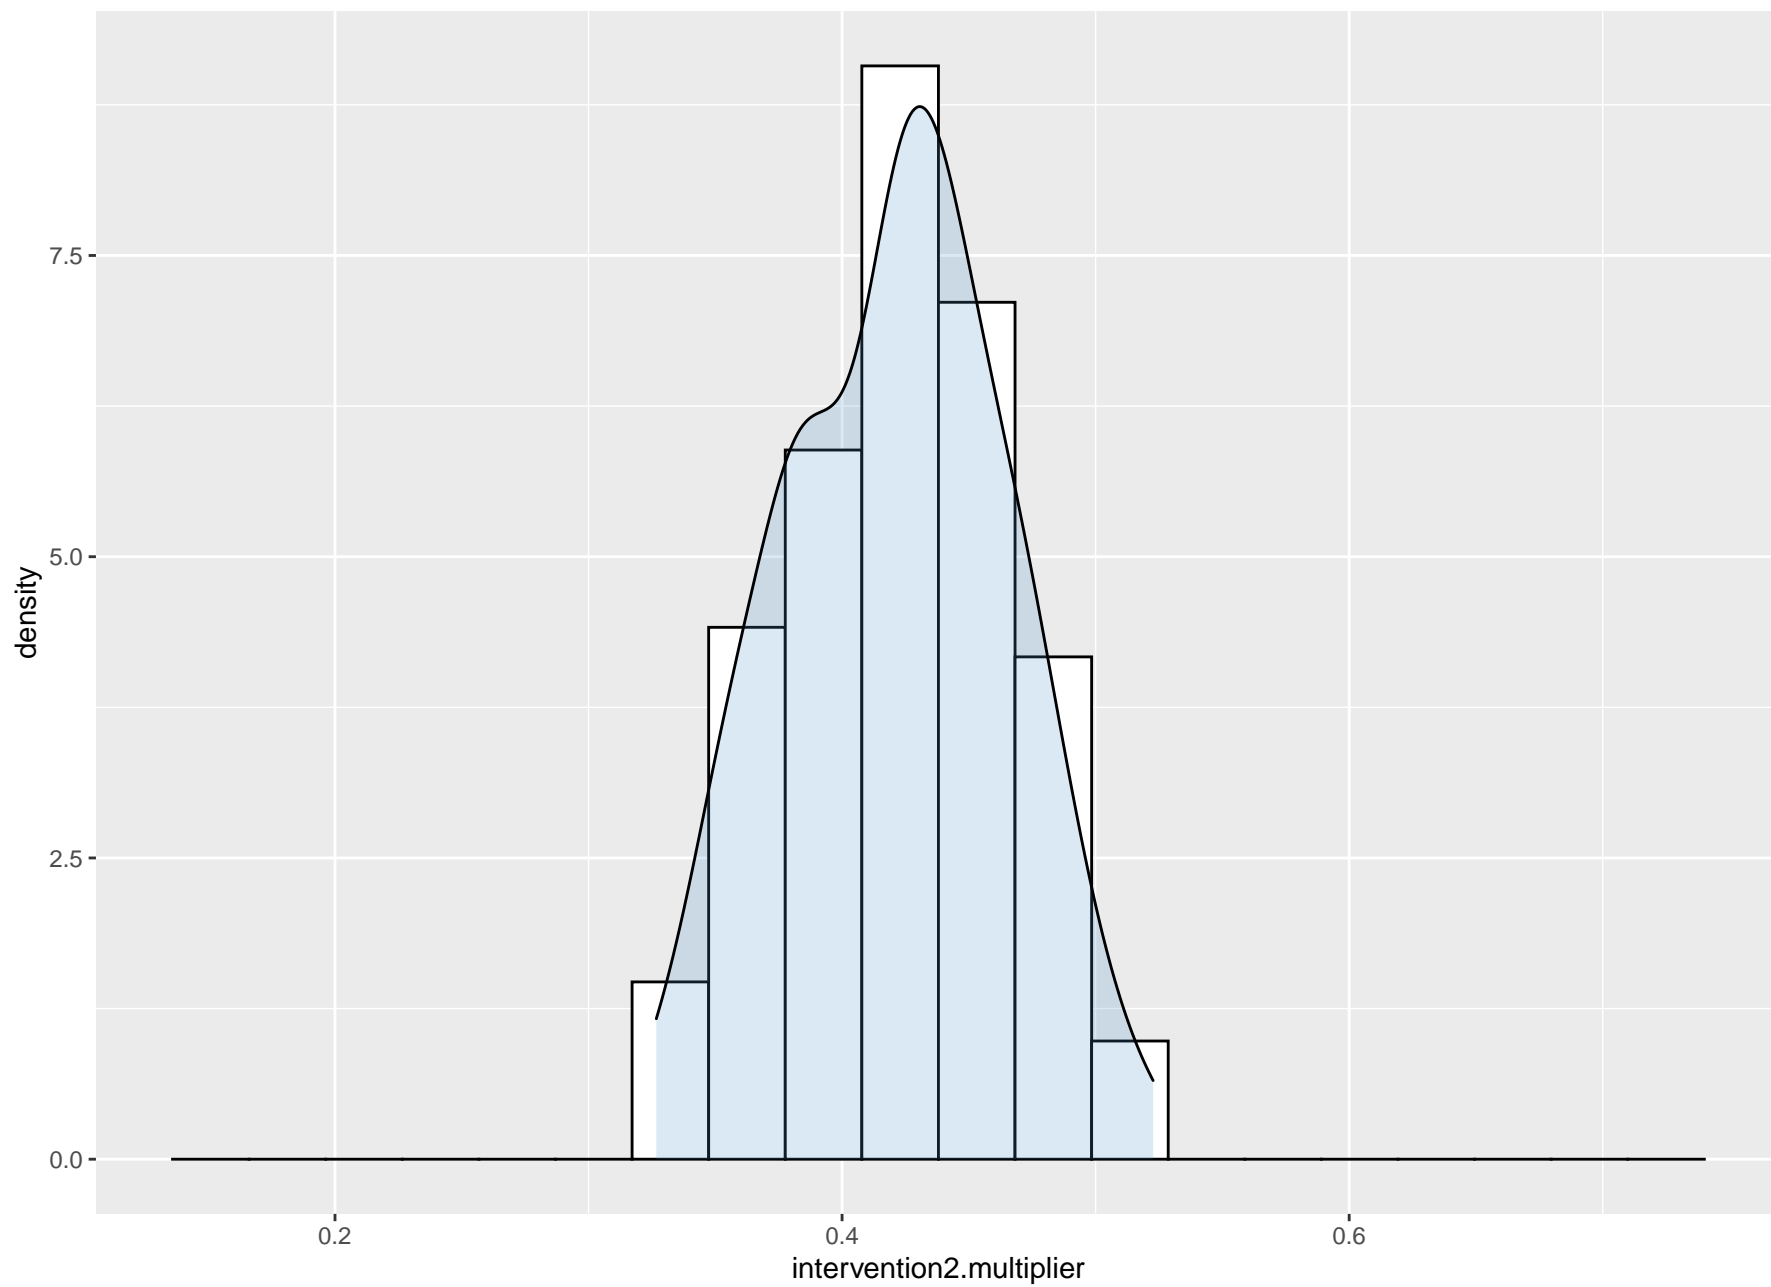

Posterior Distribution, niter = 135
Low number of iterations, use with caution

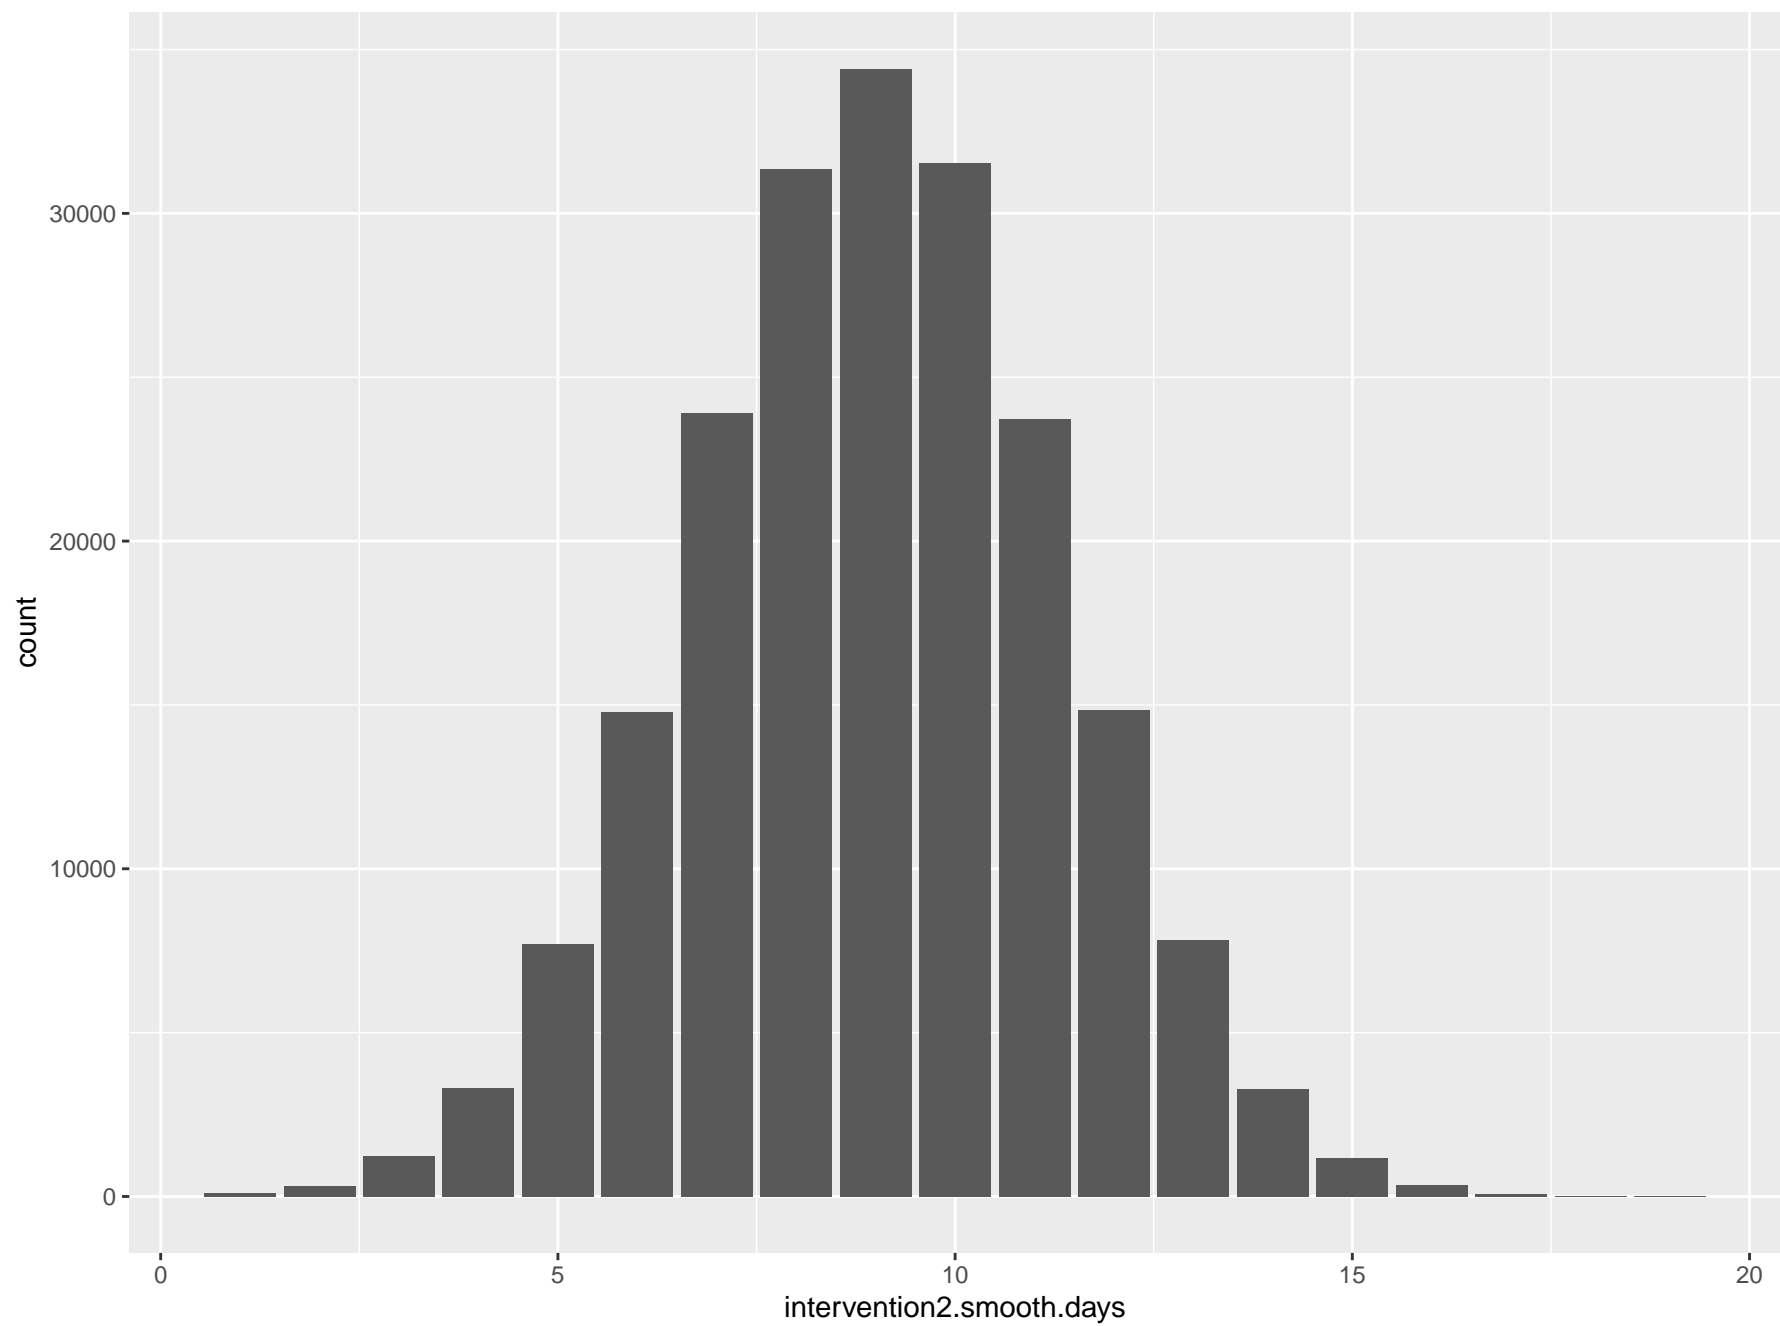

Prior Distribution, niter = 200000

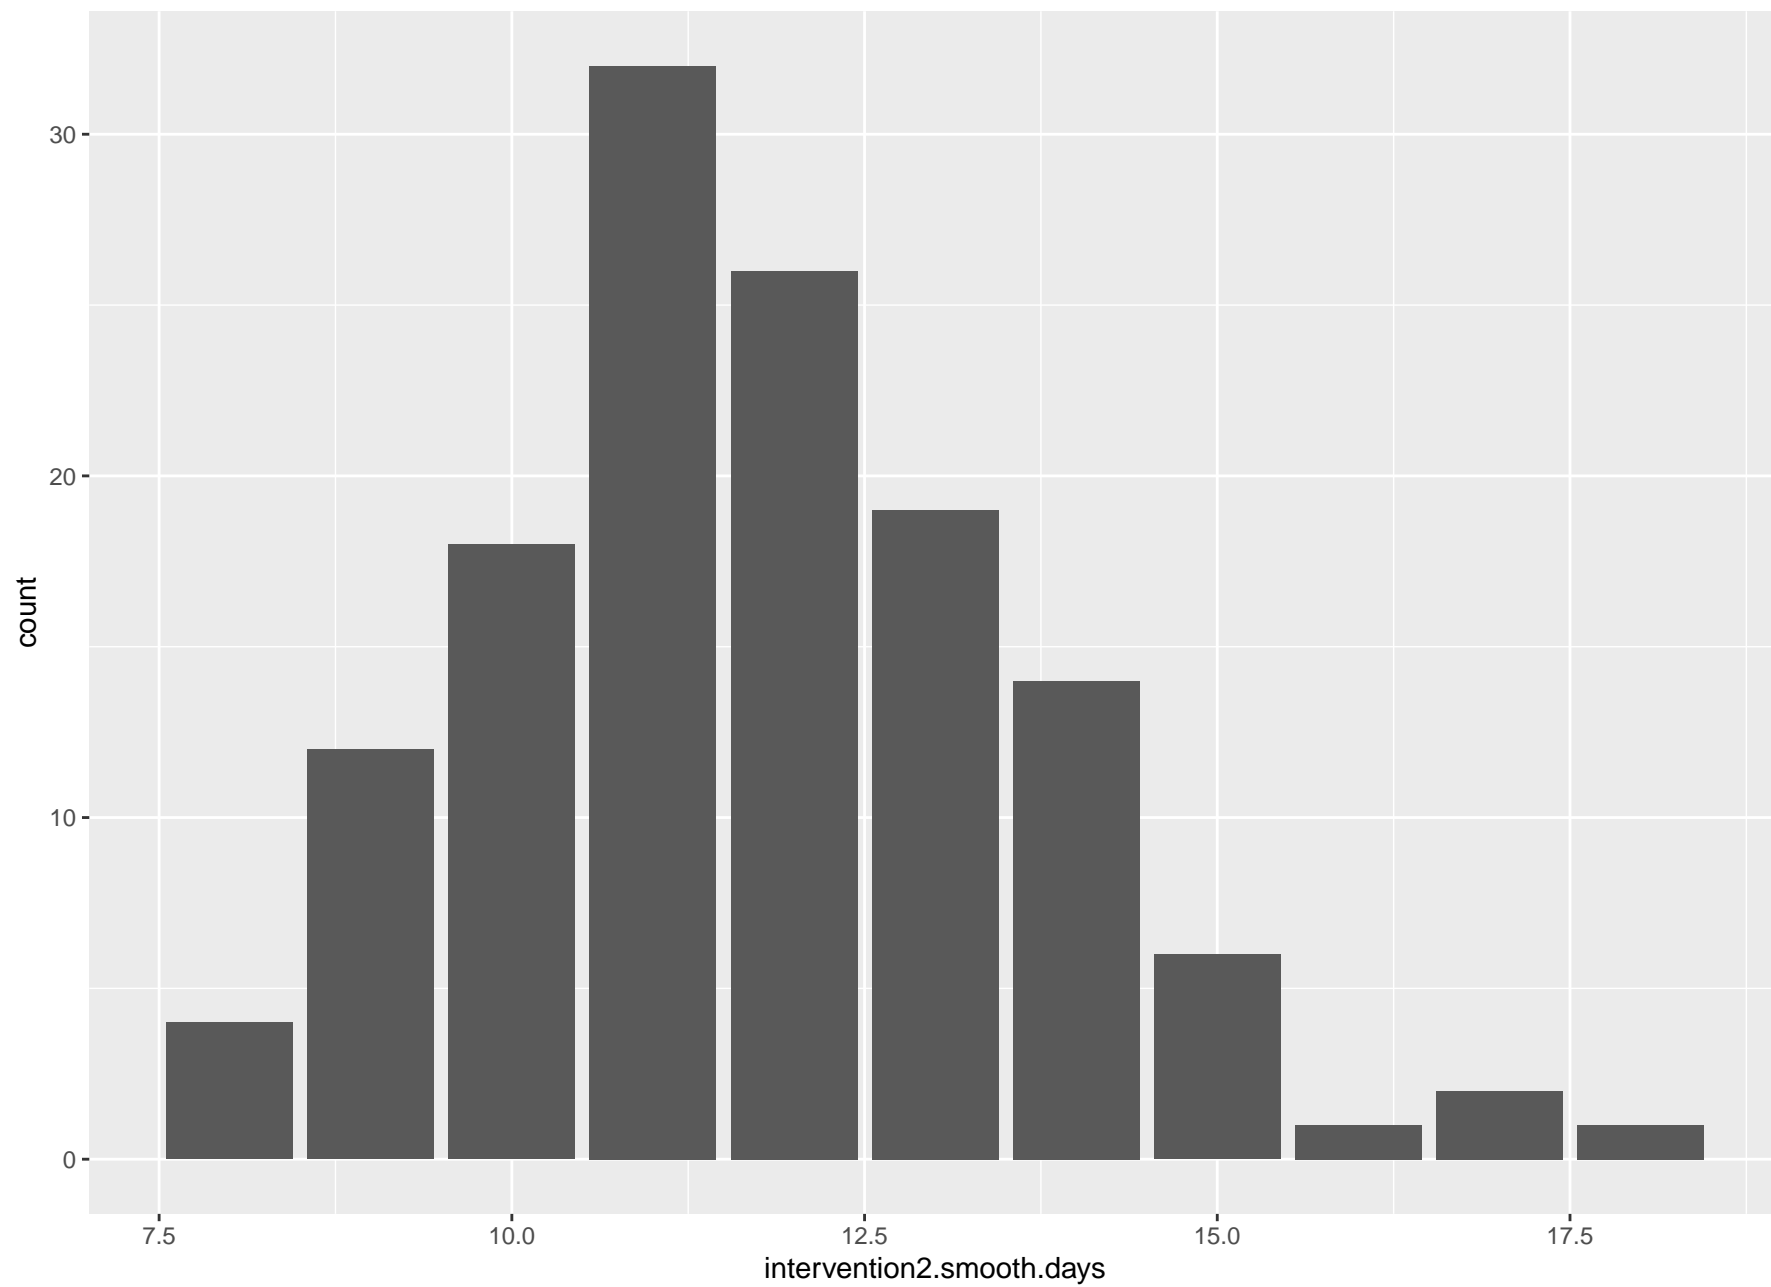

Posterior Distribution, niter = 135
Low number of iterations, use with caution

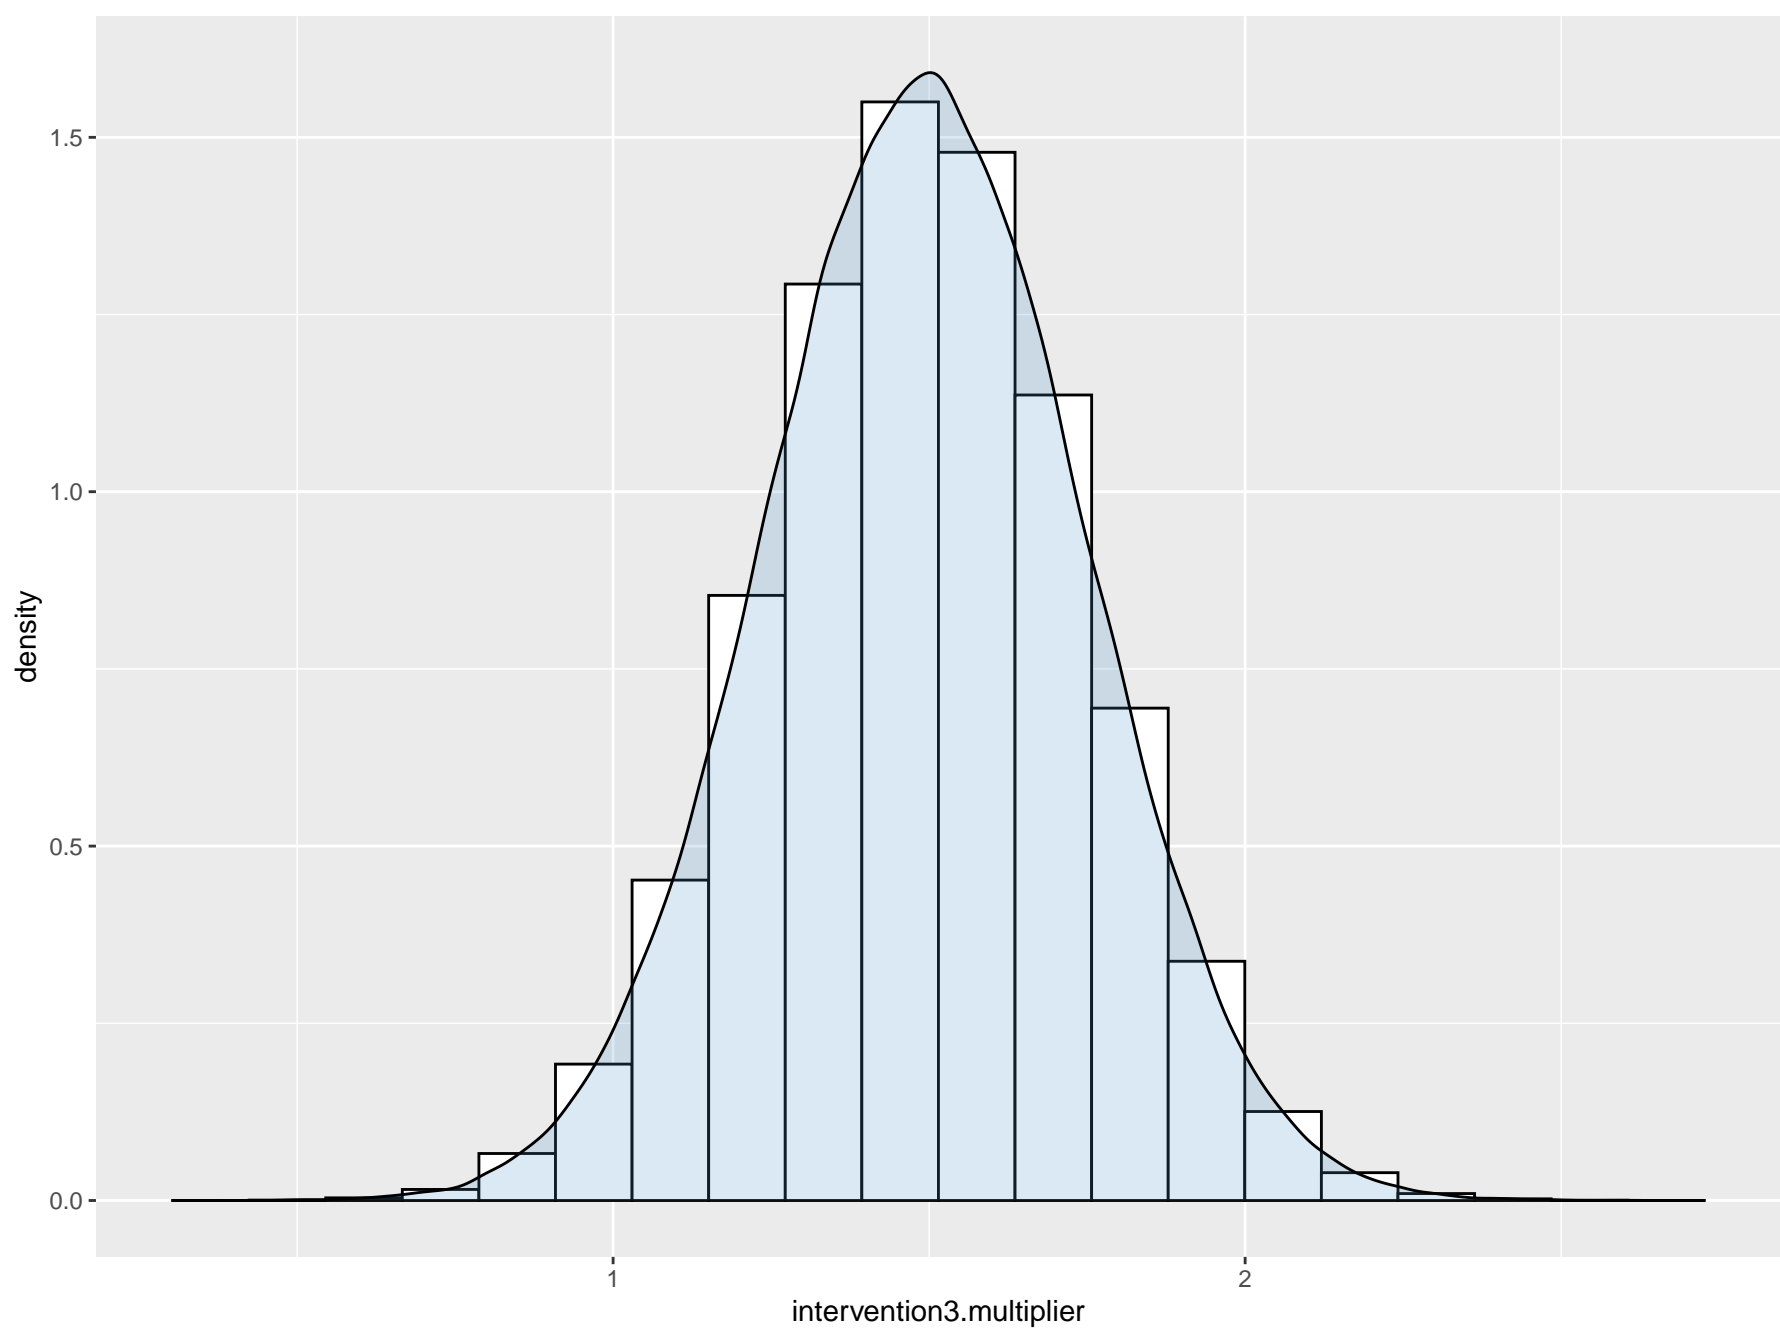

Prior Distribution, niter = 200000

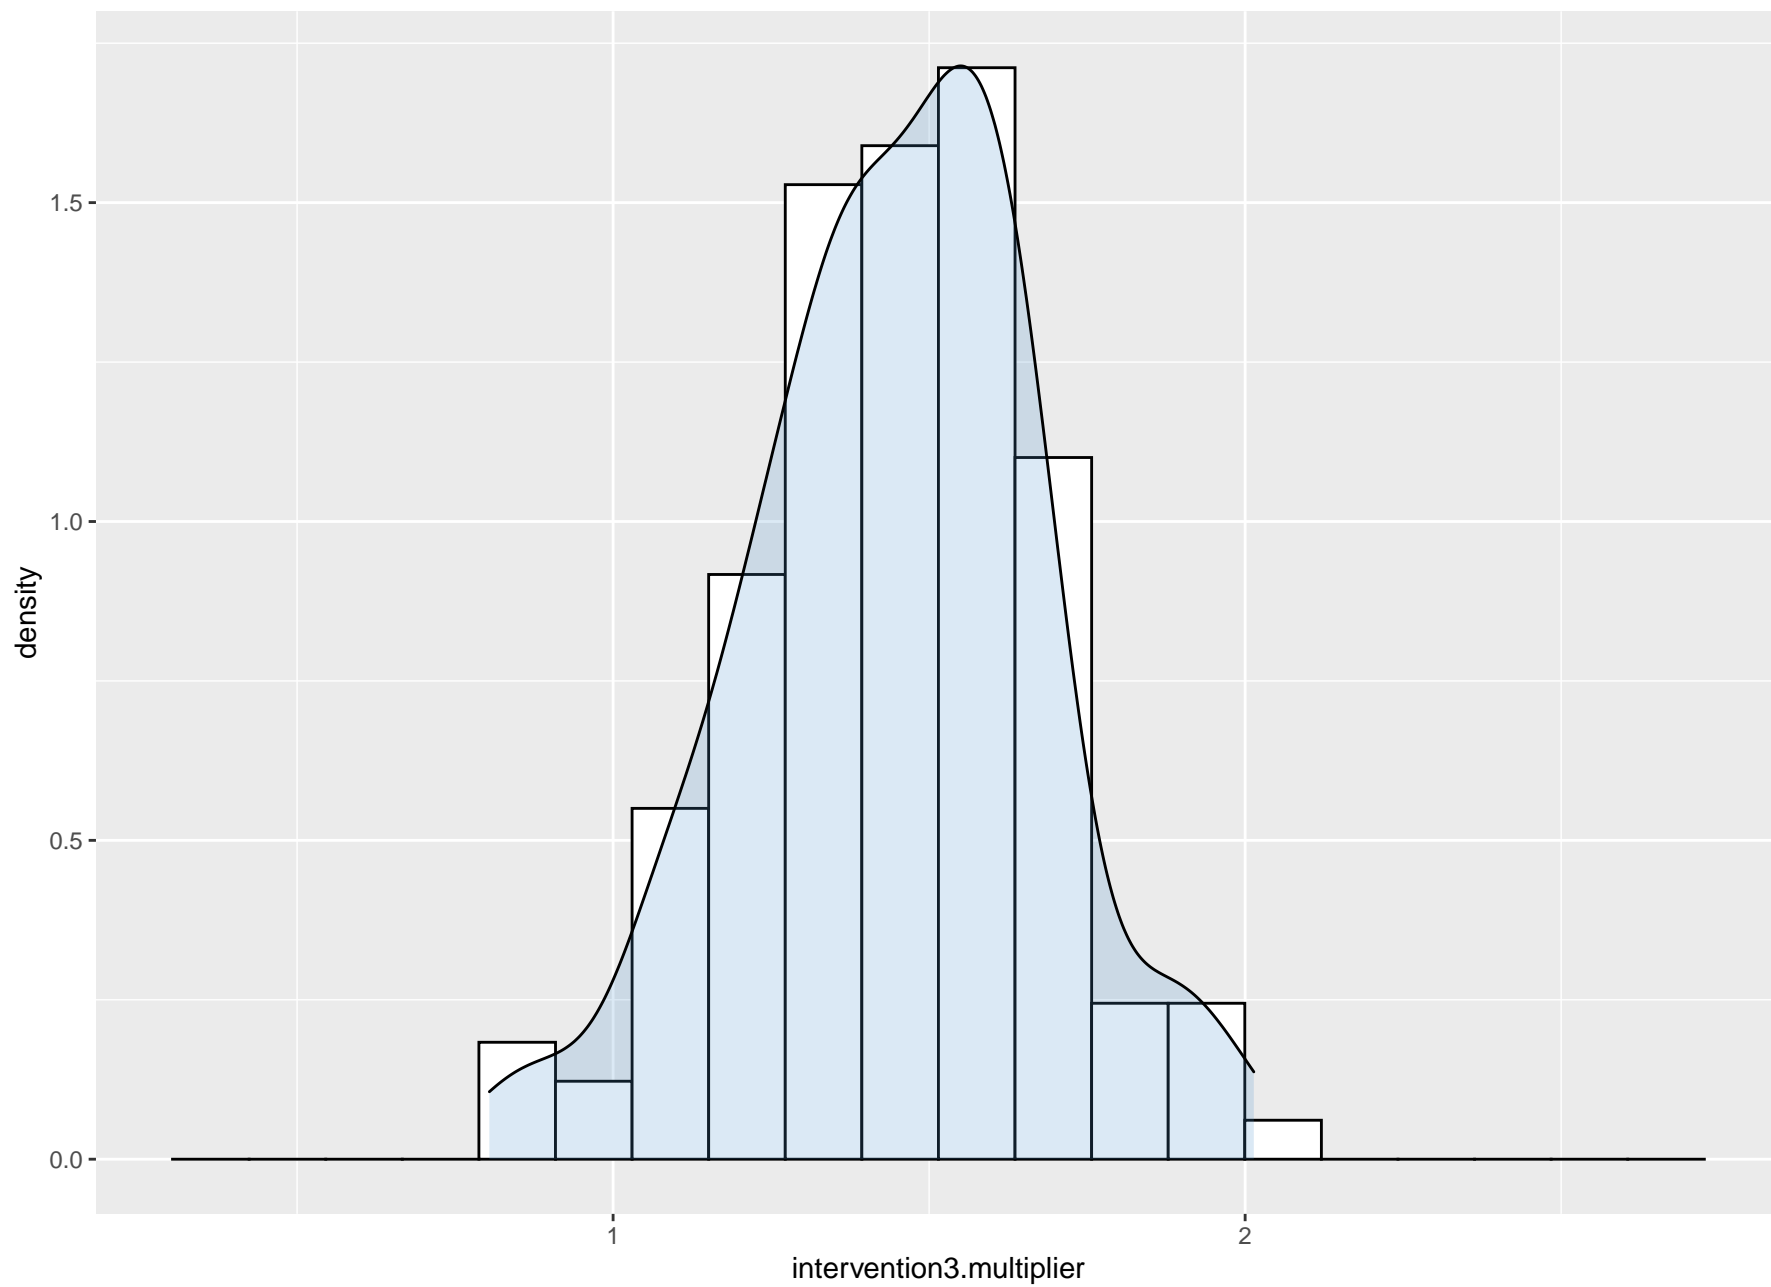

Posterior Distribution, niter = 135
Low number of iterations, use with caution

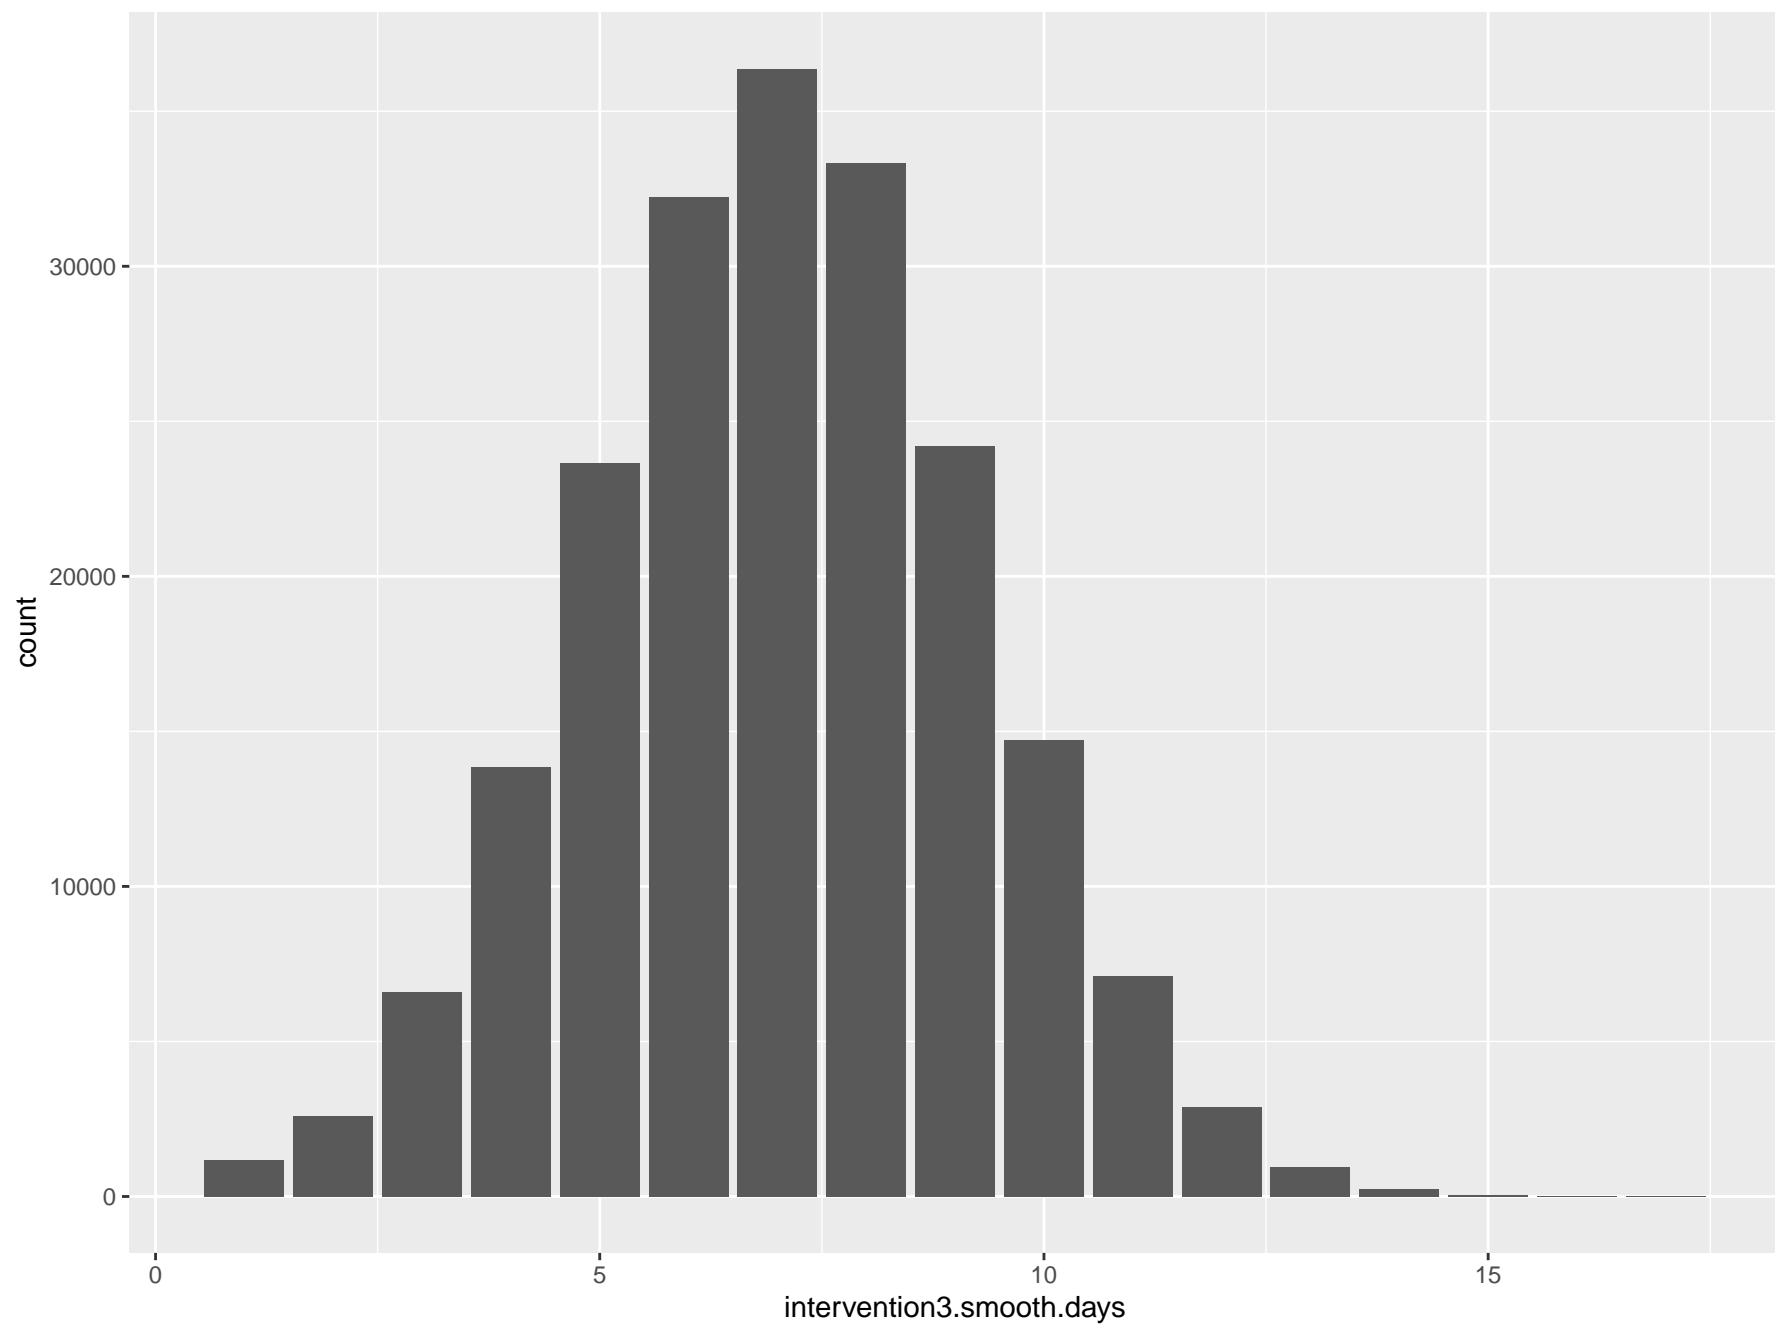

Prior Distribution, niter = 200000

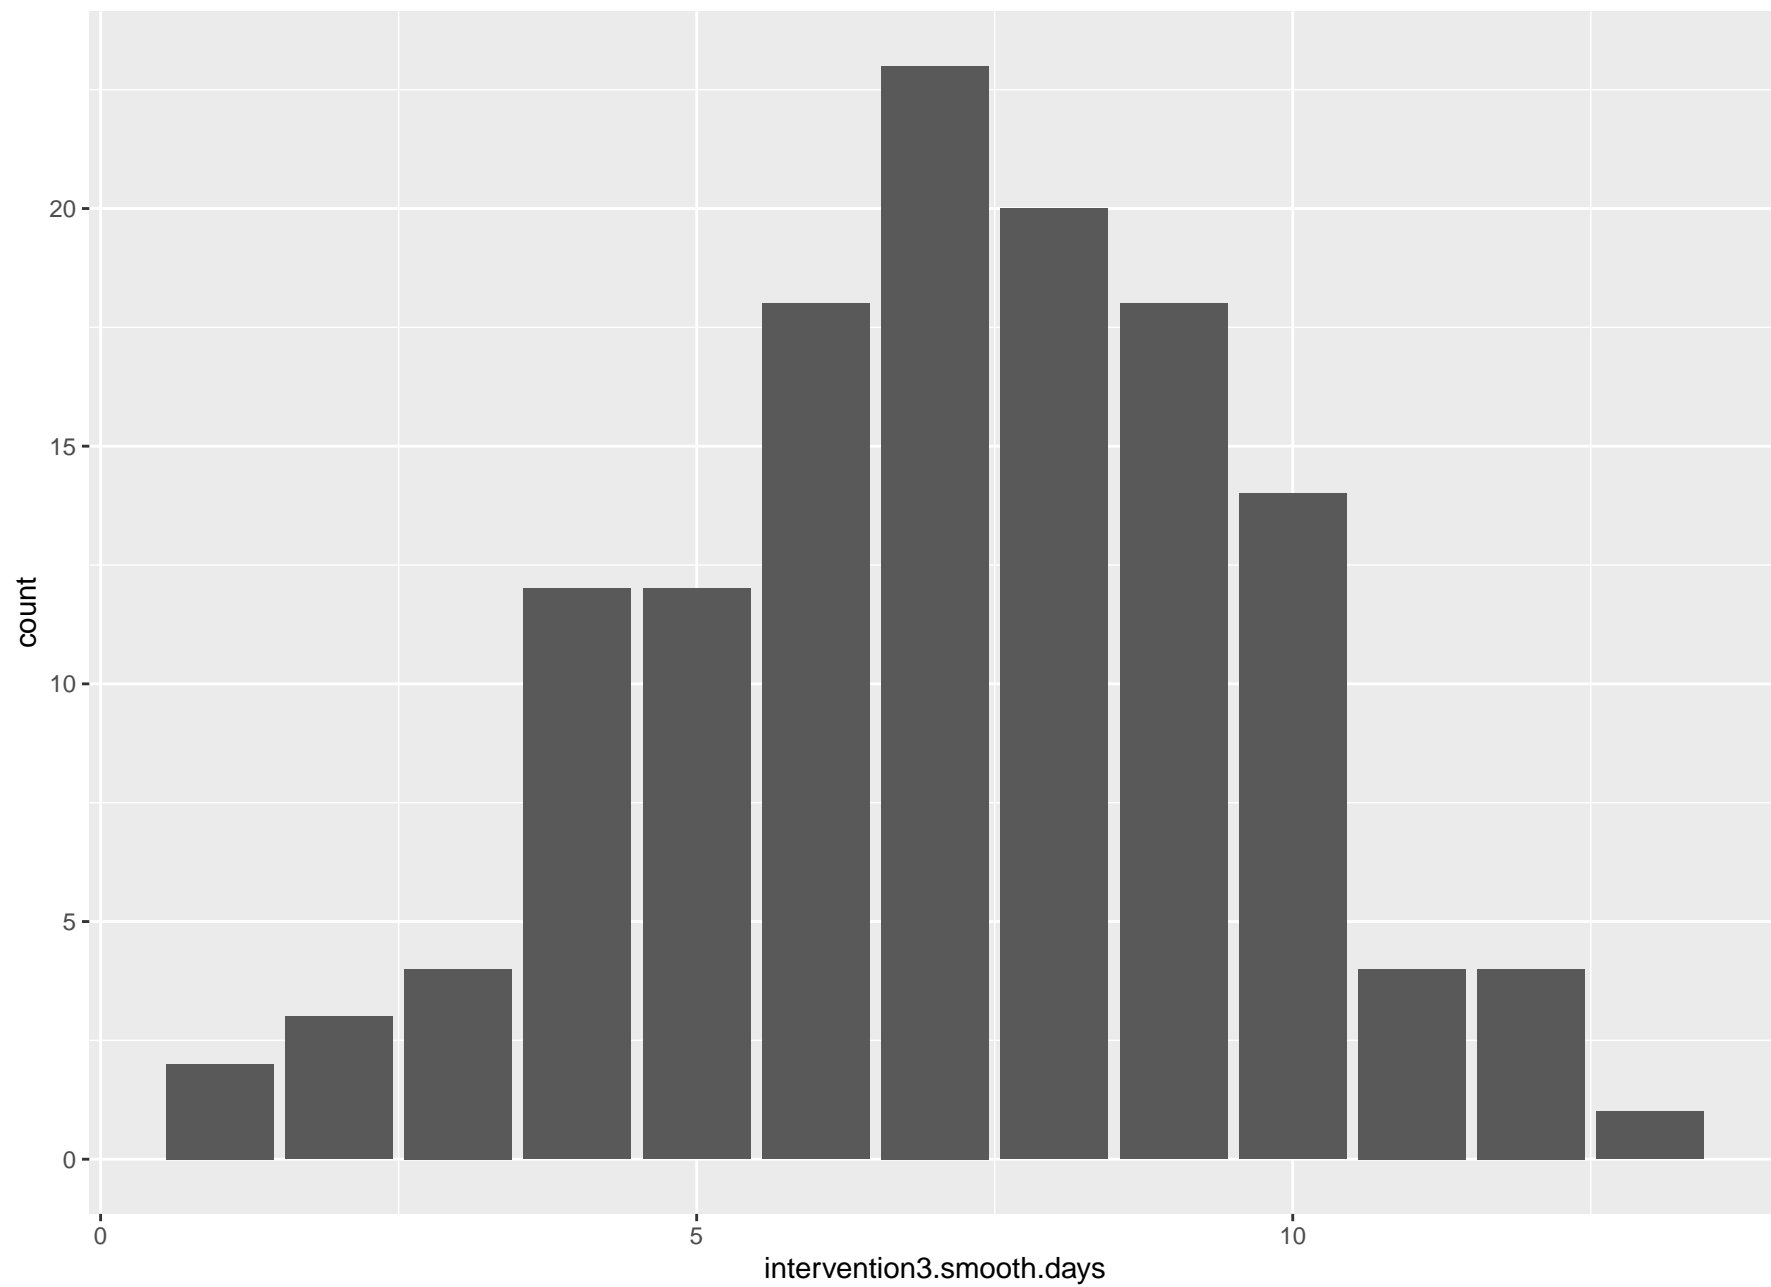

Posterior Distribution, niter = 135
Low number of iterations, use with caution

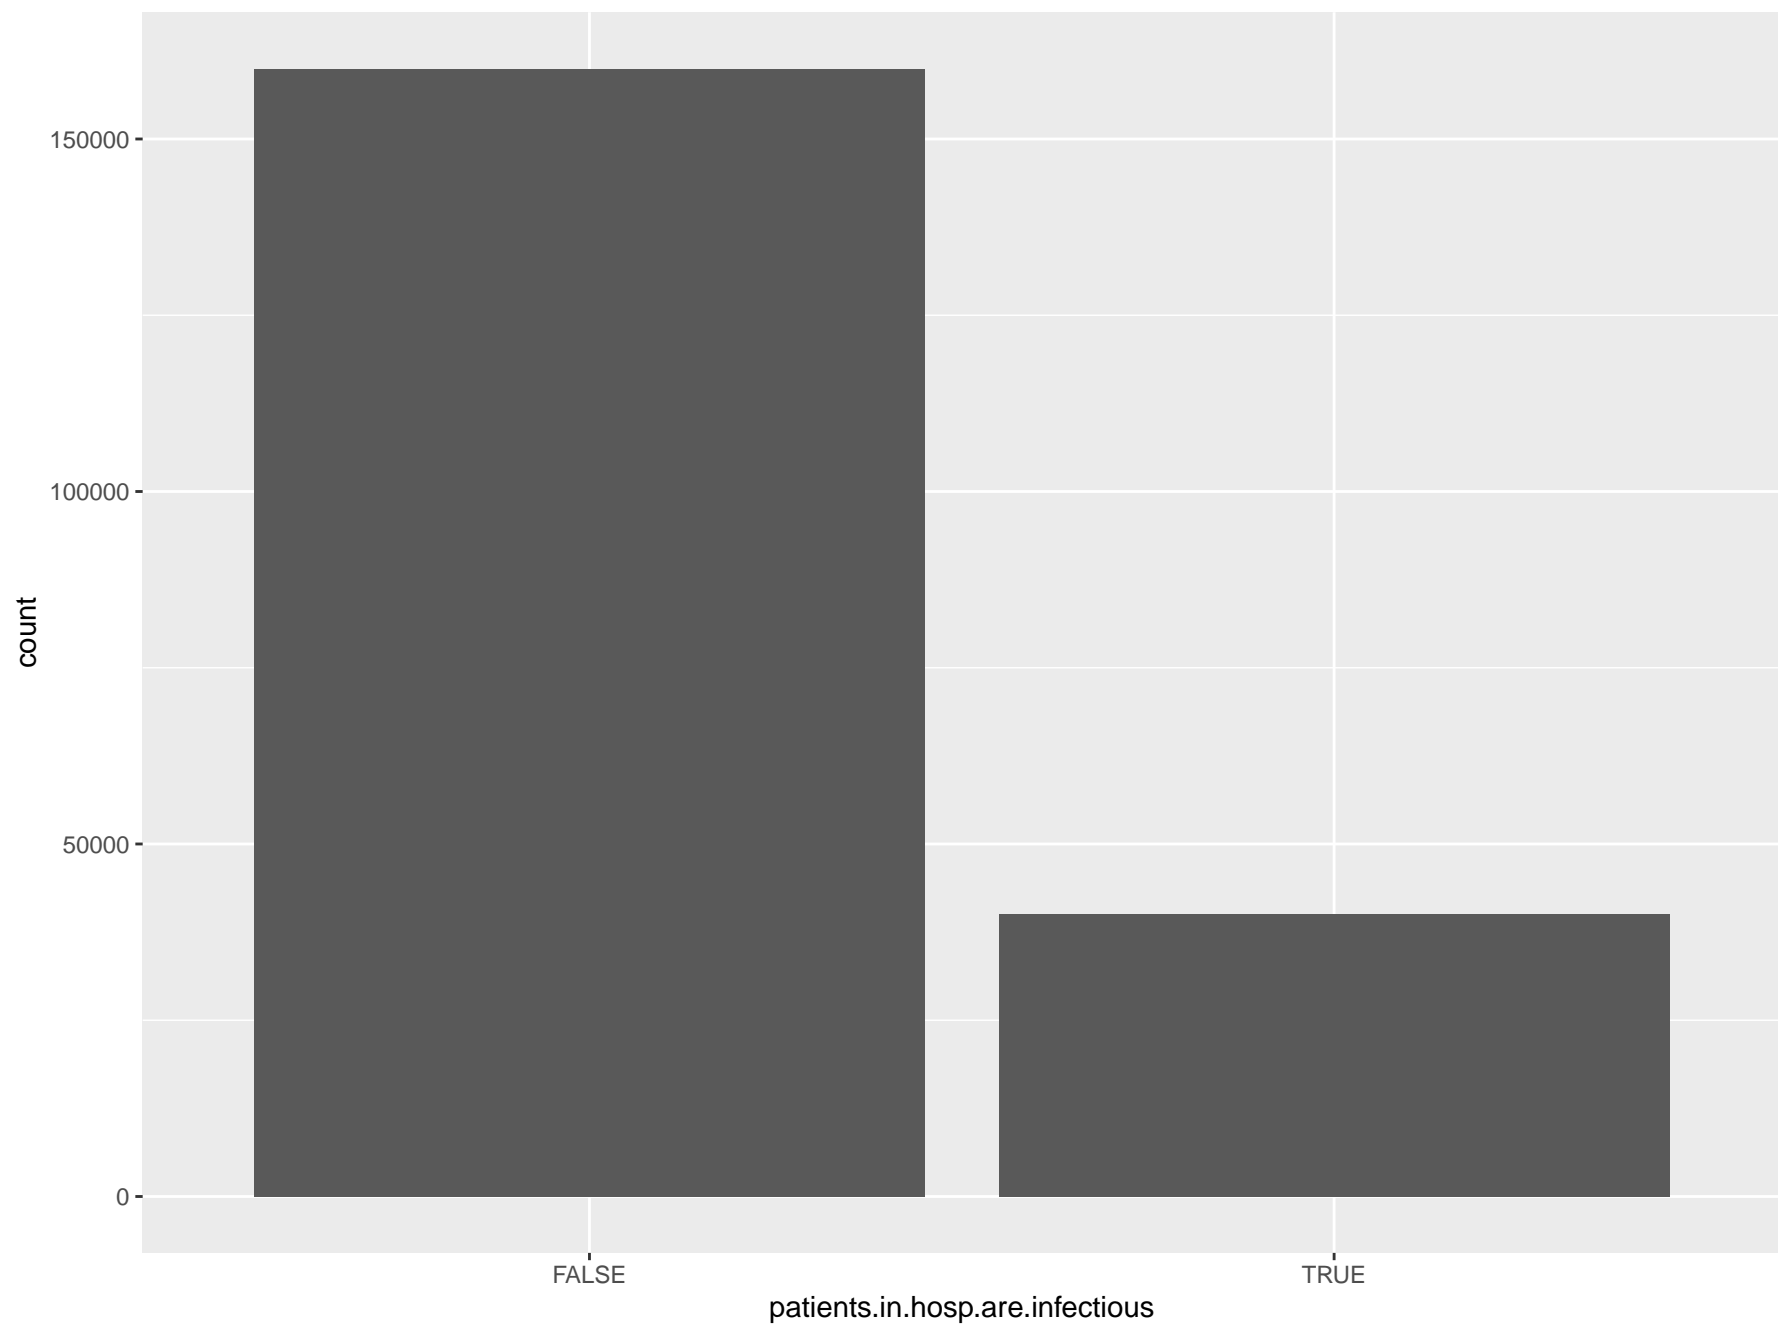

Prior Distribution, niter = 200000

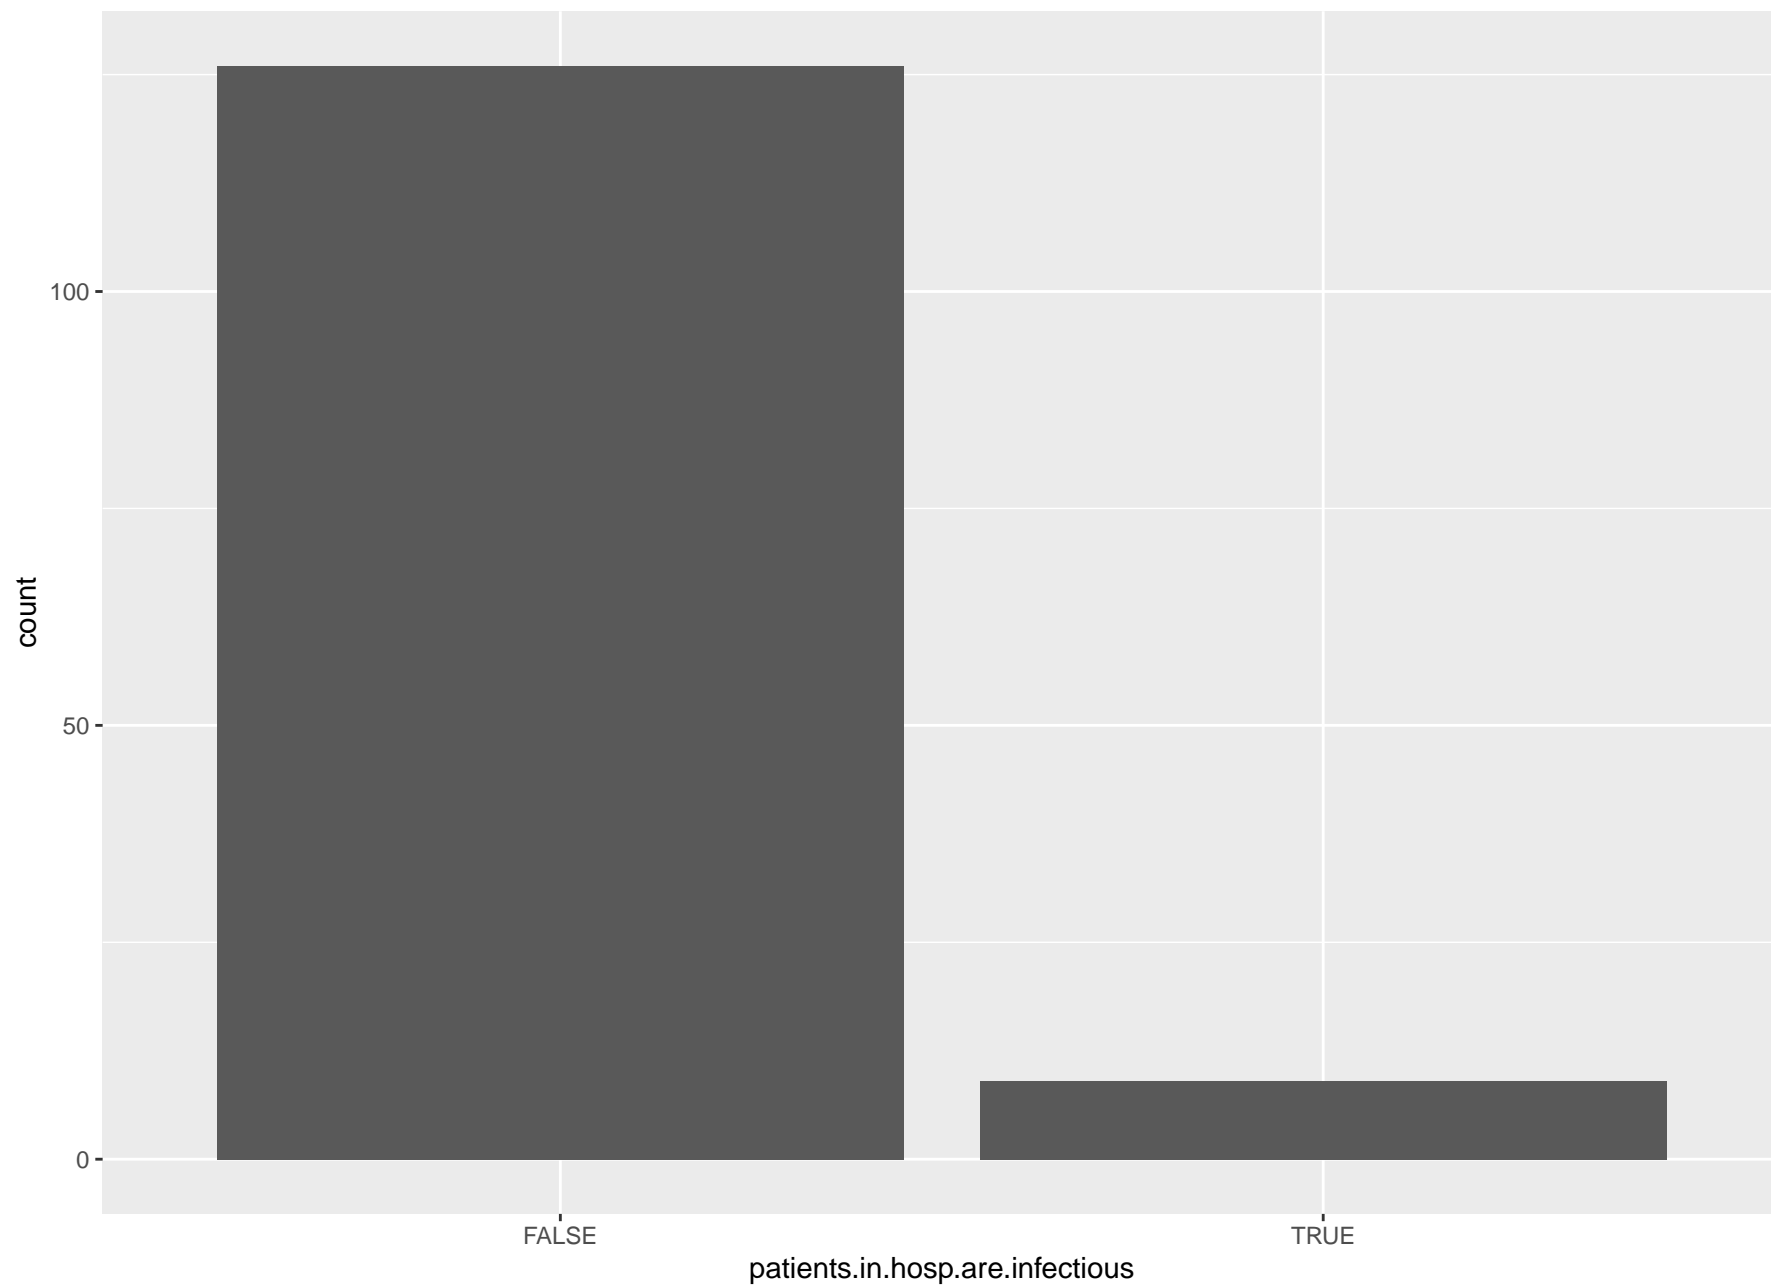

Posterior Distribution, niter = 135
Low number of iterations, use with caution

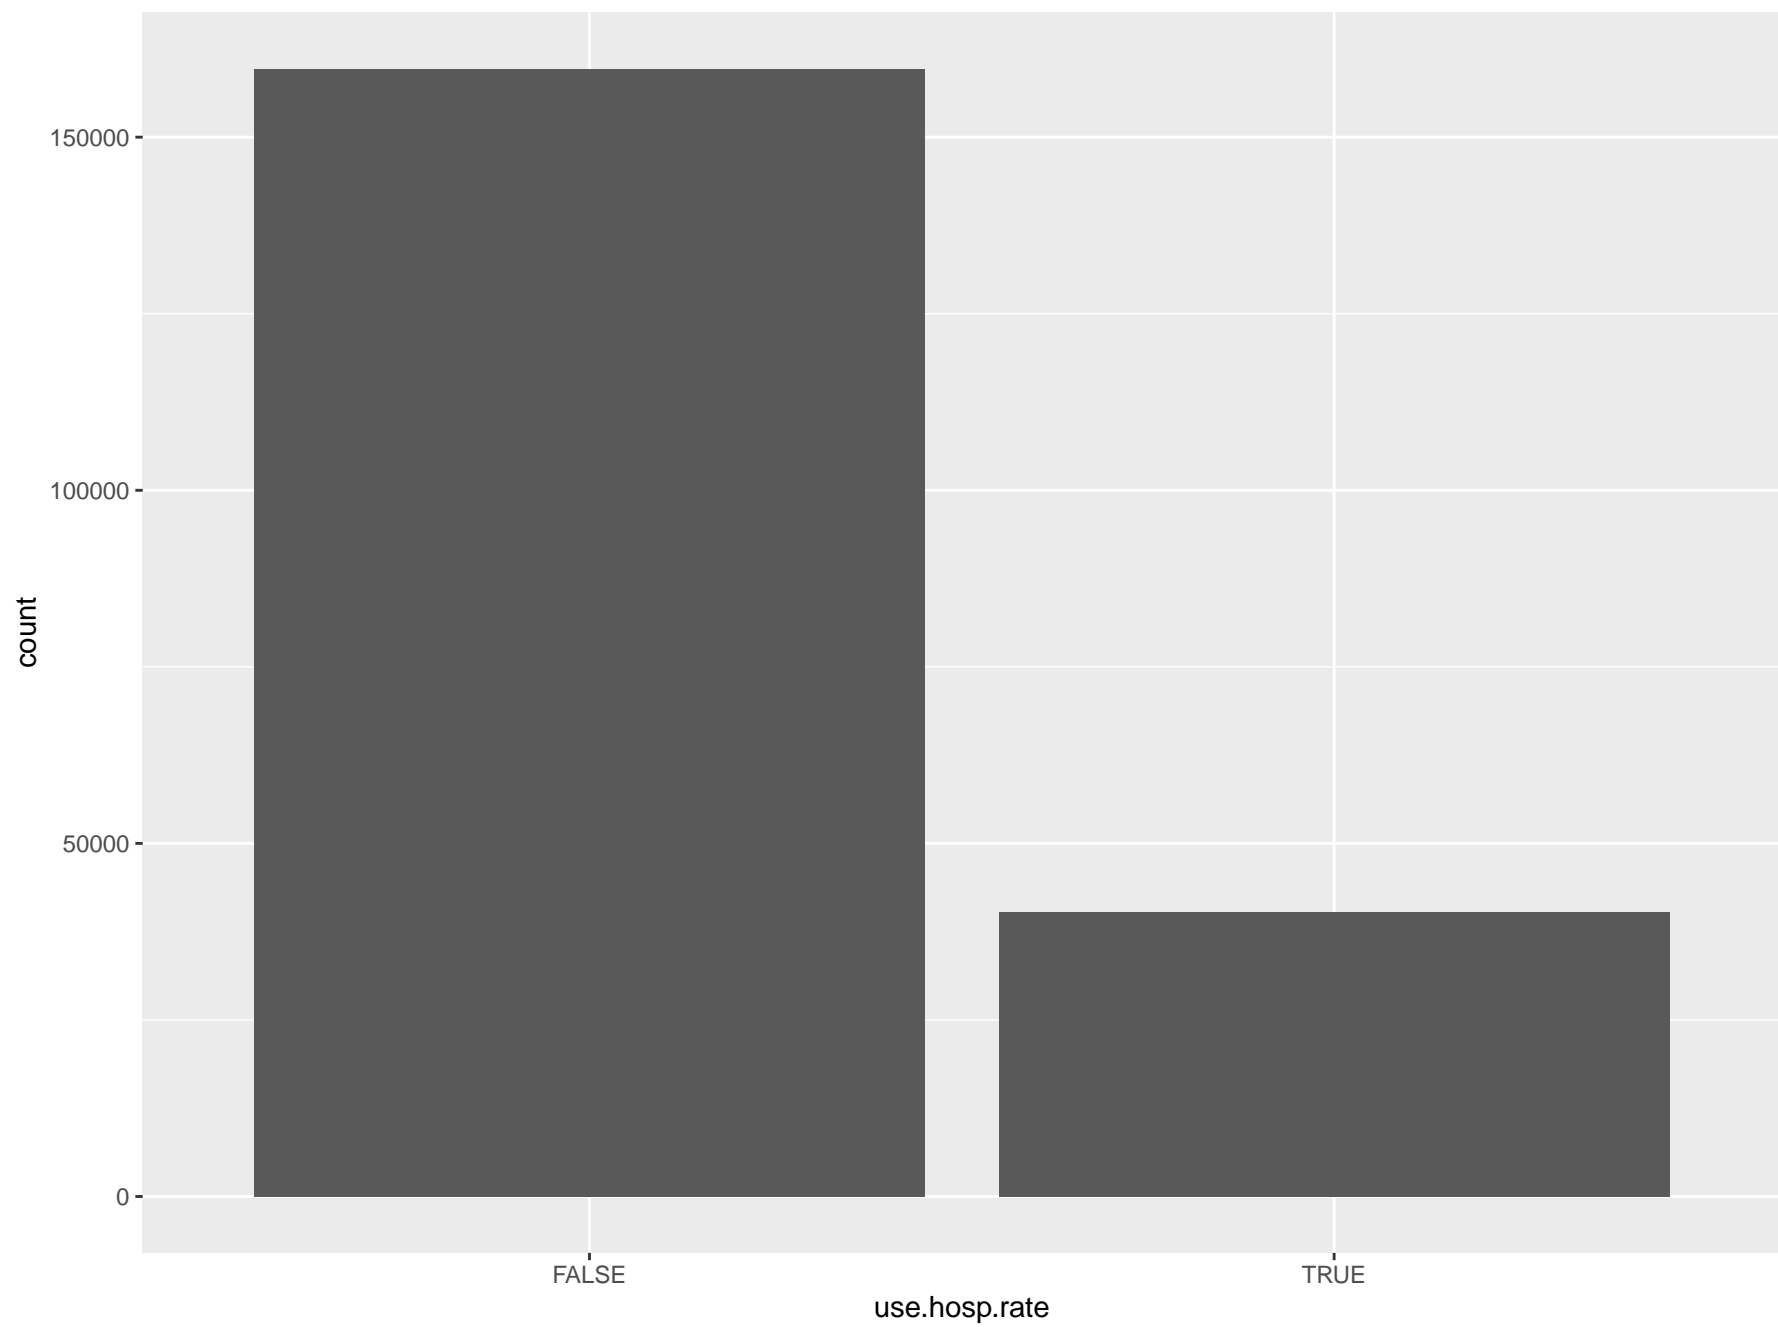

Prior Distribution, niter = 200000

Posterior Distribution, niter = 135
Low number of iterations, use with caution

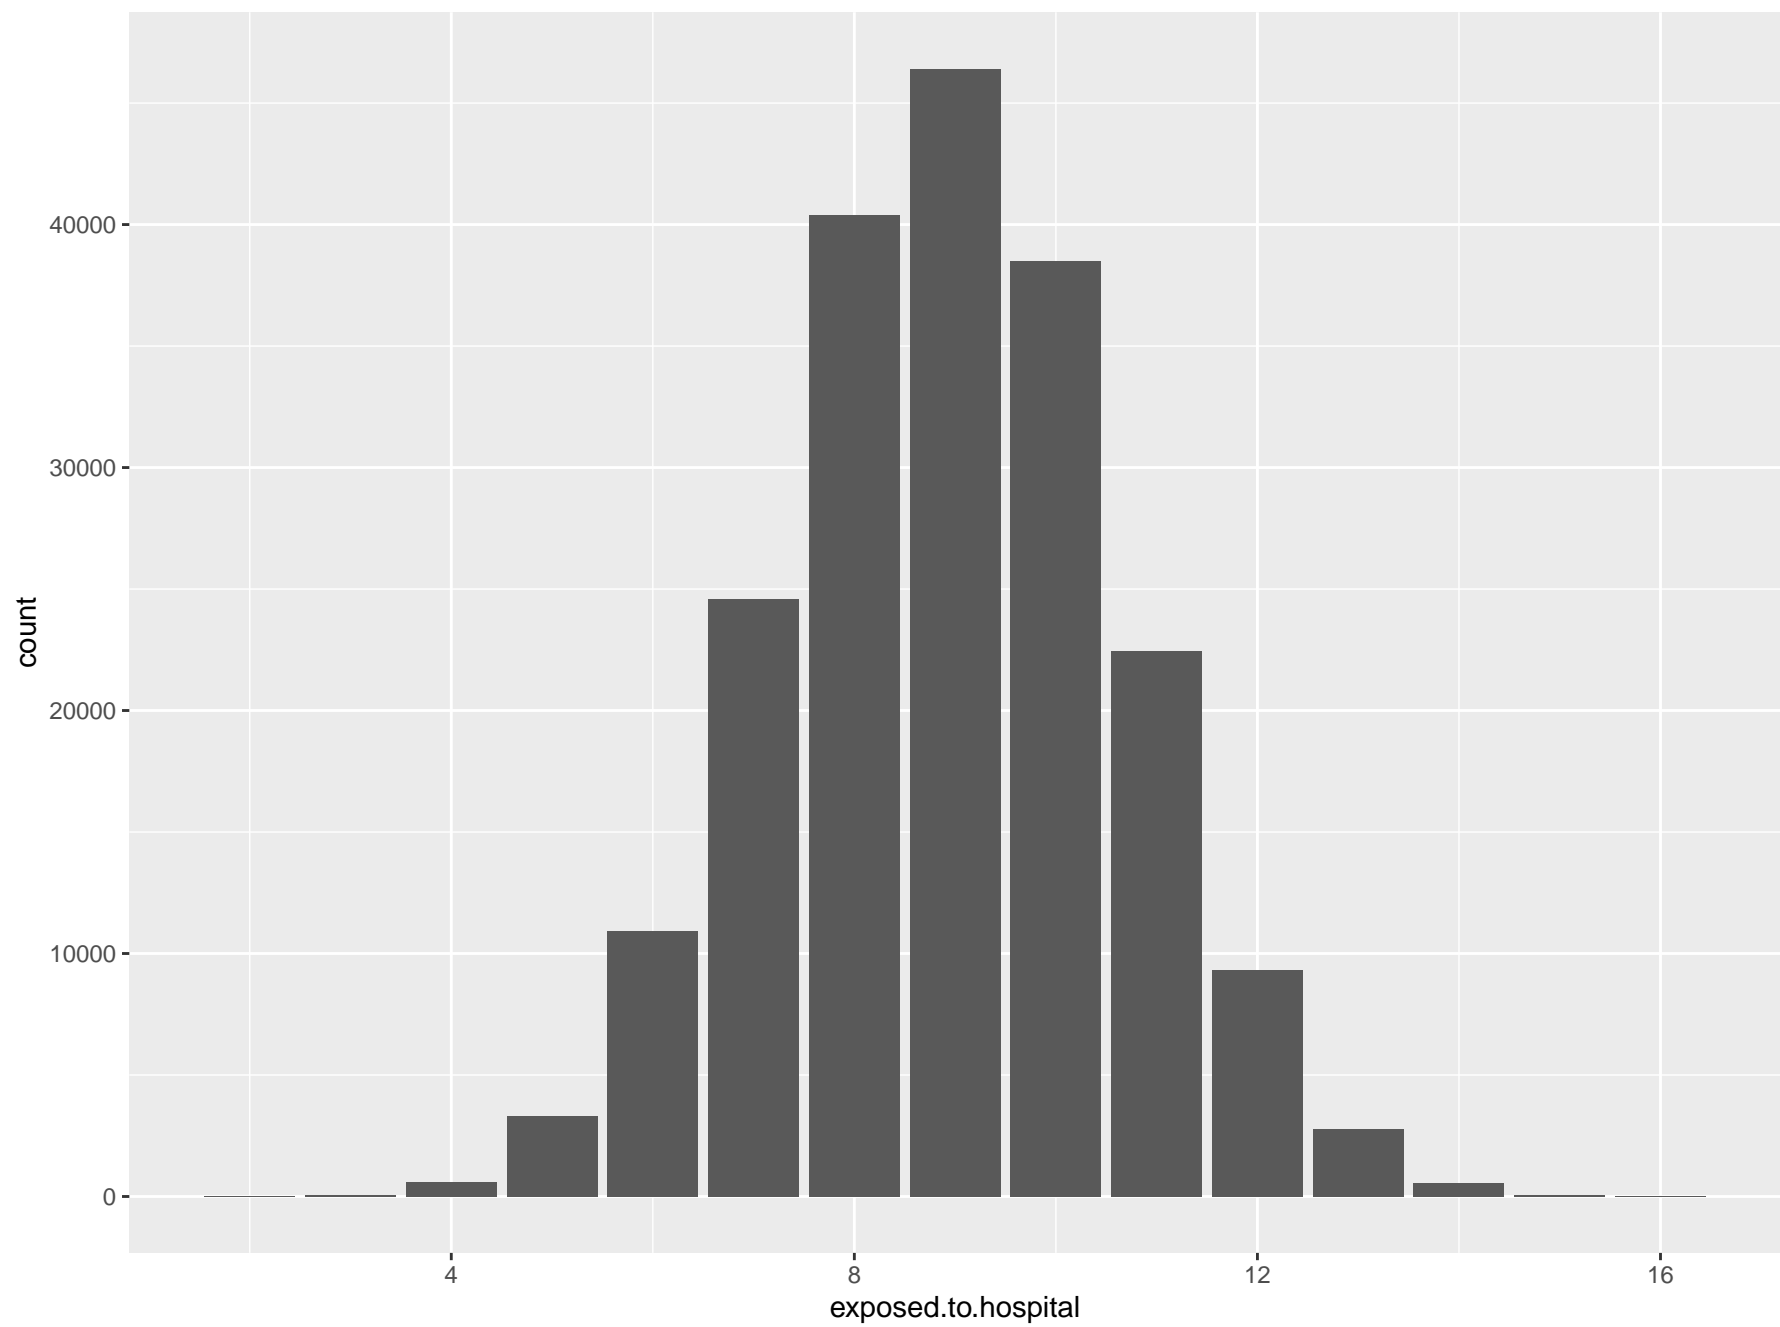

Prior Distribution, niter = 200000

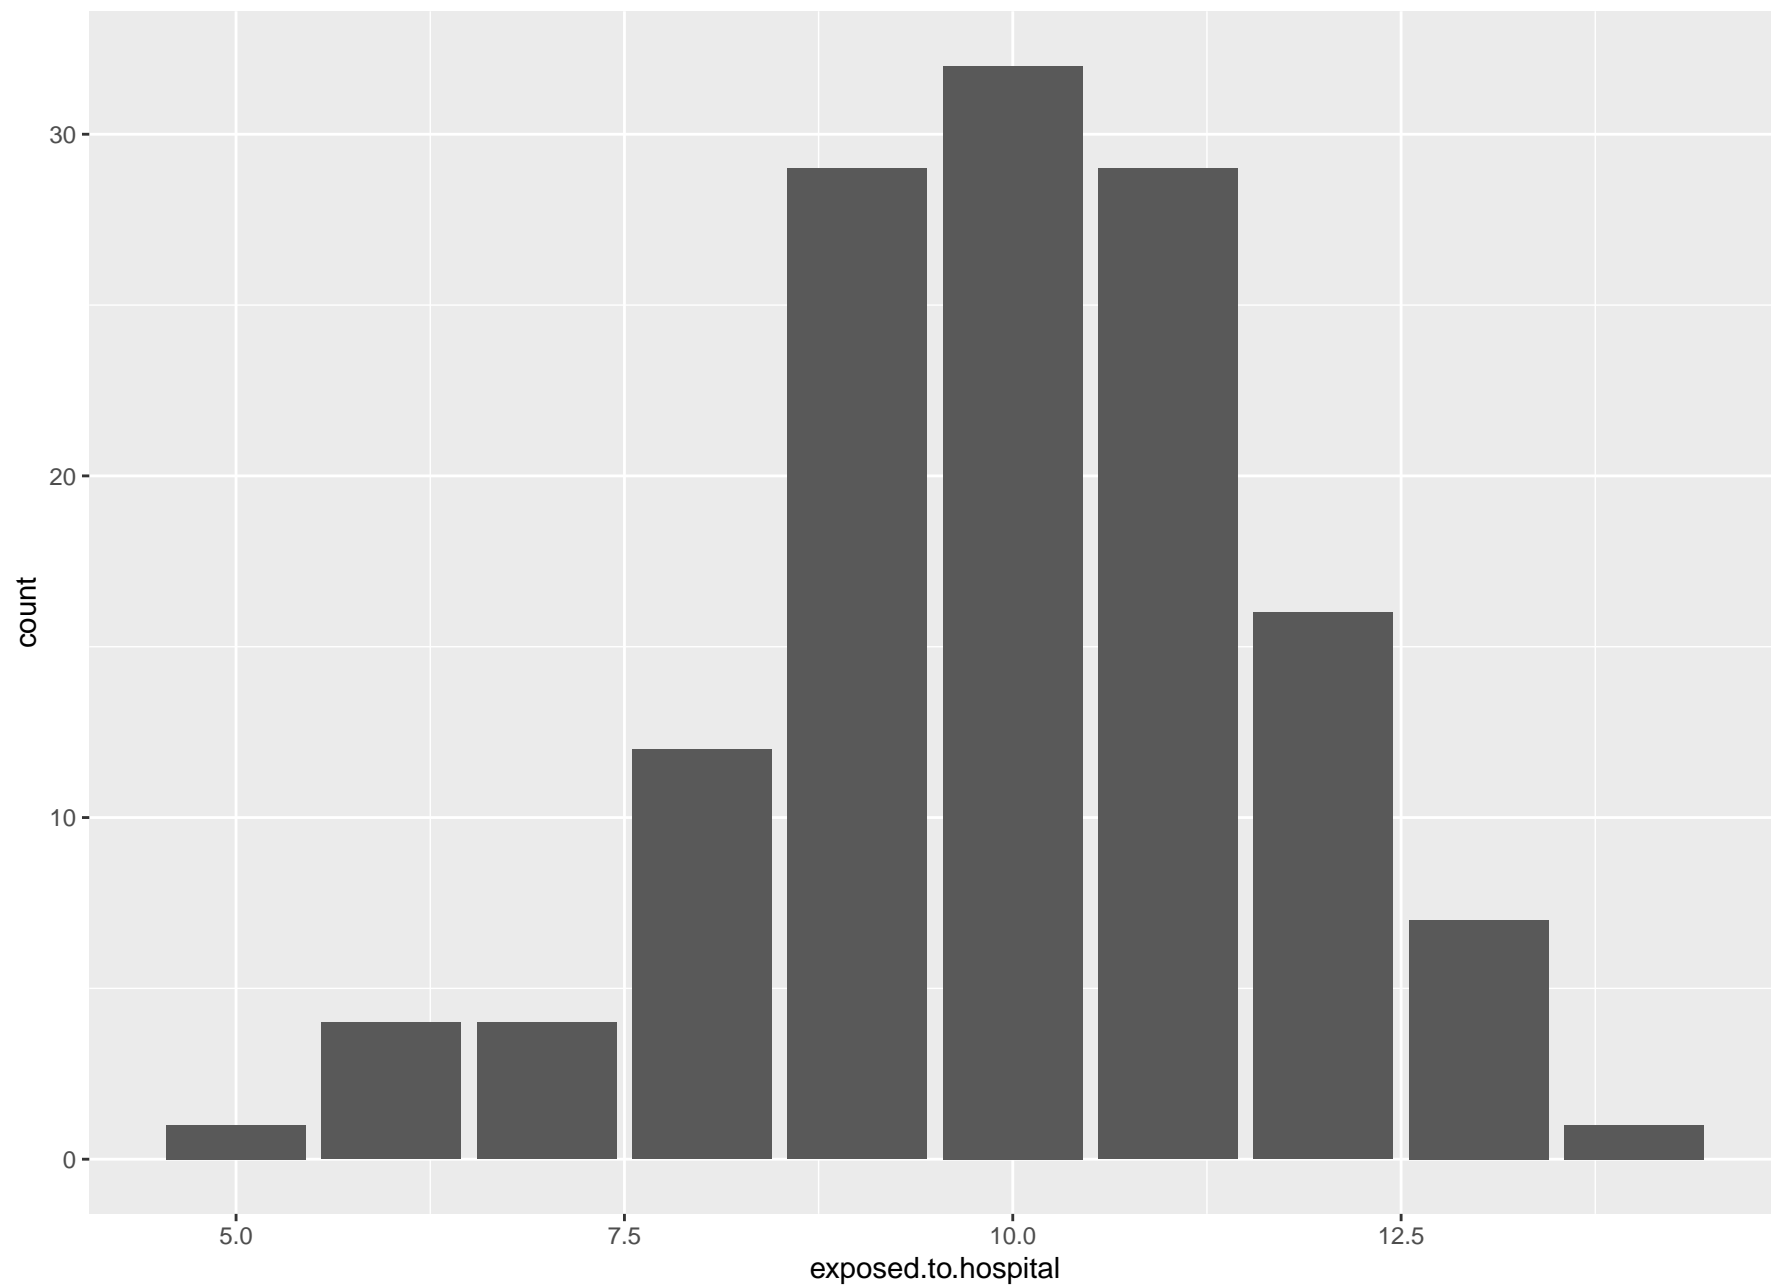

Posterior Distribution, niter = 135
Low number of iterations, use with caution

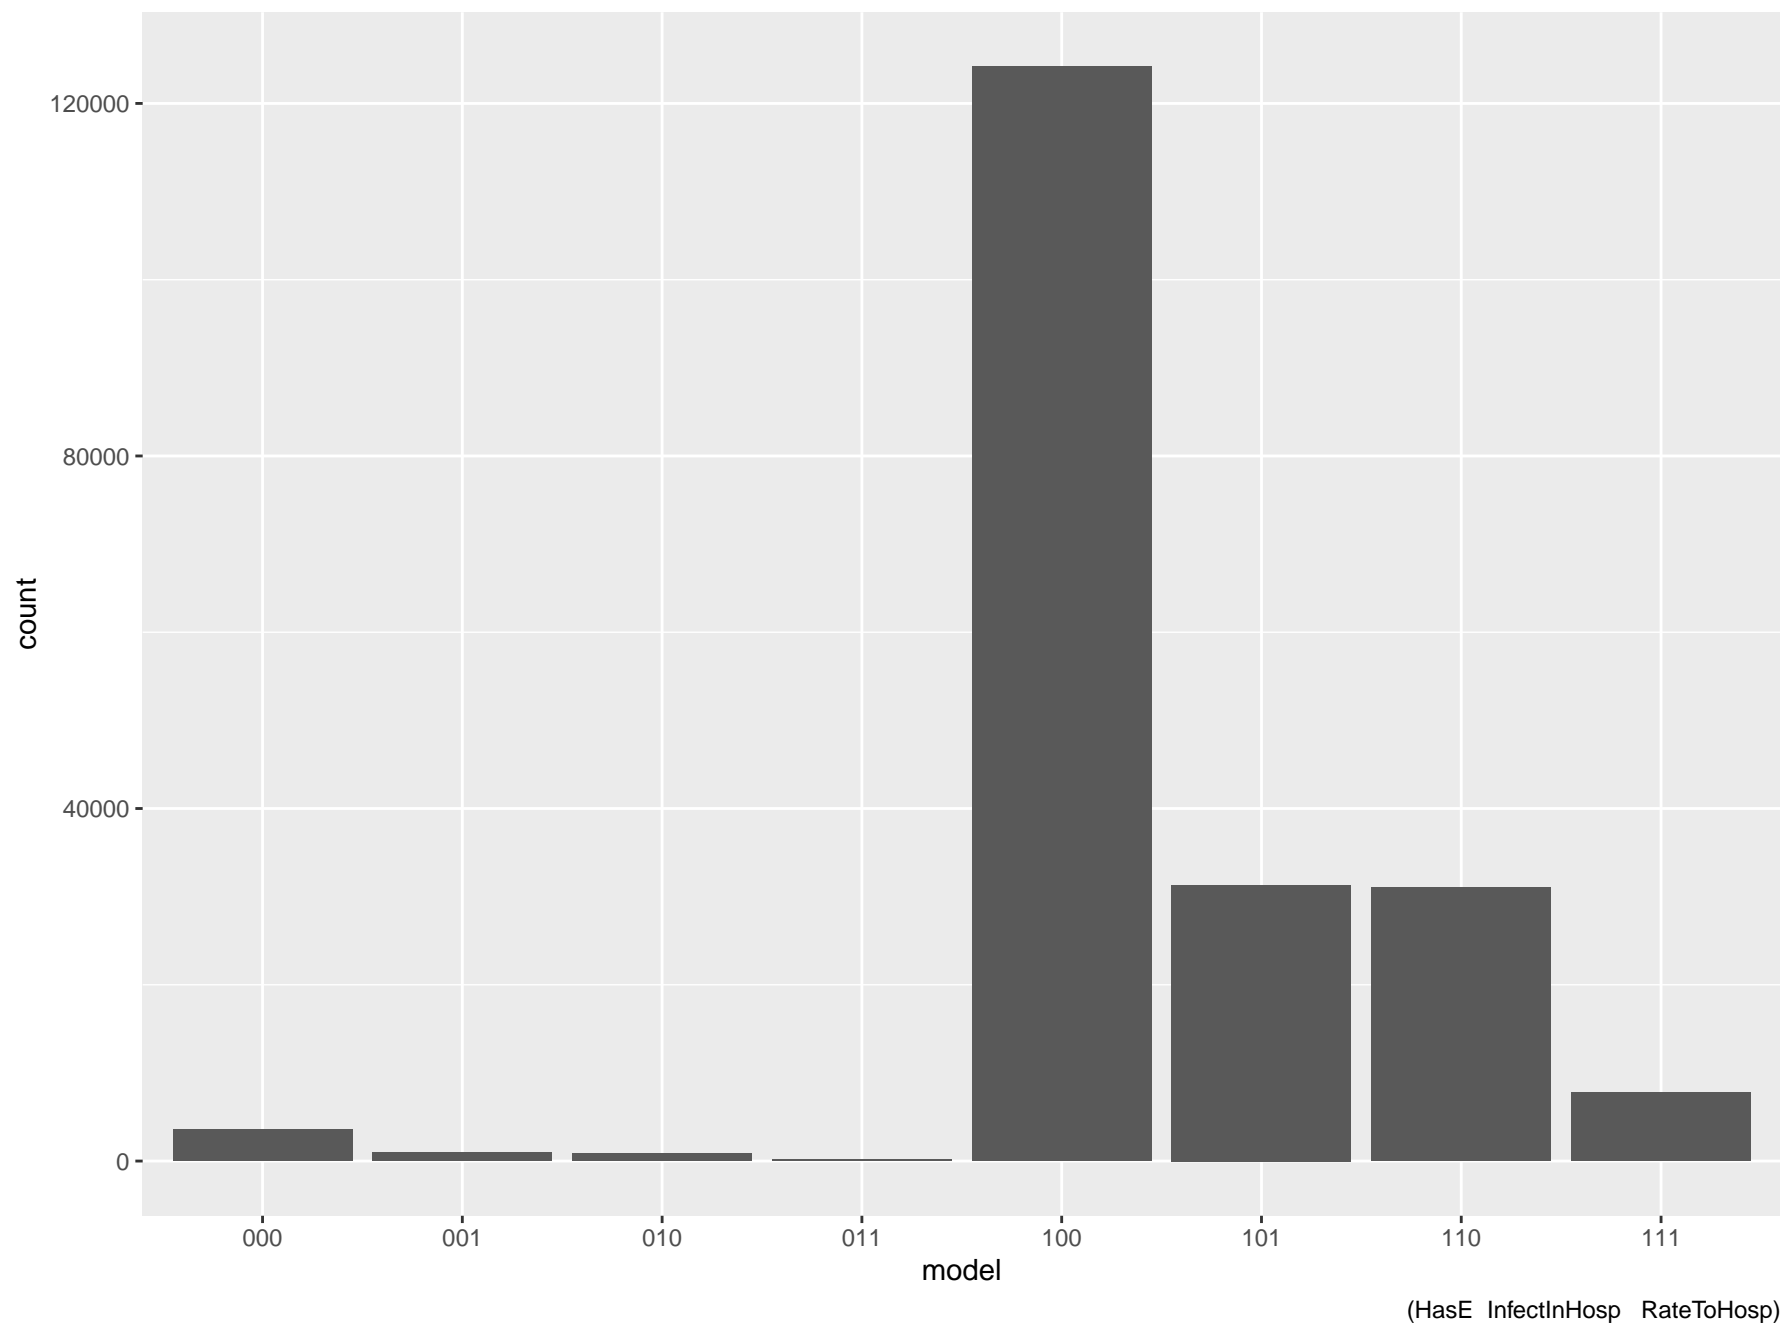

Prior Distribution, niter = 200000

Posterior Distribution, niter = 135
Low number of iterations, use with caution

Prior Distribution, niter = 200000

Posterior Distribution, niter = 135
Low number of iterations, use with caution
